Q16

Please describe your background (education, employment, community and civic activity, labor union affiliation etc.)

Education: Bachelor of Landscape Architecture

Employment: Kate Martin Design, Watermark Bronze Fountains

Civic / Community: Parents for Skateparks, Master Gardener, Greening Greenwood, Pipers Creek Watershed Council, Seattle Pedestrian Master Plan Advisory Board, Seattle Neighborhood Planning Update Committee, Greenwood Community Council, Northwest District Council

Please describe your history of involvement (if any), with particular emphasis on the last five years, in local, regional, and/or state politics.

I ran an initiative in 2016 for an elevated park to replace the Alaskan Way Viaduct

I ran for District 6 City Council in 2019

Q18

Please describe the progress of your campaign and goals. How do you plan to win?

I plan to win with with a pledge to represent all 7 Seattle Districts and their needs, not just special interest groups and by promoting ideas that work. I jumped in late, but am gaining momentum.

Q19

What issues do you think deserve more attention from media or elected officials? How would you seek to remedy that through your campaign or when elected?

More auditing and accountability of program expenditures like homelessness.

Q20

How do you plan to involve all residents and engage all communities in the decision making process? How would you work with people who lack trust in our institutions?

I'm interested in a developing a communications tool where I can read the pulse of constituents that isn't social media. I'm interested in transparent campaign questionnaires.

Q21

COVID has increased existing inequities. How will you use your office to support the most vulnerable? How would you promote an equitable recovery and create opportunity for all?

Q22

If elected, how will you use your position to address racial inequality, and advance an anti-racist agenda? How specifically would you support the Black Lives Matter movement?

School Choice is the most important way we can address racial inequality. The majority of brown and black people support school choice and I will support them in that. I judge people by their character, not their skin color. I don't support "the facts" as laid out by BLM nor am I am Marxist. We cannot judge the past on today's standards.

Page 7: MUNICIPAL CANDIDATES ONLY: Questions for ALL Mayor, City Council, and City Attorney Candidates

Q33

Yes/No Questions for municipal candidates

	Yes / No / Qualified
Do you support maintaining or increasing the minimum wage to reflect the cost of living in your city / jurisdiction?	No
Do you support raising revenue at the city level to expand transit service?	No
Do you support requiring bid requests to include local hiring preference or apprenticeship preference?	Yes
Do you support development impact fees to help pay for schools, roads, and parks, as allowed under the Growth Management Act?	No
Do you support building a municipally owned and operated broadband system in your city?	No
Do you agree that municipal governments should use their borrowing capacity to fund additional units of affordable housing?	No
Do you support requiring police officers in your jurisdiction to wear body cameras?	Yes
Do you support your municipality implementing a "Ban the Box" program as is already in place in Seattle and Spokane?	Yes
Have you made any non-trivial donations to Democratic candidates or Democratic party organizations since January 2016?	No
Have you knowingly made any donations to Republican candidates or Republican party organizations since 2000?	Yes
Do you support reduction of police budgets in favor of social services?	No

Q34

For any yes/no questions you answered "qualified" please explain:

Yes, I think expanding apprenticeships is essential.

Yes, I think body cameras can help both the police and the people they serve.

Yes, I gave King County Republicans \$25 in 2020.

Q35

Our region is growing quickly. How will you ensure that existing residents and newcomers alike have equitable access to affordable housing, public transit, and neighborhood amenities such as parks and schools? How will you protect current residents, and especially our most vulnerable communities, from displacement caused by this growth? How will you provide for and protect those displaced?

I favor inclusionary zoning, no MHA where a fee is paid in lieu.

I favor rezoning SF zones to Sustainable Families and Groups and will encourage more shared housing within that framework.

I favor RADUs (Recovery Accessible Dwelling Units) like Shiny Houses.

Q36

How have you worked to combat climate change? How would you use your elected office to ensure your region drastically lowers net carbon emissions by 2030 and achieves carbon neutrality by 2050?

I favor Modular Nuclear Power Plants and Hydrogen Power for the future.

Q37

What specific actions will you take to address the homelessness crisis in King County, both in the short term and long term? How do you plan to implement these solutions?

