

## Imagine... Quality Care

*By: Jamie Harland. May 21, 2018*

G D  
Imagine children learning, through the power of play

G D  
Using their skills and interests, in their own beautiful ways.

G D  
Imagine there's a place where, imagination runs free

G D  
Where loving hands want to help you, be the best you can be

A G D  
Imagine children everywhere, enjoying quality care.

G D  
Imagine there's no wait lists, and more affordable fees

G D  
Imagine caring programs, able to meet your needs

A G D  
Imagine families everywhere, enjoying quality care

I hope that one day we'll see,

E  
How bright our future could be

E  
If all of us everywhere,

E  
Enjoy quality care.

A E  
Imagine there's a paycheck, that reflects the work that we do

A E  
Imagine time for planning, and collaboration too

A E  
We hold the hands of tomorrow, we spark curiosity

A E  
We help our children to grow wings, and live in harmony

A G D  
Imagine ECEs everywhere, enjoying quality care.

G D  
Imagine... quality care

G D  
We need quality care

G D  
It's time for quality care.
