2. The Union and the Company hereby adopt this collective bargaining agreement (including all related letters of agreement between the Company and the Union). All such agreements are collectively referred to herein as the "Agreement."

3. The Company will not furlough any Flight Attendant on the Piedmont Airlines Flight Attendant System Seniority List as of December 31, 2002 as a result of a merger or consolidation with another airline, or as a result of the sale or transfer of aircraft or revenue operations to another airline.
4. The Company shall not create or acquire an "alter ego" to avoid the terms and conditions of the Agreement.
5. The Company may enter into aircraft interchange agreements with other carriers if such interchange agreements do not result in the furlough of any of the Company Flight Attendants.

D. Remedies

1. Flight Attendants will be paid an hourly flight pay pursuant to the chart above. Flight pay time will be calculated on the basis of the actual or scheduled block to block time by flight segment for all flying, whichever is greater.
2. Minutes added to scheduled block times to compensate for busing operations at DCA and any other airports will not be considered part of scheduled block times.

B. Monthly Guarantee

1. A Flight Attendant holding a regular or build-up line for a month will be guaranteed a minimum of seventy-two (72) hours of flight pay at her/his applicable hourly rate. When a Flight Attendant is not available for flight duty for an entire month, the monthly guarantee will be prorated. For purposes of

prorating the guarantee, a Flight Attendant who is in training, or on sick leave, military leave (i.e. weekend drill), bereavement leave or vacation is not considered unavailable and will not have her/his guarantee prorated.

2. A Flight Attendant holding a pure reserve line for a month will be guaranteed seventy-five (75) hours at her/his applicable hourly rate. When a Flight Attendant is not available for flight duty for an entire month, the monthly guarantee will be prorated. For the purposes of prorating the guarantee a Flight Attendant who is in training, or on sick leave, military leave (i.e. weekend drill), bereavement leave or vacation is not considered unavailable and will not have her/his guarantee prorated.
3. Except as otherwise provided, a Flight Attendant who is unavailable for part of a month will have her/his guarantee prorated. A flight attendant will be paid for each day of availability (including days off) using the following calculation: 72 hours multiplied by 12 months then divided by 365 days (2.37 hours per day).

C. Daily Guarantee

1. A Flight Attendant assigned flight duty, including airport standby, will receive a minimum of four (4.0) hours of flight pay credit times the number of days of the assignment (e.g., a two day trip with 4.0 hours on the first day and 3.0 hours on the second day will have a minimum value of 8.0 hours).

The Modified Minimum Day provision shall not apply if the Flight Attendant voluntarily drops any portion of her/his trip pairing. Modified Minimum Day will consider all flying, scheduled or unscheduled (ferry, reposition), etc.

Example: A Flight Attendant has a two day trip. The first day is scheduled for 3.2 hours and the second day is scheduled for 6.0. The Flight Attendant will be credited with a minimum of 9.2 hours for the trip (the modified minimum is 8 hours, but the scheduled credit time is higher than the modified minimum).

A Flight Attendant has a two day trip. The first day is scheduled for 4.0 hours and the second day is scheduled for 3.0 hours. She/he would be credited with a minimum of 8.0 (the modified minimum day) hours because without the modified minimum day, the trip would only be worth 7.0 hours.

A Flight Attendant has a three day trip. The first day is scheduled for 3.0, the second is scheduled for 2.0 and the third is scheduled for 6.0. During the crew, day two's credit changes from 2.0 to 7.5. The modified minimum for this trip is 12.0 hours (4.0 x 3 days). However, the flight attendant will be credited with the actual 16.5 hours (3.0 + 7.5 + 6.0).

2. A Flight Attendant who picks up a reserve day or is awarded a reserve day(s) in her/his build-up line or hard line as a result of an interface adjustment or scheduling of training will be credited with the daily guarantee in 1. above if a trip is assigned or 4.0 hours if no assignment is made.

D. Meeting Pay

A Flight Attendant removed from duty for a hearing or investigation in a disciplinary matter and is later exonerated shall be paid for all lost flight time, i.e. block time.

E. Holiday Pay

A Flight Attendant who reports for and completes an assignment will be paid one hundred and fifty percent (150%) of her/his hourly rate per block hour or any portion thereof for all hours credited on New Year's Day, Halloween, Thanksgiving Day and Christmas Day. A Flight Attendant who is working a trip on these Holidays with no scheduled flying on the actual Holiday shall receive two (2) hours of flight pay above the value of the trip.

F. Deadhead Pay

1. Flight Attendants will be compensated under the provisions of this section when deadheading, at Company discretion, for purposes of flight or training, and the scheduled or modified deadheading is actually utilized by the Flight Attendant. Flight Attendants will not be compensated for deadheading which has been voluntarily dropped, except that Flight Attendants will be paid for deadheads to domicile at the end of a trip if they have approval from Crew Scheduling to take an alternate deadhead flight.
2. When a Flight Attendant is required by the Company to deadhead on a flight, the Flight Attendant will be credited one hundred percent (100%) pay and fifty percent (50%) credit for each minute of deadhead time.
3. A Flight Attendant who is released prior to a last leg deadhead who later in the same day returns to the domicile will be paid and credited as if she/he returned to the domicile on the same day on the originally scheduled deadhead.
4. If a day involves deadheading only, a Flight Attendant shall be paid and credited at her/his applicable rate with the greater of four (4) hours or the scheduled or actual hours in the deadhead.

G. Ferry Pay

A Flight Attendant will be paid one hundred percent (100%) of flight time for all block hours of a ferry flight.

H. IOE and Line Check Flight Attendants

A Flight Attendant conducting inflight training as a designated IOE instructor or conducting line checks shall be credited at the rate of forty-five dollars (\$45) per day for each full day of training, or thirty dollars (\$30) per day for any partial day of training. A partial day of training is a day when less than two block hours are spent in training.

I. General

1. A Flight Attendant holding a reserve line who picks up a trip/reserve day on her/his day off shall be paid above her/his guarantee for such trip. The value of this reserve day shall be four (4.0) hours.
2. A Flight Attendant who begins a trip in one month and finishes it in the next month shall receive pay and credit for such trip during the month in which it was flown.
3. The Company shall issue pay checks on the 15th and 30th of every month, or the business day prior to those days if the 15th or the 30th falls on a weekend. The 15th pay check will reflect forty (40) hours of the Flight Attendant's pay and all per diem due from the previous month. The pay check issued on the 30th shall contain the remaining current month hours in addition to any remaining hours due and any irregularities listed on her/his overtime sheet, including critical coverage/premium pay. Flight Attendants are required to participate in direct deposit.
4. A Flight Attendant who is not active the entire month, will have their guarantee prorated and the monthly guarantee will be adjusted accordingly on the 15th and 30th paychecks.

J. Longevity Pay

Flight attendants who have 18 years of service or more shall receive a semi-annual lump sum payment based on \$0.50 for every block hour flown in the Calendar year. [Note: 1st payment to be made in July on block hours flown January – June and second payment to be made in January on block hours flown July to December] This provision will be effective retroactively to July 1, 2013.

SECTION 4 SICK LEAVE

A. Sick Leave Accrual

Flight Attendants will accrue four (4.0) hours sick leave credit for each month of active service. The sick leave bank shall not be capped.

B. Sick Leave Credit

1. A Flight Attendant who is unable to perform her/his assigned duty due to illness or injury will be credited for the trip(s) missed and will have the value of the trip(s) missed deducted from her/his sick leave credit. A Flight Attendant who flies a portion of a trip shall be credited with the portion flown.
2. A Flight Attendant who is holding a reserve line who is unable to perform her/his assigned duty due to illness or injury will be credited with four (4.0) from her/his sick leave credit for each sick day. A Flight Attendant holding a build-up line who is unable to perform her/his assigned duty on a day of reserve due to illness or injury will be credited with 4.0 from her/his sick leave credit for each sick day scheduled as reserve.

C. For personnel record keeping and pay purposes, a Flight Attendant shall not be considered on sick leave on the days she/he was not scheduled to be available for flight duty.

D. Personal Day

1. A Flight Attendant will be permitted to use two (2) days per calendar year of accrued sick leave for other than her/his own personal illness, which will be charged as a "personal day". The value of the day dropped will be deducted from her/his sick leave bank and she/he shall be paid and credited for the trip as if flown.
2. The "personal day(s)" may be requested at the time of the bid or anytime prior to the beginning of a trip.
 - a. A "personal day" requested in the Initial Bid Award for a weekday out-and-back (holidays excluded and not adjacent to a vacation day) will be awarded in seniority order. Awards to more than three (3) Flight Attendants per day shall be at the discretion of the Company.
 - b. Approval of a "personal day" other than as provided in a. above shall be subject to the availability of coverage for the day involved and any subsequent days that would require coverage.
 - c. A request for a "personal day" on a holiday shall be awarded at the discretion of the Company.
 - d. A Flight Attendant may cash out her/his "personal day(s)" and the value shall be four (4.0) hours per day.
3. A Flight Attendant may request that a day off become a personal day during the months of January through October. The request shall be at the time of the initial bid and awarded as part of the Initial Bid Award. Awards will be made by seniority order. The pay for such day will be at four (4.0) hours and deducted from the Flight Attendants sick bank. Awards under this provision (4.D.3.) to more than three Flight Attendants per day, during the months of November and December, or for requests submitted after the initial bid award, will be at the discretion of the Company.

E. Flight Attendants are not required to discuss the nature of an illness with Crew Scheduling, but may be required to do so with Inflight Management.

