INTERMITTENT NIGHT WORK FOR
STORM DRAIN INSTALLATION NEAR 101 FREEWAY

The City of Los Angeles’ Bureau of Engineering and the Sixth Street Viaduct Replacement Project contractor Skanska Stacy and Witbeck (SSW) will be performing night work near the Southbound 101 Freeway to complete the installation of a new Storm Drain.

WHAT: Intermittent Night Work and Southbound Lane Closure on the 101 Freeway

WHEN: Monday, August 22 through Friday, October 7, 2016
(Intermittent night work and lane closure will occur approximately 2 weeks within this timeframe)

HOURS: 9:00 p.m. to 6:00 a.m. Monday through Friday

WHERE: Sixth Street Viaduct Project site between Clarence Street and the 101 Freeway
(see reverse for map)

TRAFFIC IMPACTS:
- Southbound 101 Freeway lane closure (#3 lane only)
- Clarence Street will be intermittently closed for movement of materials

WORK DESCRIPTION:
- Construction activities will include:
  o Excavation, installation of 45” storm drain, and backfill
- Heavy equipment will be used including: Excavators/backhoes, drilling equipment, front-end loaders, and trucks

ADVISORIES:
- Directional signage will be used to safely direct vehicles and pedestrians around the construction zone
- Please obey all posted construction signs and do not enter the construction work zone
- Access to local businesses and residences will be maintained at all times
