

Introducing Board of Directors Candidate...

Tracy Edwards

From Vermilion

What skills, abilities or experience will you bring to the Board?

I have experience serving on many boards as both a director or chair. I currently serve on Energy Safety Canada and Cornerstone Co-op. I have also served on the board of Travel Alberta and chaired Economic Development Lethbridge. As a former college president, I have a pretty broad skill set.

What past accomplishments would you like to share that are relevant for helping our membership understand your value as a Board member?

I have significant experience in leadership, team building, change management, event planning and fundraising.

What do you hope to accomplish during your term on the Board?

I am currently a person without a party as the current alternatives do not resonate with me. I would like to participate in helping to build a successful centrist party that becomes a viable choice for Alberta voters.

Give a brief profile of yourself:

As I mentioned I am a retired college president looking to utilize my skills to help the Alberta Party grow and develop. I have had the opportunity to work in both Canada and the United States in academic leadership. I believe I can make a significant contribution in a number of different areas.