F. Sick While on a Trip

1. If a Flight Attendant becomes sick or injured while on a trip, and it is determined by a doctor that the Flight Attendant is not fit to fly, or that flying will aggravate her/his condition, the Company will provide hotel accommodations until the Flight Attendant is cleared by the doctor to fly and she/he shall be provided with positive space travel to the domicile. If the period of not fit to fly is lengthy, alternative deadhead means to the domicile will be considered.
2. A Flight Attendant who becomes sick while on a trip, shall at her/his request, be allowed to deadhead to her/his domicile, if doing so would not jeopardize a Flight Attendant's health. At her/his option, such Flight Attendant may instead be released and arrange her/his own transportation (non-rev, ground, etc.) to her/his city of residence.

G. The Company may require a Flight Attendant who has missed work to provide documentation regarding the reason for her/his absence. If the Company requests that a Flight Attendant see a physician, the Company will pay for the portion of the bill not covered by insurance. A Flight Attendant shall be reimbursed within thirty (30) days upon submission of the receipt.

H. Perfect Attendance Bonus

A Flight Attendant who has "Perfect Attendance" as defined in Section 2 for a rolling six (6) months will receive a document of the Perfect Attendance in her/his file and will choose between a bonus of \$50 or 3.5 hours added to her/his sick bank. A Flight Attendant who has Perfect Attendance for twelve (12) months will receive documentation of Perfect Attendance in her/his file and will receive a Perfect Attendance bonus of \$200 or 5.0 hours added to her/his sick bank. After the first twelve (12) months, a Flight Attendant with subsequent six (6) months of Perfect Attendance will receive documentation of the Perfect Attendance added to her/his file and will receive \$50 or five (5) hours added to her/his sick bank. A Flight Attendant with Perfect Attendance for 24, 36, 48 months, etc. shall receive documentation of the Perfect Attendance in her/his file and will receive a Perfect Attendance bonus of \$200 and ten (10) hours added to her/his sick bank.

For the purposes of the rolling months, the date after the day of the last sick day shall count. For example, a Flight Attendant is out sick from June 10-12. The rolling 6 months begins on June 13 and the Flight Attendant is eligible for the 6th month bonus on December 13.

1. Perfect Attendance Bonus money shall be paid within sixty (60) days after being requested.
2. If a Flight Attendant transfers to customer service, she/he shall receive payout of any Perfect Attendance bonus for which she/he is entitled under this program.
3. If on a Leave of Absence and the Flight Attendant qualifies for Perfect Attendance under this paragraph, should she/he separate from the Company, the Perfect Attendance bonus will be paid in the Flight Attendant's final paycheck.

I. General

1. Upon voluntary termination of employment, a Flight Attendant who has had Perfect Attendance for the preceding three (3) months shall have all hours in her/his sick leave bank paid out except as provided in Section 8.H. The number of hours paid out shall not exceed 600 hours.
2. A trip which becomes available as the result of a sick call will be placed into open time in accordance with the open time procedures in Section 7.
3. Lineholders calling in sick for a one or two day trip will be required to call Crew Scheduling once per trip. Lineholders calling in sick for a three or four day trip will be required to call Crew Scheduling three days after the original sick call. Lineholders will only be required to call in "well" if they are able to return to duty during that trip. Reserve Flight Attendants who are sick will be required to call Crew Scheduling for each scheduled reserve day. A Flight Attendant may be removed for a specific length of time if she/he has a doctor's excuse removing her/him from flight status for that time.

4. A Flight Attendant who is able to return to work after her/his original pairing has been assigned will contact Crew Scheduling and coordinate the return to work. If the schedule prevents the Flight Attendant from returning to her/his original pairing, she/he will be assigned another trip or a reserve day as long as such assignment does not require the Flight Attendant to work into her/his day(s) off, without her/his consent. Such Flight Attendant shall receive the pay and credit for the original trip or the assigned trip, whichever is greater. If the Flight Attendant is assigned a reserve day and wishes to request a "Drop Trip Granted" at the time of assignment, such request shall be considered at the time of assignment and, at the Company's discretion, may be approved based on available reserve coverage.
5. In the event of the death of a Flight Attendant, any unused sick time will be paid to her/his estate.
6. Flight Attendants are encouraged to call in sick as far in advance as possible.
7. A Flight Attendant using sick leave shall be treated as an active employee.

J. Dependent Care

One time in each calendar year, a Flight Attendant may use up to two (2) paid sick days to care for an immediate family member (child, husband/wife, domestic partner). Such absence shall count against the Flight Attendant for purposes of the Sick Leave Policy and shall also count as an occurrence for the purposes of determining Perfect Attendance. For record keeping purposes, the Flight Attendant must send Inflight Services such a request in writing, otherwise the absence shall be considered a drop no-pay (no-show).

**SECTION 5

A. Vacation Accrual

Flight Attendants will accrue vacation in the following manner:

1. During the year in which they are hired, Flight Attendants will accrue vacation on a prorated basis which will be determined based on the month in which they were hired. The following schedule will apply:

An employee placed on the payroll after the fifteenth (15th) of the month will be credited with vacation time the following month.

2. Flight Attendants on an inactive status (i.e. leave of absence, except military active duty for training, jury, bereavement and sick leaves), for periods during the calendar accrual year shall be entitled to vacation on a prorated basis in conjunction with the period of active employment in that vacation year. Prorated vacation accrual shall be calculated on a monthly basis and credited where the Flight Attendant is available for more than 50% of the calendar days of that month. The Flight Attendant's monthly accrual rate will be 1/12 of his/her annual accrual rate. Fractions will be rounded to the nearest whole, with "5" rounded down.

All touching trips will be dropped. If time dropped from touching trips places the Flight Attendant below guarantee, her/his guarantee will be adjusted accordingly. Reserve days will not be placed on days dropped unless requested by the Flight Attendant. In the event that vacation days fall at the end of the month, and there are insufficient work days in the monthly bid period to accommodate all vacation days, days of vacation will be applied to the last day of the preceding trip working backwards. If no vacation has become available by the end of the year, then the Flight Attendant shall, at the Company's option, cash out the vacation at five (5) hours per day or carry it over to the following year. The Flight Attendant may place the carry over vacation in any available slot for the following year during the monthly vacation bid process.

Whenever practicable the Union may assist in construction of bid lines.
3. The Company will meet with the Union Scheduling Committee upon advance request to discuss line construction and pairing issues and other scheduling issues. The Company will maintain such records and documents as are necessary to research and address scheduling problems and issues pertinent to the Scheduling Committee's activities.
4. Upon ratification of a new Agreement and/or sideletters, or System Board award or grievance settlement that produces changes to scheduling rules as described herein, the Company will promptly notify and train the crew schedulers and other employees as appropriate. The Union will likewise seek to notify and educate the Flight Attendants in a timely fashion.
5. The Company will permit a member of the AFA Scheduling Committee to sit with the Company during the bid awards.
6. The Company will not select new scheduling software without the input of the AFA Scheduling Committee.

B. Trip Pairing Construction

1. All scheduled flying shall be built into trip pairings, to the extent possible.

5. The Company shall attempt to minimize excessive sit times.
6. Pairings will normally be built with one duty period per calendar day.
7. Any Flight Attendant will be sent a crew card for a pairing which has not been included in the bid package, if so requested. Scheduling will attempt to transmit the crew card promptly by electronic means. However, a Flight Attendant shall not delay a flight departure solely in order to receive the crew card.

C. Line Construction

1. Lines of flying will be constructed between seventy-five (75) and ninety (90) credit hours based on a 30/31 day month. A variety of bid lines will be constructed, with priority given to constructing lines with similar trips (e.g. single day trips or multi-day trips or CDO's etc.), recognizing that a number of variables including flying allotted to the domicile, weekend/holiday schedule adjustments, etc. may make it difficult to build "pure" lines.
2. A maximum of ten percent (10%) of the flying may be held out of lines and placed into open flying.

3. Hard lines will be constructed with a minimum of eleven (11) calendar days off in domicile in a bid month. Reserve and Build-up lines will be constructed with a minimum of eleven (11) calendar days off in domicile.
4. All schedules will be constructed with a minimum of one (1) calendar day free from duty within a seven (7) calendar day period in domicile.
5. As many co-domicile lines as possible shall be built with trips that begin and end at the same airport. In the event there are leftover trips, mixed lines may be built.
6. Trips will be constructed with no more than fourteen (14) hours of duty time scheduled. No more than 10% of all duty days in the system or more than 20% of all constructed duty days per bid period in any domicile will be built in excess of twelve and one-half (12.5) hours of duty time.
7. Hard Lines. Hard lines of time shall consist of trips, trip series, and days off. During hard line construction, single days off, except for the first and last day of the bid period, shall not count toward the minimum days off. This rule shall not apply when lines are being built for a Flight Attendant returning from a leave of absence in accordance with paragraph D, below. Hard lines of time may contain charter flying and will contain no out of base trips. Hard lines may only contain reserve days during the interface period in accordance with Section 7.G.5. Reserve days will not be placed on the originally scheduled days off.
8. Build-Up Lines. The anticipated number of build-up lines shall be blank when posted. Build-up lines shall be constructed with open flying available after the 48 hour period and contain reserve days, days off and four (4) Golden Days. Days off shall be grouped in one (1) four-day period and four of the remaining days off shall be grouped in at least two-day periods. A Flight Attendant may bid for her/his Golden Days on the bid sheet and such bids shall be awarded in seniority order, if possible. Except as provided for in paragraph a., below, if the Company is unable to accommodate a Golden Day bid, the four-day off period will be the designated Golden Days. Build-up lines shall be built with the first build-up line containing the least number of reserve days and the last build-up line shall be built with the most number of reserve days unless the senior most person awarded a build up line has been awarded in accordance with paragraph a., below. Remaining build up lines will be constructed with the fewest reserve days to the greatest number of reserve days. The Company may not construct build up lines that contain more than eighty-five (85) credit hours in a month in which a Flight Attendant has three (3) days or more of vacation, or any training month, or a month when moving days are granted.
 - a. The most senior build up line holder shall be guaranteed her/his choice of Golden Days under the following rules:
 - i. Guaranteed Golden Days may not include the interface or the day before, the day of, or the day after the following days: New Year's Day, Halloween, Thanksgiving or Christmas.
 - ii. Such guarantee shall apply to only one build up line award per base.
 - iii. Senior Build up lineholder must indicate a preference for guaranteed Golden Days which may result in more reserve days than lines awarded junior to them.
9. Reserve Lines. Reserve lines will be blank when posted. Reserve lines shall be constructed with reserve days, days off and four (4) Golden Days. Days off shall be grouped in one (1) four-day period and four of the remaining days off shall be grouped in at least two-day periods. A Flight Attendant may bid for her/his Golden Days on the bid sheet and such bids shall be awarded in seniority order, if possible. If the Company is unable to accommodate a Golden Day bid, the four-day off period will be the designated Golden Days.

