OVERNIGHT WORK REQUIRED FOR VIADUCT DEMOLITION NEXT TO 101 FREEWAY

QUESTIONS OR CONCERNS? Call Project Hotline at 213-400-8398

The City of Los Angeles' Bureau of Engineering and the Sixth Street Viaduct Replacement Project contractor Skanska Stacy and Witbeck (SSW) will be performing overnight work as required by CalTrans to complete the demolition of the Sixth Street Viaduct in close proximity to the 101 Freeway.

WHAT: Overnight Work Next to the 101 Freeway for Viaduct Demolition

WHEN: December 1, 2, and 5, 6, 7, 8 and 9, 2016
(* No work takes place on weekends)

HOURS: 9:00 p.m. to 6:00 a.m., Monday through Friday

WHERE: Sixth Street Viaduct project site, east of the 101 Freeway
(see reverse for map)

TRAFFIC IMPACTS:
• Nighttime lane closure (1 lane) of the northbound 101 Freeway
• Intermittent closures of the NB 101 on ramp at Whittier Boulevard

WORK DESCRIPTION:
• Demolition of existing viaduct structure east of the 101 Freeway
• Heavy equipment will be used including: excavators/backhoes, front-end loaders, trucks, and jackhammers

ADVISORIES:
• Directional signage will be used to safely direct vehicles and pedestrians around the construction zone
• Please obey all posted construction signs and do not enter the construction work zone
Construction is a dynamic process and information is subject to change without notice.
Work activity is subject to weather conditions.
