

Mr. Duesenberg,

Thank you for what you and Action 4 Liberty patriots are doing to protect the rights and freedoms of Minnesotans. As the conservative grassroots candidate in this race for Governor, I support "The Never Again Pledge" and HF 2204: Unilateral Emergency Powers Repeal Act bill that Representatives Mortensen, Munson, Poston, Miller, and Drzkowski have put forth. My wife Gloria was honored to support this pledge as my witness.

Governor Walz has proven to the citizens of Minnesota that our elected leaders cannot be trusted when given power and control over its people. Governor Walz has taken the people's voice away by acting as a tyrannical king for the last year, and this can never happen again. We must hold our elected officials accountable for their actions, as they are not above the law. I expect to be held accountable for my decisions if I am elected as the next governor of Minnesota. I commit to working for the people of Minnesota and not for my own personal gains like so many candidates and elected leaders do.

My campaign is built on trust, transparency, and integrity. I pledge to the people of Minnesota that I will always protect their God-given rights and their Constitutional rights. A governor shouldn't have the unilateral power to say it's not OK to attend church, but it's ok to pack elbow to elbow at a big box store. A governor should be working for all Minnesotans and not making closed-door deals in the once smoke-filled rooms of the capitol building. When I am elected, I promise to be an ally to our small business owners, those in need, and I will always promote prosperity throughout Minnesota.

Thank you,

Mike Murphy  
Candidate For Governor

# The Never Again Pledge

## To End Emergency Powers

To Minnesota citizens:

I, Mike Murphy, pledge to the citizens of Minnesota:

- That I will not sign any other legislation until the Minnesota Legislature passes the Unilateral Emergency Powers Repeal Act, also known as the 'Never Again' Bill
- I call upon the Minnesota Legislature to refuse to pass a budget until the Peacetime Emergency is terminated and the 'Never Again' Bill is signed into law
- And, if I am elected as Governor, I will never use Emergency Powers to infringe on the rights of Minnesotans, force a universal mandate or shut down businesses in this state
