

Introducing Board of Directors Candidate...

AnnLisa Jensen

From Fort McMurray

What skills, abilities or experience will you bring to the Board?

- Decades of experience in government from both an administrative and elected perspective.
- A passion for effective governance, policy, and the development of strong networks.
- Ability to advise on a variety of matters including advancing reconciliation with Indigenous peoples, the environment, community and economic development.
- Commitment to the ongoing development of a strong and effective Board of Directors.

What past accomplishments would you like to share that are relevant for helping our membership understand your value as a Board member?

I have dedicated my career to local government both as an administrator and elected official. I have led, and served on, many different types of appointed and elected boards and committees. Creating and supporting boards with an effective governance model is an area of expertise. I understand current issues and the potential for policy development from a local, Provincial, and Federal level.

What do you hope to accomplish during your term on the Board?

Assist where I can in offering my experience and guidance in the development of a successful board and party, developing a strong governance model and support of an effective policy platform.

Give a brief profile of yourself:

I am an Indigenous woman who has spent the majority of my life in the metro-Edmonton region. Now living in the north, I would bring a strong voice to the positive, forward momentum of the Party, while offering a balanced perspective focused on issues that most affect the lives of people in the province. Moving communities forward in a progressive way is very important to me, as is my life-long commitment to public service.