D. Bidding Eligibility

1. All Flight Attendants may bid for lines within their domicile as provided herein.

2. Flight Attendants who are scheduled to be unavailable for fifteen (15) days or more of the bid period will not be allowed to bid unless mutually agreed otherwise. Flight Attendants who are scheduled for vacation, Union trip drops and Military Leave may bid regardless of the number of scheduled unavailable days.
3. A Flight Attendant returning from a worker's compensation or medical leave shall not be allowed to bid until cleared for full duty by her/his physician. Upon clearance to duty a Flight Attendant will paper bid. The Company shall consider any preferences provided by the Flight Attendant and submitted to Inflight Services with her/his return to work paperwork. Inflight Services will construct a similar line for her/him using open time and she/he shall only work the same number of day(s) she/he would have worked if she/he had been awarded that line. She/he shall receive pay and credit for the trip(s) flown. Lineholders will not be required to sit reserve if no reserve days were on the bid line.
4. A Flight Attendant returning from a leave who missed her/his recurrent training will paper bid and be constructed a line, as provided in 3. above. Such Flight Attendant will only be guaranteed pay starting with the day she/he attends recurrent training.
5. A Flight Attendant returning from a furlough will paper bid if not able to participate in a regular bid cycle. She/he will have a similar line constructed for her/him using open time and shall only work the same number of day(s) she/he would have worked if she/he had been awarded that line. She/he will receive pay and credit for the trip(s) flown. Lineholders will not be required to sit reserve if no reserve days were on the bid line.

A Flight Attendant returning from a furlough who missed her/his recurrent training will paper bid and be constructed a line, as provided above. Such Flight Attendant will only be guaranteed pay starting with the day she/he attends recurrent training.
6. The Inflight Training Schedule shall be made prior to the initial award. This includes training dates and other days the Company anticipates that a Flight Attendant will be working in the Training Department. A Flight Attendant who is scheduled to be offline working in the Training Department for ten (10) or more days in a month will not bid for that month.

E. Schedule Bidding Procedures

1. The Bid Packet for bidding purposes will be made available to all Flight Attendants at each domicile at or before 1700 hours on the second Thursday of each month. The Company will include a minimum of five (5) extra bid packets in the mailing to each domicile. They will be placed in each Flight Attendant's mailbox at her/his domicile and bidding information will be posted on the web site, if there is a web site. Flight Attendants will be given five (5) days advance notice if the schedule for bidding purposes will be made available prior to the second Thursday. Deviations from this provision may be allowed for airline schedule changes, computer malfunctions and resulting construction of revised Flight Attendant schedules, with notification to the LEC President.

The Bid Packet shall contain the following information: crew cards/pairings, bid lines, anticipated number of build-up and reserve lines, ground school assignments, vacation days for bid month, current hotel list (or vendor contact information if a third-party vendor (e.g. TLX) is used to arrange hotel accommodations), vacation form and other information necessary for bidding. The Company shall post, in each domicile, a current seniority list, including status, prior to the publication of the bid package.

A Flight Attendant on a TDY will be sent a bid packet for her/his domicile if she/he is scheduled to be back in the domicile for that bid month so that she/he may bid. A Flight Attendant scheduled to be on a TDY will be sent a bid packet for the TDY location so that she/he may bid for a line at the TDY location.

2. Flight Attendants shall return bids by 1700 hours on the following Monday. Those requesting reserve and build-up lines shall list "golden day" and alternate "golden day" preferences in a four (4)

day block. Flight Attendants may turn in their bids in person to Flight Support, faxing or emailing to the web site, if there is a web site, or by placing in the designated locked bid box in each domicile. Flight Support will contact a Flight Attendant if her/his bid is not received.

3. If a Flight Attendant is on vacation or leave of absence for more than a week at the time the bid packages are published, she/he may request in writing that Flight Support mail a copy of the bid package via overnight mail at the address then supplied by the Flight Attendant. The Flight Attendant will pay the cost for such delivery. Such Flight Attendant may phone in her/his monthly bid to the crew schedulers' office by telephone prior to the closing of bids.

F. Awarding of Bids

1. Bid lines and "Golden Days" will be awarded based on seniority within the domicile.
2. Initial Bid Awards

Initial Bid Awards for hard lines shall be distributed to Flight Attendants at each domicile and posted on the web site if there is a web site, by 1700 hours on the third Thursday of the month. Upon placement of computers and printers in each crew room, and no sooner than the first bid month following the 6th month after date of ratification, Initial Bid Awards for hard lines shall be posted on the web site and emailed to each flight attendant by 1700 hours on the third Thursday of the month. Upon awarding of the initial bid award, Flight Support will make only the necessary adjustments to lines to provide for the month-to-month interface, vacation, training, minimum days free from duty, AFA days and other approved leaves. All open flying and available vacation will be shown at the bottom of the Initial Bid Award and available vacation in STARS. The Company shall not unreasonably deny a request for a copy to be faxed to a Flight Attendant in extraordinary circumstances.

Flight Attendants shall have forty-eight (48) hours from the time of posting of the initial awards to dispute any award. In the event it is confirmed that a Flight Attendant bid for and should have been awarded a different line, the lines shall be reawarded. All affected Flight Attendants shall be immediately notified if the lines are being reawarded in their domicile. Should the Initial Bid Award contain errors the error shall be corrected during the Final Bid Award process.

3. 48 Hour Open Time Bidding
 - a. The 48 hour bid requests to alter a Flight Attendant's schedule with open flying are due to Flight Support by 1700 on the Saturday following the initial bid award posting. All trip adjustment requests shall be in writing and faxed or emailed to Flight Support, or delivered in person. A Flight Attendant may request adjustment of her/his line by adding trips on scheduled days off. Additionally, trips may be swapped with "Open Flying" providing the swap involves the same or a greater number of days of coverage. A Flight Attendant shall be awarded her/his trip trade requests as long as she/he is legal for such assignment, subject to the coverage requirements outlined in c. below. At the end of the initial trip adjustment period of 48 hours, awards will be made in seniority order within the domicile.
 - b. All "open flying" shall be made available to hard line holders during the 48 hour period prior to any flying being assigned to build-up lines. Open flying shall be updated daily during the 48 hour period.
 - c. Prior to building the build-up lines, the Company shall process trip trades for the 48 hour bid. Adjustments will be processed in the following manner:
 - i. Same calendar day trades will be automatically approved provided there is a nine (9) hour period between the release time and report time of each trip on a Flight Attendant's line.
 - ii. Trades involving different calendar days will be approved provided there is a nine (9) hour period between the release time and report time of each trip on a Flight

Attendant's line. However, if, after the build-up and reserve lines have been constructed the Company determines there is a coverage problem on certain day(s) awarded trades may be unawarded in inverse seniority order. The LEC may review applicable documentation.

iii. Straight adds will be automatically approved as long as there is a nine (9) hour period between the release time and report time of each trip on a Flight Attendant's line.

d. There is no limit on the number of adjustments made during the 48 hour period.

e. A Flight Attendant shall not be permitted to pick up an out of domicile trip until after the final bid awards have been posted or processed.

4. Final Bid Awards

The Final Bid Awards shall contain the award for hard lines, build-up lines and reserve schedules and all open flying. This award shall be made in seniority order by 1700 hours on the Tuesday after the 48 hour period and shall be distributed to the Flight Attendants at each domicile and posted on the web site. Effective six (6) months after the ratification date of this agreement, Final Bid Awards shall be posted on the web site and emailed to each Flight Attendant. Flight Support will make only the necessary adjustments to lines awarded in the initial bid award to provide for trip add/drops made during the 48 hour period. Lines may also be altered if they are being reawarded due to an error. Final Bid Awards shall contain any adjustments made to a Flight Attendant's line for AFA trip drops. The Company shall not unreasonably deny a request for a copy to be faxed to a Flight Attendant in extraordinary circumstances.

Upon notification, the Company shall immediately correct any errors made during the Final Bid Award process.

5. Flight Attendants scheduled for training will be scheduled in accordance with the applicable paragraphs of the Section 17. Training of the Agreement.

6. If a Flight Attendant is on vacation or leave of absence at the time of bid awards, she/he may phone Flight Support to determine her/his bid award.

G. Month to Month Interface - ID Days

1. Trips begun in the previous bid period will be continued into the new bid period to the extent possible (i.e., a continuation of the trip).

2. The monthly interface period shall consist of either the longest trip sequence in the domicile, or the first four (4) days of the month, whichever is less.

