

The background is a light blue grid pattern. It features several hand-drawn illustrations: a smiling sun in the top left, a book in the upper middle, a pencil and ruler on the right, an apple in the bottom right, and a test tube at the very bottom right. There are also abstract watercolor-style washes in yellow, pink, and blue. The main title is centered on the page.

First Day Of YEAR 11

A decorative blue swirl is located to the left of the equation.
$$a + b = c$$
