

Introducing Board of Directors Candidate...

Brian McCloskey

From Blackie

What skills, abilities or experience will you bring to the Board?

As a Project Manager with over 40 years experience in the Alberta and International Oil and Gas Industry, I have significant experience in budget , schedule and contract formation and administration. I am a recognized subject matter expert who has conducted in person and online management training for major international companies. I am a skilled and fluent public speaker.

What past accomplishments would you like to share that are relevant for helping our membership understand your value as a Board member?

I was a charter member of the first Youth Justice Committee formed in Calgary in the mid 1990's and served as a tribunal leader at justice hearings for most of a decade. I have served as a Board Chair of one of Calgary's largest mainline churches and have been a volunteer at INN-from the Cold. I have experience both at work and in volunteer roles dealing with the conflicting interests of multiple stakeholders.

What do you hope to accomplish during your term on the Board?

I would like to contribute to the growth of the Alberta Party into a political force in our province, culminating in seeing us form the official government within the next 8 years. I wish to see us develop a fiscally conservative and socially centrist offering to the electorate of Alberta to address the realities of the next two decades as Alberta continues to be a economic leader in Canada.

Give a brief profile of yourself:

Alberta has been my home for over 40 years. I am a semi-retired management professional and professional engineer. I am a committed fiscal conservative and social centrist who wants to see the Albert Party grow and succeed.
