

Introducing Board of Directors Candidate...

Tyler Key

From Springbrook

What skills, abilities or experience will you bring to the Board?

I hold a Bachelor's Degree in Economics, Political Studies. I have been politically active since the age of 18, dedicating my time and energy to various Federal, and Provincial riding associations over the years in both BC and Alberta.

What past accomplishments would you like to share that are relevant for helping our membership understand your value as a Board member?

I am an overachiever, and have had many successes professionally and politically over the years.

Politically, I have worked on a half dozen successful political campaigns over the past 20 years. I have served on many political boards, started a University political club, assisted and represented Members of Parliament in various capacities, and have personally held municipal office.

What do you hope to accomplish during your term on the Board?

My goal is to inject some energy into the board, with a great sense of urgency. I am a policy-minded individual, who understands political machinery, software, communications, and the value of human contact.

During my term, I would strive to set the systems in place to have a full slate of candidates, fully operational and well-supported riding associations, and support a strong well thought out policy framework to win over the voters of our Province.

Give a brief profile of yourself:

I have the education, experience, and desire to contribute in a meaningful way to build this party into the next Government of Alberta.
