***Become an original co-sponsor of the Dream Act today!***

Dear Colleague:

We are gratified and encouraged that so many of our colleagues have recently expressed an interest in working together to fix our nation's broken immigration system. After years of delays and disappointments, this challenge should be our top priority in the 113<sup>th</sup> Congress.

Though many no longer face the threat of deportation, we strongly believe the Dreamers—Americans in every sense except on paper—deserve the chance to earn the rights and responsibilities of U.S. citizenship. With momentum rapidly building behind comprehensive immigration reform, **we plan to reintroduce this landmark legislation on February 27<sup>th</sup>**.

An overwhelming number of original co-sponsors will send the message that Congress is finally serious about helping undocumented young people who love America and want to give back to the only country they have ever known. **Please join us in this important effort by agreeing today to become an original co-sponsor of the Dream Act.** Contact [REDACTED]