3. Trips which conflict during the interface may be adjusted as required to complete a logical sequence providing all provisions of this Agreement are followed. Any adjustment in a Flight Attendant's bid line will be completed in a manner as to maintain as closely as possible the original value of the bid line.

4. Other trips which do not conflict, but which cannot be flown due to guidelines established in this section will be dropped and the value of the awarded line adjusted accordingly.

5. Reserve days, or trips, may be placed on the days which have had trips dropped during the interface period. If a reserve day is placed on the line, the value of the reserve day will be four (4) hours.

6. Flight Support may designate the days in the interface period as ID days and shall be denoted in the bid lines in the Initial Bid Packet.

a. ID days shall not be considered days off pursuant to C.3. above.

- b. The number of ID days shall not exceed the number of actual carry over trip days per domicile.
 - c. Carry over (transition) trips are assigned by the Company to a Flight Attendant's schedule during the initial award process. A Flight Attendant may be assigned a trip on her/his ID day(s), including a carry over trip that touches an ID day, as long as the assignment will not cause the Flight Attendant to exceed ninety (90) credit hours. Such trip shall not interfere with remaining trips on her/his line. ID day assignments must appear on the Initial Bid Award.
 - d. A Flight Attendant may trade her/his ID day assignment, except the Flight Attendant who works the assignment will not be paid pursuant to e. below.
 - e. A Flight Attendant awarded a trip on an ID day, or whose carry over trip touches an ID day(s), will receive two and a half (2.5) hours of pay in addition to all other pay and credit for the trip. It is the responsibility of the Flight Attendant to request the stipend on her/his overtime sheet.
7. A Flight Attendant who is awarded a line with ID days and who is not assigned a trip pursuant to this subsection shall be off.
8. If a Reserve (RSV) day is placed into the schedule of a lineholder during the interface due to a conflict, that Flight Attendant may trade the RSV day(s) during the 48-hour period or after the final bid award. Such trade will be permitted as long as the trade is legal pursuant to this agreement and FAR's, and covers the same number or more work days during the interface.
- Example. FA has RSV on 3rd and 4th. FA drop both RSV days, add two day starting on the 3rd.
- Example. FA has RSV on 3rd and 4th. FA has 2 day on 15/16. FA drop 3,4,15,16, add 3,4,5,6.
- Example. FA has RSV on 3rd. FA drop 3rd, add 2 day trip on 4/5.
- Example. FA has RSV on 1st, FA drop 1st, add trip on 3rd.

H. Administration of the Schedule After the Final Bid Awards

- 1. Open Flying and Adjustments
 - a. All "Open Flying" that remains available after the initial adjustment period will be updated and posted in the computer by 0700 daily, unless non-standard operation disruptions prevent posting by 0700, in which case the posting will occur by 1000. Open flying may also be accessed on the Piedmont website, if technically and administratively feasible. This open flying shall consist of all trips not assigned in lines, trips dropped for Union business, trip drop requests from Flight Attendants and flying that becomes available for any reason. Open time for the current and future month will be posted on the website and updated daily.
 - b. Flight Attendants may at her/his sole option drop below the minimum guaranteed days off. Flight Attendants may pick up, add or trade trips to an unlimited number of credit hours.
 - c. Upon request, the Company will provide to the LEC a reason for any trade denial. The LEC may review the applicable documentation.
 - d. Adjustment requests will be handled on a first come, first assigned basis. In the event that two or more requests for the same trip are received by 1500 on the same day, assignment will be made based on seniority within domicile. However, trips in open flying that depart within forty-eight (48) hours may be unavailable due to already having been assigned to a Reserve.

- e. Adjustment requests shall be submitted by 1500 daily, in writing, by fax, email or in person. The Company shall explore the ability to allow requests to be submitted via e-mail.
- f. Adjustment requests will be processed by 0700 daily and shall be posted in the computer, unless non-standard operational disruptions prevent posting by 0700, in which case posting will occur by 1000. Requests received after 1500 shall be considered to have been received the following day.
- g. A Flight Attendant may pick up a trip and/or trade a trip with open flying out of domicile with crew scheduler approval. If approved, such Flight Attendant is not entitled to positive space travel, deadhead pay to/from the trip or lodging expenses incurred due to flying an out of domicile trip. Additionally, surface transportation or non-revenue flight travel on days other than trip days are not considered days of work.
- h. Prior to submitting an adjustment request form, a Flight Attendant shall closely scrutinize the request to ensure it is legal pursuant to the F.A.R.'s and this Agreement. An adjustment request will be denied if it does not contain a minimum of nine (9) hours rest between trips.
- i. A Flight Attendant may drop down to sixty (60) credit hours, except that Flight Attendants with training, vacation and AFA drops may drop below sixty. If this occurs, no additional drops will be allowed.
- j. Crew Scheduling may advertise Reserve Day(s) for pick-up at least 24 hours prior to day(s) of inadequate reserve coverage. A Flight Attendant may pick up a reserve day(s), if available, on a first come first serve basis.
- k. It is the Flight Attendant's obligation to contact crew scheduling to determine the status of her/his request for any schedule adjustment not later than twenty-four (24) hours prior to the trip report time. Once an adjustment has been approved, trips removed from a Flight Attendant's line are no longer her/his responsibility.
- l. A Flight Attendant is limited to five (5) approved requests per month, not including 48 hour adjustments and straight adds.

2. Trades Between Flight Attendants

- a. A Flight Attendant may trade with other Flight Attendants at other domiciles as long as the trade is legal pursuant to the F.A.R.'s, this Agreement and there is enough time for the Flight Attendant to get to the trip prior to the trip's report time. Such trade will be automatically approved, provided the request is submitted three (3) days prior to first trip involved in the trade. If less than three (3) days, the trade is subject to Crew Scheduling approval.
- b. Trades do not have to be of equal value or covering the same days. A Flight Attendant may drop her/his trip to another Flight Attendant.
- c. Trades between Flight Attendants at the same domicile that are legal pursuant to the F.A.R.'s and this Agreement shall be automatically approved and posted in the computer.
- d. Trading trips for reserve days (RSV) or vice versa will be considered, as long as the entire sequence of reserve days is being picked up by the other Flight Attendant. Such request will not be unreasonably denied.
- e. Trip trades may be initiated by having both parties to the trade submit a request on the prescribed form to Crew Scheduling at least forty-eight (48) hours prior to the departure of the first trip involved. If because of circumstances beyond the control of the Flight Attendants, the Flight Attendants are unable to give forty-eight (48) hours notice, trip trade requests initiated with less than forty-eight (48) hours notice will be considered. Failure to use the prescribed form, if it is unavailable, will not cause the transaction to be denied.

- f. Trades which required the "breaking" of a trip are permitted, subject to Scheduler approval. When granted, the Company will assume no additional liability for costs associated with the trade such as additional duty time, deadheading costs, or rooms. Trades will be done on a face to face basis. Flight Attendants may pick up a trip from another domicile. The Company will assume no additional liability for costs associated with the picking up of the trip.
- g. Last minute swaps between Flight Attendants shall be approved with at least 35 minutes notice prior to departure, provided the swap does not conflict with contractual limitations, FAR limitations or cause a flight delay. It is understood and agreed that this provision is intended for one or two flights, and not for a last minute opportunity to trade for RON's or trips. Flight Attendants swapping under this provision shall not be entitled to the minimum day pay for the swapped portion of the trip.

Example: In PHL, FA with live leg to SBY wants to trade with a FA who is DH PHL-SBY and there is no conflict. Trade is approved. Original FA will not be paid for the dropped flight. Replacement FA will be paid and credited for the flight worked as flown.

Example: A FA (lineholder or reserve) is commuting to her/his domicile on a day off to begin six calendar days of work. Working FA wants the other FA to take revenue flight to domicile. This swap will be denied because it would violate an F.A.R. (1 in 7 for the flight attendant commuting)

Example: A FA who is scheduled to begin four reserve days is commuting into her/his domicile on her/his day off. The working FA swaps with the reserve. The FA commuting in who agrees to work the trip will be paid for the leg, towards guarantee, and will not be entitled to an additional day off since this is voluntary.

- h. Flight Attendants may trade their awarded bid lines after final bid lines come out, provided neither Flight Attendant involved in the trade has vacation or training during the month and the trade does not create a conflict during the interface, including flights ending on the last day of the previous month which create an illegality with the first trip of the month being traded.

3. Trades with Open Time

a. Dropping a Trip into Open Time

Flight Attendants may place trips into open flying. The trip drop will be approved when there is adequate staffing at the domicile. The trip will remain in open time until it is picked up or approved. If the trip is not picked up or approved by 1200 the day prior to the trip, the Flight Attendant shall fly the trip.

b. Trading a Trip with Open Time

- i. A Flight Attendant may trade her/his trip with trip(s) in open flying.
- ii. Trip trades with open flying in the same domicile that cover the same day(s) shall be automatically approved if submitted at least forty-eight (48) hours prior to the first trip involved in the trade. If less than forty-eight (48) hours, the trade is subject to Crew Scheduling approval.
- iii. Trip trades with open flying that do not cover the same days, the same number of days or are for different domiciles shall be subject to Company discretion.

c. Adding a Trip from Open Time

Straight adds will be automatically approved as long as there is a nine (9) hour period between the release time and report time of each Flight Attendant's line.

4. No Fly With List (crew track code NFW)

A Flight Attendant may drop a trip into open time in order to avoid flying with a certain crewmember. Such request shall be made at least 48 hours in advance of the trip's check in time and will be done in writing to Inflight Services and Crew Scheduling. Upon showing attempts to drop, swap, or trade, if there is no alternate trip available, such Flight Attendant will be required to sit Reserve on the original trip days and will be governed by the provisions contained in Section 9 (Reserve). Nothing herein prevents the Company and Flight Attendant from agreeing to alternate days of work (example, dropped trip covers 1st through the 3rd, pick up trip covers 2nd through 4th). If the Flight Attendant dropping the trip is assigned a new trip, she/he shall be paid and credited for the new trip. If she/he is not utilized on Reserve, the Flight Attendant shall be paid for the RSV day(s). This provision may only be utilized twice in a calendar year (excluding holiday periods).

