

Introducing Board of Directors Candidate...

# Max Christie

From Calgary

## **What skills, abilities or experience will you bring to the Board?**

Aside from the obvious passion for the Alberta Party and strong work ethic that all my fellow candidates share, I will bring a unique perspective to the board by being its youngest member. Having a diversity of experiences on the board is not just the right thing to do politically; it will make our party a more effective and stronger voice for Albertans.

## **What past accomplishments would you like to share that are relevant for helping our membership understand your value as a Board member?**

If you look at my track record, my passion for advocating for the rights of young people did not just start when I joined the Alberta Party. I was the founder of my high school's student council, and I continue to fight for these issues with the University of Ottawa's student union.

## **What do you hope to accomplish during your term on the Board?**

Alberta is the youngest province in the country. Our median age is 37 and two in ten Albertans are younger than 15. Despite this, the UCP has ignored us and the NDP has patronized us. The Alberta Party has a perfect opportunity to be a real voice for Alberta's youth, which is why I will work to create the Alberta Party Youth Wing to represent our younger party members and encourage young Albertans to get involved with us in 2023 and beyond.

## **Give a brief profile of yourself:**

I'm from Calgary, and I'm currently studying philosophy and political science at the University of Ottawa. I've volunteered with the Alberta Party for a little over a year, and I'm excited to see what we will accomplish in 2023!
