TEMPORARY EXTENDED CLOSURE OF CLARENCE STREET
FOR VIADUCT DEMOLITION

As part of the reconstruction of the Sixth Street Viaduct, an extended full closure of Clarence Street is anticipated for Viaduct demolition and removal of Viaduct materials.

WHAT: Extended Full Closure of Clarence Street for Viaduct Demolition

WHEN: Monday, February 15, 2016 through Friday, March 11, 2016
* Anticipated dates

WORK HOURS: 24-Hour work shifts, Monday through Friday
* Intermittent night work will be required

WHERE: Clarence Street, between Jesse Street and approximately 150 ft. north of the viaduct (see below for map)

WORK DESCRIPTION:

- Construction activities will include:
  - Demolition of existing Viaduct structure
  - Processing and haul-off of demolition debris

- Heavy equipment will be used.

ADVISORIES:

- Local access to businesses and residences will be maintained throughout construction.

THE SIXTH STREET VIADUCT REPLACEMENT PROJECT will replace the existing, 3500-foot long viaduct with a structure that provides safer traffic and goods movement and incorporates exceptional bike and pedestrian access, eight acres of open and recreational space and public art elements. The $449 million project is being led by the Bureau of Engineering and is the largest bridge project in the history of Los Angeles.