J. Deadheading

1. All deadhead flights shall be on Part 121 scheduled carriers. Any deadhead by air other than as provided herein shall be on a voluntary basis.
2.
 - a. Regularly scheduled deadhead segments will be booked on must ride basis. Boarding will be accomplished according to the priorities established by the Company and in conjunction with the policies of other companies on which deadheading is scheduled. Scheduled deadheads to and from flight duty and training will be must ride status. When deadheading from flight duty and training the Flight Attendant shall be scheduled must ride status on the next available flight, consistent with published connect times.
 - b. Flight Attendant deadheads will be booked space positive when traveling to/from domicile to mandatory meetings.
 - c. At the time of crew card pairing construction, when deadhead(s) are required to flight duty, the Company will build trips and schedule the deadhead(s) on the latest available flight. Trips created after the crew card pairings have been published, will be built with the latest available deadhead to flight duty, as long as schedule integrity is not compromised.
3. When a Flight Attendant is required by the Company to deadhead by air or ground, she/he will receive pay and credit pursuant to Section 3. Compensation.
4. Flight Attendants will be on duty, for the purposes of this Agreement, while deadheading.
5. The Company will provide a suitable means of deadheading via ground services when such deadheading is required.
6. Deadheading from Flight Duty

On the last day of a trip, after check in or at the point of last dead head leg(s) to domicile, a Flight Attendant, including a Reserve on her/his last day of reserve duty, (excluding a Flight Attendant on a scheduled Reserve day) may call and request to be released from the deadhead(s). At that point she/he shall be released unless she/he is being reassigned for immediate flying, in which case she/he will be given the reassigned trip information. A Flight Attendant will not receive pay and credit for any deadhead segments voluntarily dropped. On a deadhead only day with multiple deadhead segments, a Flight Attendant who drops all deadheads, shall receive no pay and credit for the deadhead day. If such Flight Attendant flies one or more deadheads on the multiple deadhead only day, she/he will receive the greater of two (2) hours or the scheduled or actual hours in the deadhead(s) actually flown.

7. When deadheading occurs at the beginning of a duty period, such duty time will commence at the report time for the deadhead segment.

8. When deadheading occurs at the end of the duty period, such duty time will end at block in time or fifteen (15) minutes after the block in time if "close out" duties are required.
9. If a day involves deadheading only, a Flight Attendant shall be paid and credited at her/his applicable rate with the greater of 4.0 or the scheduled or actual hours in the deadhead.
10. Alternate Deadhead to Flight Duty

When the first scheduled leg(s) of a trip contains a deadhead leg(s) to flight duty, a Flight Attendant may request to utilize alternate transportation to the flight duty point. Such request shall be granted provided:

- a. The originally scheduled deadhead flights are non-Piedmont flights.
- b. The alternate deadhead(s) are scheduled to arrive by the originally scheduled arrival time, or at least one hour prior to the first scheduled flights departure time, at the flight duty airport, whichever is earlier.
- c. The Flight Dispatch Supervisor has not declared irregular operations.
- d. The Flight Attendant may request the change no more than 24 hours prior to the trip.
- e. The Flight Attendant is not needed to do other flying. (If the Flight Attendant is needed to do other flying, she/he will be given the reassigned trip information at that time).

Requests that do not meet the above criteria may be granted at Company discretion. Approval will not be unreasonably withheld.

11. A Flight Attendant may deadhead on an earlier flight than scheduled on a must ride basis, provided the request is made at least 30 minutes prior to departure of the earlier flight. Such Deadhead will not be approved if the flight is oversold. There shall be no displacement of revenue or delay of the flight. The request may not be approved if the Flight Dispatch Supervisor has declared an irregular operation.

K. Emergencies and Crew Scheduler Contact

1. In the event of an aircraft emergency that requires an immediate debriefing of the Flight Attendant, the Flight Attendant shall be pay protected for any flying missed.
2. Crew Schedulers will only attempt to contact a Flight Attendant while the plane is in flight for non-emergency matters. In the event crew scheduling receives a personal emergency call or contact pertaining to a Flight Attendant, crew scheduling will contact the Flight Attendant immediately, once the aircraft is on the ground.
3. All Flight Attendant calls to and from Scheduling will be taped.
4. Crew schedulers will not make pay interpretations, or issue and/or threaten discipline.
5. The Company will maintain a standard method of notifying a Flight Attendant if an originating domicile departure time is appreciably delayed or canceled.
6. For scheduling purposes, Crew Schedulers will contact Flight Attendants only at those contact numbers designated as scheduling contact numbers and provided by the Flight Attendants as required by the Flight Attendant manual.

L. Co-Domiciles

1. The Company will not designate any new co-domiciles without first consulting the Union.

2. A Flight Attendant that begins a trip in PHF but ends the trip in ORF (or vice versa) shall be provided ground transportation back to the airport where she/he began the trip. Her/his duty time shall end upon arrival at that airport where she/he began the trip. Such Flight Attendant shall receive deadhead pay and credit for the time spent traveling to the airport where she/he began the trip.

M. Charters

1. If charter flying is known to exist at the time of bidding, such flying shall be constructed as part of a bid line. The crew card for the month will reflect the nature of the charter including the destination and composition of the group.
2. Charters that become available during the bid period, and which will be flown as a separate trip, will be posted along with other open flying in the domicile from which the charter will be flown. Such flying will be posted as soon as it is known. Information pertaining to the nature of the charter including the destination and composition of the group will be included. Charter assignment will be handled consistent with the awarding of other open flying.

N. General

1. In the event that a Flight Attendant is removed from her/his trip and replaced by a member of Inflight management or Inflight Training for the purpose of flight qualifications, then that Flight Attendant shall either be immediately reassigned to a trip that is scheduled to return to the domicile no later than the originally scheduled trip or free from duty for the duration of the trip. Such Flight Attendant shall receive pay and credit as if she/he flew the trip or the rescheduled trip, whichever is greater.
2. A member of Inflight Management or Inflight Training may pick up no more than four (4) days of flying from open time per month. A member of Inflight Management or Inflight Training may only pick up flying during the current month. Nothing herein shall preclude a management Flight Attendant from flying to prevent a cancellation.
3. When two Flight Attendants are scheduled for the same trip/flight, the senior Flight Attendant will have the choice of whether or not to remain on the trip. The Flight Attendant who does not fly the trip shall be guaranteed the greater of the pay and credit of the original trip or the reassigned trip. The details of such reassigned trip, if any, must be known to the Flight Attendants to facilitate an informed decision prior to the departure of the original trip. Such trip shall be subject to the reassignment provisions of this Agreement.
4. The Company will provide the LEC President or her/his designee with the "actuals" for the previous month for each Flight Attendant. This information shall be provided no later than the fifteenth of the month.
5. Prior to building any stand-up/continuous duty overnights, the Company and the Union shall meet to determine the wages and work rules concerning the stand-ups.

O. High-Low Lines

1. Five percent (5%) of the lines in each domicile will be built between sixty-five (65) and seventy-five (75) credit hours, with a minimum of one (1) per domicile.
2. Twice the number of low lines in each domicile may be built to ninety-five (95) credit hours.
3. A Flight Attendant awarded a low time line may not pick up open flying. She/he may trade with other Flight Attendants or open flying as long as her/his line is not projected over seventy-seven (77) credit hours.
4. A Flight Attendant who is assigned, in inverse seniority order, an unbid low time line may pick up open time, trade with open time and pick up a reserve day(s) on her/his days off, to an unlimited amount of time.

5. A Flight Attendant awarded a low time line shall have that line guarantee.
6. A Flight Attendant awarded a low time line shall be guaranteed 15 days off.
7. A Flight Attendant awarded a low time line may not be junior assigned if the assignment projects her/him above eighty-two (82) credit hours.
8. An unbid low time or high time line will be assigned in inverse seniority order.
9. High/low lines will be denoted in the bid package.

SECTION 8 LEAVES OF ABSENCE

A. Personal Leave

1. A leave of absence without pay may be granted to an employee where, in the Company's judgment, circumstances warrant. Seniority, but not longevity, sick leave and vacation, will be accrued during a leave of absence. Leaves of absence, when granted, will normally be approved for a maximum of thirty-one (31) days. Leaves may be granted consecutively.
2. The Company will make every effort to grant a Flight Attendant emergency personal leave upon the request of the flight attendant in the event of severe illness of a family member in accordance with the Family Medical Leave Act of 1993.
3. A Flight Attendant on a personal leave shall not engage in employment without the approval of the Company.

B. Military Leave

Leaves of absence for military service will be governed by applicable law.

C. Jury Duty

1. A Flight Attendant required to perform jury duty will be compensated for trips missed on each day of flight duty missed. When a Flight Attendant is released from Jury Duty, she/he will be placed back on her/his bid trip if possible. If not possible, the Flight Attendant will be given another trip(s) that covers the days originally scheduled to work. If no trips are available, line holding flight attendants will be released with no loss of pay. A Reserve Flight Attendant may be placed back on Reserve duty the day after release from jury duty but only after being given a sufficient amount of time to return to her/his domicile from the location where jury duty was served. A Reserve Flight Attendant's guarantee will not be reduced due to serving jury duty.
2. Any compensation or expenses provided by the court may be retained by the Flight Attendant. Seniority and longevity shall continue to accrue while on jury duty.