I don't favor the County Authority on Homelessness, their Waterfall methods for problem solving nor their complete lack of accountability. I favor SCRUM solutions and have outlined a 4 year plan to address homelessness. I have prototyped solutions that work. I house homeless people at my home and believe in a "buddy system" for helping people recover because I've watched it work. I think the Housing First (homes at \$500,000 each) that never come on line and never address the growing problem is a bad policy.

Q38

"Structural racism is not always caused by racist actors – it is caused by institutional arrangements overlaid on historical policies that continue to perpetuate racialized outcomes." - Stephen Menendian How would you use your position to work to dismantle these arrangements including, but not limited to, exclusionary land use policies?

School Choice is the best solution for the structural racism in the public school system.

As mentioned, I support rezoning SF zones to sustainable families and groups.

Q40

Yes/No Questions for Seattle municipal candidates

	Yes / No / Qualified
Are you participating in the Democracy Voucher program?	Yes
Would you support the placement of Community Health Engagement Locations (CHELs) (sometimes referred to as supervised injection facilities) in your district?	No
Do you support the forced removal of unauthorized homeless encampments ("sweeps") in your district?	No
Would you support the construction of a 10 or more unit permanent supportive housing building on your street?	Yes
Would you support the construction of an affordable housing building on your street?	Yes
Would you support a "congestion price" on downtown drivers in order to relieve traffic congestion and fund public transit improvements?	No
Do you support the installation of more protected bike lanes on arterial streets?	No
Have you made any non-trivial donations to Democratic candidates or Democratic party organizations since January 2016?	No
Have you made any non-trivial donations to Republican candidates or Republican party organizations since January 2016?	No
Do you support reduction of police budgets in favor of social services?	No
Do you support the proposed "Clean Campaigns Act" from 2019?	Yes
Are you supportive of the Law Enforcement Assisted Diversion (LEAD) program?	No
(Question removed)	
Will you commit to ending the ban on apartments and condos on Seattle's residential land, thereby allowing more housing types, such as triplexes, town homes, and small apartment buildings, to be built across the city?	Qualified

Q41

For any yes/no questions you answered "qualified" please explain:

We need a variety of housing types. I think SF zoning needs bigger houses (like mine) where 8 unrelated people can and do live affordably. Town Homes are awful floorplans, so I don't favor them. Triplexes are already legal and I support them i.e. 2 ADUs are allowed on a lot. Unless the new kinds of housing are affordable, I don't support them outright.

Q42

What actions would you take to address homelessness? Please consider addressing land use, revenue, regional collaboration, the role of social services, the role of the police and justice system.

I'd address the HAZ-MAT problem. (Homelessness Autonomous Zones - Mutual Aid/Anarchist Terrorists that use the homeless as human shields to promote their anarchism / communism. Homelessness is a result of childhood trauma and/or mental illness in almost all cases. I support The Buddy System for mentoring, fostering and adopting adults and more mental health facilities and substance use disorder recovery facilities (more 12 beds reimbursed by Medicaid, The Good Ship, and more). In 1963 Washington had over 7000 beds for mentally ill. Now we have just over 1000. I also support healthy brain development of children. I think pediatricians can play a stronger role in making sure kids' brains are developing properly. Seattle should separate itself from Seattle/King County. I support fully funding the police and continuous improvement and innovation of the force. Prevention is the key to the justice system. Once involved, I support recovery and restoration where possible and where not possible, I support protecting the public from offenders.

Q43

Seattleites are divided on how to fund and what to fund within police work and public safety. How would you help bring the community together and adjust the Seattle Police Department (SPD) budget as needed? By approximately what % would you adjust the SPD budget?

I'd increase the police budget to include more officer training in dealing with the mentally ill and addicted.

Q44

How will you prioritize transportation infrastructure for biking, pedestrians, transit, commercial vehicles, and cars? Which do you view as most important to prioritize funds for?

I'll propose finishing the sidewalk network. I studied it in 2009 and will promote it on a matching funds basis. I'll also support stay healthy streets and home zones. I support bikeways. Sidewalks and safe passage by all is my priority.

Q45

Do you support utilizing Seattle's newly granted authority to implement a 1% flat income tax?

No.
