## Beat Back Corporate Greed - No Fast Track

Hello AFA Members!

It's #RingYourRep Wednesdays...We Need Everyone Calling to Stop Fast Track.

There are powerful forces with billions of dollars backing Fast Track authority for negotiating secret trade deals. We can fight back with people power - and that means that we need YOU!

We wouldn't ratify a contract without reading it; Congress shouldn't pass a bill without reading it either, but that's what Fast Track authority is. If Fast Track passes, Congress won't be able to amend, let alone review, any trade deals moving forward.

We haven't fast tracked anything in this country that represents democracy and fair trade; we stand against fast tracking deals that could take away U.S. jobs, undermine our labor standards, and diminish the U.S. aviation system. This is our chance to stand up and voice our concerns, our chance to protect our jobs, and our chance to demand democracy.

As our push to stop Fast Track continues, the opposition is gearing up with proposed legislation -- we must act now. We must tell Congress to stop Fast Track authority.

Call this number today **1-888-966-9836** and tell your member of Congress to vote NO to Fast Track.