D. Bereavement Leave

1. A Flight Attendant who has a death in her/his immediate family (mother, father, sister, brother, grandparent, parent-in-law, spouse, child, step-parent, step-parent-in-law, child for whom the employee is a guardian, and grandchild, or domestic partner) shall be granted time off in accordance with this paragraph. Should "Immediate Family" under Company policy be amended to include individuals other than those specified in the current contract, such individuals will also be included under this Agreement.
2. Upon notification to the Company of the death of a member of the family, included above, the Flight Attendant may request to be relieved from all work at the earliest point practical and begin a consecutive three (3) day period free from duty. Alternatively, at the Flight Attendant's request, the time off may be taken in a consecutive three (3) day period in conjunction with the funeral. In either case, the Flight Attendant will receive credit for trips missed within the three (3) day period.
3. If circumstances are such that additional time is required off in connection with the death, the Flight Attendant may request that vacation which is scheduled be moved for the purpose of providing additional time off.
4. A Flight Attendant may request and, at the Company's discretion, be granted unpaid time off for deaths involving individuals not covered in D.1. above. A Flight Attendant may also request and, at the Company's discretion, be granted unpaid time off in addition to that provided for in 1. through 3. above. The requests for time beyond that provided will be reviewed on an individual basis. In such cases provisions of the "Personal Leave of Absence" may be applied.

5. The Company may request verification of the death of the family member or domestic partner.
6. The employee will not be entitled to Bereavement Pay if she/he is on vacation, furlough, personal leave for any reason, sick or worker's compensation leave, or was not previously scheduled to fly.
7. In no case will the paid leave exceed three (3) days.

E. Maternity/Parental Leave

1. Within the first four months of pregnancy, a Flight Attendant shall provide Inflight Services with pregnancy confirmation in writing from her doctor, stating her condition and expected delivery date.
2. A Flight Attendant, certified by her doctor to continue her duties as a Flight Attendant shall notify the Company immediately when her doctor determines she is disabled from performing her duties.
3. The Flight Attendant will be required to provide a letter from her physician, stating fitness to work, prior to bidding for the month before she will begin her third trimester.
4. Upon delivery, a Flight Attendant will, within ten (10) days, provide the Company with a letter stating her expected release from medical disability.

The normal reinstatement period will be effective six (6) weeks following the termination of pregnancy. Should medical complications prolong the Medical Leave, as evidenced by attending physician's report, an employee shall have reinstatement rights consistent with paragraph "F" of this Section.

5. A Flight Attendant may, within ten (10) days after the birth of her child, indicate by written request, a desire to take an unpaid maternity leave of absence, and such unpaid leave will be granted. Seniority and longevity shall continue to accrue while on maternity leave. Unpaid leaves will be granted consecutively to a maximum of one hundred and eighty (180) days following the birth. If medical disability continues beyond the six (6) week period or following the complication, such leave may be granted for the period of time remaining up to the maximum of one hundred and eighty (180) days following the birth.
6. A Flight Attendant may use earned sick time and scheduled vacation during her period of maternity leave to the extent available.

A Flight Attendant who is scheduled for vacation during her period of maternity leave may move her vacation to a point later in the year, if available. Vacation which cannot be accommodated later in the year will be paid out following the month in which it occurs.

7. When a Flight Attendant desires to remain at home with the newborn child of her/his spouse or Domestic Partner, she/he may request and shall be granted a Parental Leave of Absence for a period not to exceed thirty (30) days from the date of delivery. Such leave may be extended at the Company's discretion. To the extent possible the Flight Attendant shall give the Company thirty (30) days' notice of intent to take the leave. The Flight Attendant shall utilize substitution leave (vacation) in accordance with Company Policy.
8. Parental Leave shall run concurrent with FMLA Leave. However, the Flight Attendant will not be denied Parental Leave if she/he has exhausted or does not qualify for FML.

F. Medical Leave

1. A Flight Attendant who becomes unable to perform her/his duties for more than seven (7) days, will be placed on a Medical Leave of Absence until such time as she/he is able to return to work. The extent of such leave will not extend beyond two (2) years from the commencement of the medical leave for a Flight Attendant who has completed probation, and not beyond one (1) year for a Flight Attendant who has not completed probation. Requests for medical leave extensions will be

considered on a case by case basis. Company paid medical insurance shall continue for the duration of medical leave. Additionally, the cumulative time from a single illness or injury may not extend beyond the guidelines set forth above, unless mutually agreed upon by both the Company and the Union. Flight Attendants shall continue to accrue seniority and longevity.

A Flight Attendant may use her/his accrued sick leave while on a Medical Leave. During such time that a Flight Attendant is using her/his sick leave, direct deposit will continue, sick time will accrue, and vacation will accrue. A Flight Attendant using sick leave while on a Medical Leave of Absence will be treated as an active Flight Attendant for the purpose of pass travel. The time limit for the duration of the medical leave of absence (MLOA) will commence when the Flight Attendant has exhausted her/his paid sick leave.

2. A Flight Attendant returning from medical leave will be allowed to exercise his/her seniority to obtain a position at the domicile at which she/he was previously based. In the event that the domicile no longer exists, the Flight Attendant will be permitted to exercise her/his seniority system-wide to obtain a position and such Flight Attendant will be entitled to a paid move pursuant to Section 21. The Company will return the Flight Attendant to active pay status within thirty (30) days, or the next bid, whichever comes first.
3. A Flight Attendant may paper bid during a month in which she/he will be using sick leave to cover an extended absence. A lineholder shall receive pay and credit for the line which she/he could have held. A Flight Attendant awarded a Build-up line shall receive pay and credit for 80 hours and a Flight Attendant awarded a Reserve line shall receive pay and credit for the minimum guarantee. In all of the three above circumstances a Flight Attendant shall only receive pay and credit to the extent she/he has sick time available. Example: A lineholder with 40 hours of sick time in her bank paper bids and is awarded a line worth 85 hours. She will be paid for 40 hours.

G. Time Off Without Pay

At its discretion, for the purpose of stabilizing the work force and minimizing the need to furlough, the Company will offer Time Off Without Pay (TOWOP) in lieu of a reduction in personnel. The Company may also offer TOWOP prior to offering a voluntary furlough. Time Off Without Pay will be offered in seniority order at the domicile where the overstaffing condition exists. A Flight Attendant may take a maximum of thirty (30) days (31 days in a calendar month of 31 days if taken consecutively) after which time she/he will have Time Off Without Pay approved only after those who have used less than thirty (30) days have been offered such time regardless of seniority.

A Flight Attendant granted such time off without pay will retain and accrue seniority and longevity, and normal fringe benefits during such time off.

A minimum of seven (7) days Time Off Without Pay must be requested. No more than one period of Time Off Without Pay will be permitted within a bid period unless such time is requested in connection with an approved vacation period that would provide for one consecutive period of time off. The seven (7) day minimum may be waived if the time, in connection with vacation would not permit the seven (7) days to fall within the bid period.

A Flight Attendant may not work trips during a period of Time Off Without Pay. However, participation in ground assignments, such as training or other non-flight related promotions will be permitted.

A Flight Attendant in her/his grace month may be required to attend recurrent training during a period of TOWOP. A Flight Attendant in her/his base month may be required to attend recurrent training only if no training is scheduled for the following month. Additionally, a Check Flight Attendant will not be required to perform flight checks during a period of TOWOP.

The Company will advise the Flight Attendant(s) of anticipated TOWOP through a memorandum available at each domicile as early as practical.

H. Workers Compensation

1. Flight Attendants who miss work as a result of an on-the-job injury or illness shall receive benefits pursuant to applicable state law. Seniority and longevity shall continue to accrue while on an occupational leave of absence.
2. The extent of such leave will not extend beyond eight (8) years from the commencement of the workers compensation leave, but Flight Attendants shall only be eligible to pay active employee rates for medical insurance for a period of five (5) years or until they are declared permanently disabled for the Flight Attendant position for the purposes of Workers Compensation. For Flight Attendants currently on Workers Compensation Leave, the five (5)/ eight (8) year period shall commence on April 9, 2014.
3. While on Workers Compensation Leave, a Flight Attendant shall only accrue vacation through the end of the year in which they file their Workers Compensation claim. If the Flight Attendant does not return to work before the end of the year, such vacation will be paid out at the end of the year. For purposes of this limitation, all Flight Attendants currently on Workers Compensation Leave shall accrue vacation through December 31, 2014.
4. Sick leave accrued while on Workers Compensation Leave for injuries/illnesses incurred after April 9, 2014, shall not be paid out, unless the Flight Attendant returns to active service for a period of time equal to or greater than the period of the Worker's Compensation Leave.
5. While on OJI, if the Company offers light duty, the Flight Attendant shall have the option to accept the light duty assignment.
6. A Flight Attendant returning from OJI shall receive her/his monthly guarantee, prorated for a partial month, from the date the Flight Attendant is released to return to work. However, if the Flight Attendant needs any training prior to returning to work, her/his monthly guarantee shall begin on the earlier of:
 - a. the date she/he attends training; or
 - b. the eighth (8th) day after being released to return to work if the Flight Attendant needs recurrent training ; or
 - c. the thirtieth (30th) day after being released to return to work if the Flight Attendant needs training other than recurrent training.

I. General

1. Notwithstanding the subsections above, seniority and longevity shall continue to accrue for all absences less than thirty-one (31) days.
2. In the event a Flight Attendant receives a summons to appear in court, she/he shall be removed from the schedule without pay. Flight Attendants summoned to appear in court shall provide a copy of the summons to the Director of Inflight Services immediately upon receiving it. However, Flight Attendants shall make a reasonable effort to trip trade or move the court appearance.
3. A Flight Attendant placed on an approved unpaid Leave of Absence or furlough in excess of thirty-one (31) days will not be required to make uniform payments.

