

Introducing Board of Directors Candidate...

# Marshall Suchy

From Red Deer

## **What skills, abilities or experience will you bring to the Board?**

My work experience for a government agency requires me to interact with and analyze policy on a daily basis. I know what effective policy looks like, especially in terms of the changes coming to the agricultural and food processing sectors. My hope is to bring that policy experience to draft exciting and engaging policy that will tell voters that there is a third option. I strongly believe in policies that focus on economic development for all Albertans and our communities. We will not increase our membership without a clear and professionally crafted vision of how our party sees the future of the province.

I am also an effective communicator; someone who can build and utilize effective relationships. I have experience in sales as well as fundraising. I believe that I have the skills and dedication that are needed for the future of the Alberta Party, especially as we update our brand and vision with Barry Morishita at the helm.

## **What past accomplishments would you like to share that are relevant for helping our membership understand your value as a Board member?**

I have sat on multiple executive boards, including for the Alberta Party as the Brooks-Medicine Hat Constituency Association President. I understand the objectives of the party and how they relate to the voting public. I have increased membership of volunteer organizations, as well as raised thousands of dollars in funding for community organizations.

## **What do you hope to accomplish during your term on the Board?**

In a word: growth. We are at a pinnacle moment for the Party and for politics in Alberta. We must capitalize on a weak governing party that lacks leadership, and an opposition that has no common ground for a large portion of the province. My targets, if made a board member, would be to grow membership, fundraising dollars and help develop a great policy platform for the party as a provincial election may be upcoming at any time.

## **Give a brief profile of yourself:**

I am a young, engaged, and driven Albertan, and a fresh face for the party. I represent a part of the Albertan electorate that the party must capture in order to win seats in the next election. Politics is my passion – I am ready to take on a role to bring economic development and prosperity to Alberta.
