State total: 931 incidents		469	39,296,476				19,534,393	2.37

This table shows the hate crime data submission rates of the most populated jurisdictions in each state. Depending on the state, information is provided for either the five largest jurisdictions or every jurisdiction representing a population of 100,000 or more. Jurisdictions are arranged in descending order based on overall population. The right-most column shows the average number of hate crime incidents recorded per 100,000 people in 2016. Blank fields indicate no data were submitted to the FBI UCR Program for that quarter.