J. Family Medical Leave (FML)

1. The Company shall comply with the provisions of the Family Medical Leave Act.
2. Family Medical Leaves shall run concurrently with a Medical Leave.
3. A Flight Attendant will be eligible for a FML if she/he has completed one (1) year of active service.

4. A Flight Attendant on a FML shall retain and accrue seniority and longevity while on a FML.

K. Management Leave

A Flight Attendant who accepts a position as the Director of Inflight or reporting to the Director of Inflight shall retain and accrue seniority and longevity while serving in the position.

L. Union Leave

A Flight Attendant who accepts an elected position with the Union shall retain and accrue seniority and longevity for the term of office. A Flight Attendant who is appointed to a position with the Union shall retain and accrue seniority, but not longevity for the term of the appointment. Benefits associated with employment will be handled consistent with other employees on an unpaid leave of absence. Flight Attendants on a Union Leave in accordance with this Section shall be entitled to the same pass benefits as if she/he were not on such leave.

M. Adoption Leave

1. At the Company's discretion, and on a case by case basis, a Flight Attendant who begins legal proceedings to adopt a child may be granted a leave of absence for a period which may last up to 6 months. Such leave will commence on the date that the flight attendant takes custody of the child. Additional leaves will be considered by the Company due to extenuating circumstances.
2. Adoption leave shall run concurrent with Family Medical Leave.
3. A flight attendant shall be required to use her/his accrued vacation at the commencement of Adoption Leave.
4. A flight attendant shall retain but not accrue longevity for pay and vacation step increases while on such adoption leave.
5. A flight attendant shall not accrue vacations days and sick hours while on such adoption leave.
6. Medical, dental, and life insurance benefits will be administered the same as provided for medical leaves.

SECTION 9 RESERVE

- A.** Reserve Flight Attendant lines will be published in accordance with Section 7 and 31 of this Agreement.
- B. Reserve Availability**
1. Flight Attendants on reserve will be subject to call from 0500 to 1900. The Company may change the fourteen (14) hour reserve period by notifying a Flight Attendant the night prior to the reserve shift. The Company will honor requests to waive the remaining period of reserve beginning at 1700 on the last day of the reserve period and the Company will honor requests to be released from the remainder of the reserve day after confirming with scheduling that the last flight from the domicile has departed, when staffing and operational considerations permit.
 2. Days off on reserve lines will not be adjusted except in cases of operational necessity and will be done as provided herein. The total number of days adjusted will not exceed two (2) within any bid period or fourteen (14) within a calendar year, without a Flight Attendant's consent. The cumulative number of days off may not be reduced below the minimum days off as a result of Company adjustments. Additional days may be moved with the Flight Attendant's consent. When a day off is adjusted, the reserve may present Crew Scheduling with three possible replacement day(s). If none of these requested date(s) can be accommodated, the Company shall assign the replacement day(s). The Company shall notify a Flight Attendant whose reserve day/day off is being moved and what her/his new schedule will be as soon as possible. A reserve day will not be adjusted to a Golden Day, without a Flight Attendant's consent.
- C.** Reserve Flight Attendants will contact Crew Scheduling between 1700 and 2100 on the evening prior to commencing a day of reserve.
1. Whenever possible, reserves will be notified of assignment to the 0400 call out period not later than 1600 the day prior.
- D. Reserve Reporting Requirements**
- A Reserve Flight Attendant is required to report from call out within:
1. 120 minutes at LGA,
 2. 90 minutes at airports within busing operations
 3. 75 minutes at all other airports.
- In areas where co-domiciles exist, one of the domiciles will be designated as the "primary domicile" and all requirements will be based on that location. In the event the primary domicile is deactivated, reserve Flight Attendants who reside more than the time periods stated above from the newly designated primary domicile will not be required to relocate within the revised time period stated above.
- It is understood that any subsequent move will not place the reserve Flight Attendant further from the new primary domicile than she/he was at the line of deactivation.
- E.** Reserve Flight Attendants may utilize a beeper and/or cellular telephone while on reserve providing that:
1. They inform the crew scheduler on duty that they will be using the beeper or a cellular phone.
 2. That they advise the crew scheduler on the number(s) and how they are used.
 3. That they ensure that the unit(s) are working and within range of their base facility.

4. A Reserve Flight Attendant (RRF/RSV) will have fifteen (15) minutes to respond to a call from Crew Scheduling. The call out time in Paragraph D, above, shall begin at the time of the initial call from Crew Scheduling. [Company will maintain the current provision within the Flight Attendant Manual (FAM) which states a requirement for a Reserve Flight Attendant to return a call to Inflight Services. The call back to Inflight will be within fifteen (15) minutes as well.]

F. Reserve Assignment

1. A Flight Attendant scheduled for reserve may indicate a preference for being placed on first out or last out status in her/his domicile for a period of reserve by contacting crew scheduling at least 24 hours prior to the beginning of the period.
2. Assignment of flying to reserve will be determined based on the Flight Attendant's indicated preference relative to her/his seniority and days of availability. Days of availability will be considered equal in cases in which each Flight Attendant has a sufficient number of days available to cover the trip. Preference by seniority will govern in that situation. Assignment of flying to a reserve will be made no more than 48 hours in advance of the trip's check in time. Open trips will not be assigned to RSVs if a lineholder has submitted a request for that trip by forty-eight (48) hours prior to the origination of the trip.
3. A reserve Flight Attendant's duty period begins at the time she/he checks in for an assignment. For per diem calculation purposes, a reserve Flight Attendant shall be eligible for per diem when she/he checks in for a reserve assignment at the airport.
4. A reserve Flight Attendant given an assignment shall be available for a change to her/his assignment until one (1) hour prior to the assignment. Either the Flight Attendant or the Company may request to adjust this time.
5. A Flight Attendant on reserve may be assigned to flight(s)/trip(s) or assigned to airport standby. A Flight Attendant assigned to a flight/trip shall be given the complete trip information when the assignment is being made. Any RSV Flight Attendant who has been given an assignment will be sent a crew card if so requested. Scheduling will attempt to transmit the crew card promptly by electronic means. However, a Flight Attendant shall not delay a flight departure solely in order to receive the crew card. Airport standby shall be for seven (7) consecutive hours.
 - a. The duty period of a Flight Attendant on airport standby shall begin when she/he checks in at the airport.
 - b. A Flight Attendant assigned to airport standby who deadheads to such assignment shall have her/his standby period begin when she/he checks in for the deadhead. She/he shall be given the departure and return deadhead information and locator number at the time the assignment is made. If no assignment is given during the standby period such Flight Attendant shall be scheduled to deadhead home between one hour prior to the end of the standby period and the time the standby period is scheduled to end and shall not be available for reassignment for the remainder of the calendar day.
 - c. If she/he is not assigned to a flight duty during the standby period she/he shall check out at the end of the airport standby period and shall be free from all duty for the remainder of the day.
 - d. A flight given to a standby must be scheduled to depart within one (1) hour after the end of the standby period.
6. Flight Attendant on reserve who is called to duty for less than 4.5 hours of duty may:
 - a. be released and shall immediately start her/his rest period, or
 - b. be reassigned to a different flight/trip(s), or

- c. be placed back on reserve, providing she/he has the opportunity to return home or to another contact point. She/he shall be required to remain on duty from the time she/he checked in for her/his reserve assignment until released, or she/he has reached the fourteen (14) hour availability period.
 - d. A Flight Attendant who is placed back on reserve may offer to sit airport standby. If the Company accepts the offer she/he shall sit standby for a period not to exceed six (6) hours from the time her/his flight assignment ended. If she/he is not assigned to duty during the standby period she/he shall check out six (6) hours after the beginning of the shift and shall be free from all duty for the remainder of the day. A flight given to a standby must be scheduled to depart within one (1) hour after the end of standby period.
- 7. A Flight Attendant on reserve who is called to duty for an assignment with 4.5 or more hours shall at the end of the reserve assignment be either immediately reassigned to a trip/flight or released from duty the remainder of the calendar day in which the duty commenced.
 - 8. A Flight Attendant on reserve who receives a reserve assignment must be given at least one (1) rest period in domicile for every five (5) consecutive days on reserve.

G. General

- 1. A reserve day that did not result in a flight assignment shall not be considered to be a day off.
- 2. A Flight Attendant who is assigned a trip while on a reserve day and then reassigned/rescheduled/extended shall not be subject to the reassigned/rescheduled/extended stipend or the reassigned/rescheduled/extended limitations set forth in Section 7. Scheduling or Section 31. Hours of Service.
- 3. A Flight Attendant on reserve shall not be given an assignment or reassigned to a flight/trip that does not return her/him to her/his domicile on the last scheduled day of reserve, without the Flight Attendant's consent.
- 4. If a Reserve Flight Attendant cannot be returned to domicile prior to a scheduled day off and is required to RON, she/he shall deadhead back to domicile. If the deadhead is changed to a RSV day when checking in and is now working, it is considered a junior man for pay, but no junior man credit shall apply.

H. Out of Domicile Reserve

- 1. A Flight Attendant may be on reserve at a location other than her/his domicile, with the approval of Crew Scheduling. Such reserve duty will be governed by the contractual reserve provisions and the Company will incur no additional expense for the out of domicile reserve (such as hotel rooms, etc.).
- 2. Should the Company accept the Flight Attendant's offering to sit Out of Domicile reserve, assignments to flight duty will originate from the Out of Domicile location and shall end at that same location or her/his domicile.
- 3. To maintain schedule integrity, the Company may require the Flight Attendant to return to her/his original domicile within a stretch of reserve days. If the out of domicile request has to be revoked during a stretch of reserve days, adequate notice will be provided to the Flight Attendant to allow the Flight Attendant to get into position for the next reserve day(s) at her/his original domicile.
- 4. Per diem will apply to out-of-domicile RSV if required to sit RSV at the airport in the out-of-domicile location.

