LANE CLOSURES ON SANTA FE AVENUE FOR UTILITY RELOCATION

As part of the City of Los Angeles’ Bureau of Engineering’s Sixth Street Viaduct Project, the contractor Skanska Stacy and Witbeck (SSW) and its subcontractors will be implementing single lane closures on Santa Fe Avenue to complete the relocation of overhead utilities to underground.

WHAT: Lane Closure on Santa Fe Avenue for Utility Relocation

WHEN: Wednesday, May 30, through Friday, July 13, 2017
* No work will take place on Wednesday, July 4, 2017

HOURS: 9:00 a.m. to 3:30 p.m., Monday through Friday

WHERE: Santa Fe Avenue between Willow Street and Jesse Street
(see below for map)

TRAFFIC IMPACTS

- Santa Fe Avenue will be reduced to one lane (1) of traffic
- Flagger personnel will alternate northbound and southbound directional traffic
- Santa Fe Avenue will remain open to through traffic during this construction activity

WORK DESCRIPTION:

- Sawcutting, excavation, conduit installation, backfill and street restoration
- Heavy equipment will be used including: Excavators/backhoes, jackhammers, front-end loaders, and trucks

ADVISORIES:

- Local access to businesses and residences will be maintained at all times
- Directional signage and/or flagmen will be used to safely direct vehicles and pedestrians around the construction zone
- Please obey all posted construction signs and do not enter the construction work zone