SECTION 10 UNIFORMS

- A.** A Flight Attendant shall wear the standard uniform as required in Company regulations at all times when on duty, or in connection with any event or special assignment where the employee is identified as a Piedmont Airlines Flight Attendant.

The uniform or its identifying insignia may not be worn at any function, meeting, or event not directly associated with or sanctioned by the Company unless specifically authorized by the Director of Inflight Service.

B. Initial Issue

1. A new hire Flight Attendant shall be responsible for 100% of the cost of the purchase of her/his initial basic uniform including all required and accessory items.
2.
 - a. In the event a newly hired Flight Attendant is in possession of one or more pieces of the required standard uniform complement as per Paragraph 10.N. below, the Flight Attendant may present such piece or pieces to the Company for approval.
 - b. If, after visual inspection of the uniform piece, the Company approves such piece or pieces, the Flight Attendant may incorporate it or them into her/his initial issue standard uniform complement.
 - c. The decision on whether to approve such piece(s) shall rest with the discretion of the Company. Such discretionary approval shall not be unreasonably withheld and shall be made in writing, with a copy to the Union.
 - d. A Flight Attendant will not be required to purchase the same item that was approved pursuant to this paragraph. However, this does not relieve such Flight Attendant from ordering/purchasing the remainder of the initial complement listed in Section 10.N.
 - e. For replacement purposes, the Flight Attendant's date of hire will be considered the start date for the life of the garment.
3. As long as Inflight management has received prior notification, no Flight Attendant will be held out of service, disciplined, or in any way penalized if their initial issue of uniforms is delayed or unavailable for any reason beyond their control.

- C.**
1. Payment for the first uniform can be made either in a lump sum payment to the Company, or through payroll deduction.
 2. Payroll deductions will be made at a rate of \$27.50 per paycheck.
 3. Upon termination or resignation, any remaining balance will be deducted from the employee's last paycheck. If insufficient funds are available at the time of separation, the remaining balance will become due and payable.
 4. The Company will permit the cost of optional items to be deducted from payroll under the same conditions as those outlined for required pieces. Optional items will be charged at 100% of their cost at all times.
 5. With the exception of B.2. above, all required pieces for the initial uniform must be purchased through the Company.
 6. The Company will loan maternity uniforms to Flight Attendants when requested.

D. Replacements

1. The Company will pay for 100% of the cost of all replacement pieces for the required uniform. A changeover in uniform shall not result in a change of a Flight Attendant's replacement status. For example, the Company changes the uniform. A Flight Attendant who is scheduled to receive her/his second replacement uniform will receive her/his second replacement, of the new uniform, free of charge.
2. If a Flight Attendant voluntarily terminates employment prior to one (1) year after issuance of a replacement item, the portion of the cost of the uniform pieces paid for by the Company will be prorated at 1/12 per month of employment and that cost will be added to any remaining balance.

E. Alterations to Uniform

The Company will pay for the reasonable costs associated with the proper fitting of all uniform pieces. Such alterations shall be limited to standard tailoring such as the shortening and lengthening of hems and sleeves, and the adjustment of waistbands. The Company will not pay for major changes to cut and style of any required pieces, unless specifically approved. Upon completion of the alterations, the Company will pay for such services upon receipt of an itemized invoice.

F. Uniform Insignia

The Company will provide each Flight Attendant with two (2) sets of wings at no charge.

G. Optional Items

1. The Company may provide "optional items" as needed that may be used by the Flight Attendant. When such items are offered, the Flight Attendant must purchase them through the Company. "Similar" items, available from sources other than the Company, may not be worn as part of the uniform.
2. If a Flight Attendant purchases an optional item and the Company changes its policy and no longer allows that piece to be worn within six (6) months of purchase, the Company will give fifty percent (50%) credit of the original price to be used to purchase a new piece.

H. Accessory Items

The Company will outline specific guidelines for accessory items such as shoes, luggage (other than provided), and any other item worn and visible to the public without specifically making them part of the required uniform.

I. Union Insignia

A Flight Attendant shall be permitted to wear the official Union pin on a place visible on the Flight Attendant uniform. The Company reserves the right to designate the location where the official union pin may be worn.

J. Maintenance Allowance

1. Each Flight Attendant will be paid a uniform maintenance allowance of \$22 per month.
2. A Flight Attendant must be active in the month in order to be paid the uniform maintenance allowance.

K. Changeover

1. If the Company makes an immediate change to the uniform, the Flight Attendants will be provided with the new uniform at no cost. For example, the Company changes from a blue uniform to a lime green uniform.

2. If the Company makes an immediate change to a uniform piece and no longer allows a uniform piece(s) to be worn and has replaced it with another piece(s), the Flight Attendants will be provided with the new uniform piece(s) and the accessories, if required, at no cost. For example, the Company changes from the regular shirt to a new style shirt that must be worn with a scarf. The new style shirt and the scarf will be provided at no cost.
3.
 - a. The Company may phase out uniforms and/or pieces by planning a changeover of uniforms and/or pieces at the expiration of each item's lifespan. For example, the current uniform consists of blue shirts. The Company plans to replace the blue shirt with a white shirt. When ordering replacement shirts a Flight Attendant will order white shirts but will be allowed to wear the blue shirt during the transition.
 - b. If during a period of phased changeovers described in a. above, the Company requires a Flight Attendant to replace a uniform item(s) prior to the expiration of each item's lifespan, the Company will contribute a pro-rata share of the Flight Attendant's 50% payment obligation if applicable. For example, if the item is changed over at a point of half its normal life span, the Company will contribute 50% of the Flight Attendant's portion of the replacement cost, making the Company's total cost 75% and the Flight Attendant cost 25%.
4. Any remaining balance on prior uniform pieces will continue to be deducted until fully paid.

L. Return Policy

A Flight Attendant may return uniform pieces in accordance with the vendor's return policy.

M. The Company will consider the recommendations of the Union's Uniform Committee. Should the Company require a uniform piece that is not part of the complement in N. below, the Company shall work with the Committee to determine the life span of the item and the item will be provided to a Flight Attendant pursuant to her/his replacement schedule. For example, the Company decides to require a hat as part of the required uniform complement. The Company and the Union's Uniform Committee would meet to determine the life span of the hat. The initial piece(s) will be provided to all Flight Attendants as follows:

1. Incumbent Flight Attendant the hat is provided at no charge.
2. New Hires will purchase the item as part of the required complement.

N. Complement

The Initial Uniform consists of the following (male or female):

O. Damaged/Stolen Uniforms

1. A uniform piece which is damaged as a direct result of a Flight Attendant performing her/his duties on the aircraft (torn on sheet metal, ruined by aircraft hydraulic fluid, etc.) will be replaced at Company expense, subject to approval by the Director of Inflight.
2. A Flight Attendant who has a uniform piece(s) stolen while on duty shall notify Inflight Services within forty-eight (48) hours of the time she/he noticed the piece(s) was missing. The initial notification may be done over the phone, but will be followed up with an Incident Report via comail or fax. The Director of Inflight will make a determination as to whether or not the piece(s) was stolen through no fault of the Flight Attendant. Should the Company determine the Flight Attendant was not at fault the item will be provided to the Flight Attendant at no cost. The replacement item may be a used or returned item as long as it is of comparable or better quality than the originally damaged or stolen piece(s).
3. For the purposes of this subsection O. the luggage shall be considered part of the uniform.

P. General

1. The Company shall not charge Flight Attendants more for a uniform piece(s) than they are being charged from the vendor.
2. If prices are not available on the vendor website, then upon request, the Company shall furnish a Flight Attendant with a copy of the price list.
3. If uniform status is no longer available on the Company website, then semi-annually, the Company shall provide a Flight Attendant with her/his uniform account status. This shall be done during the first half of February and August and shall include pieces purchased/replaced, the date purchased/replaced, amount paid and amount due. Nothing shall preclude a Flight Attendant from requesting that information at any time.
4. All uniform pieces distributed by the Company shall be new and unused. Flight Attendants may purchase used pieces from the Company at reduced prices.
5. Mainline fit line is currently available in CLT and PHL. Should circumstances change such that this provision is ineffectual, the parties shall meet to discuss available options.

SECTION 11 SENIORITY

A. Seniority Accrual

Seniority will begin to accrue upon commencement of initial Flight Attendant training. Seniority within the class shall be determined in the following manner;

1. current Company employees, in Company seniority order, then
2. new employees, from oldest to youngest, as determined by date of birth, with the oldest being given the lowest seniority number.

B. The Flight Attendant seniority list will be brought up to date at least twice a year (January 1 and July 1) and posted within thirty (30) days thereafter.

C. Seniority List Discrepancies

Any alleged error or omission affecting a Flight Attendant's seniority on any list must be protested by the affected Flight Attendant within thirty (30) days of the posting. A Flight Attendant making no protest within the time specified may not thereafter protest the alleged error or omission on the disputed list or any subsequent list(s).

D. Seniority Loss

Seniority will be forfeited in the event of resignation, retirement, discharge for cause, failure to return from leave, furlough in excess of four (4) years, or transfer into a Department other than Inflight.

E. Seniority will govern bidding rights, furlough, displacements from domiciles, recall after furlough, vacation preference and domicile vacancy assignments and awards, and other items as stated in this Agreement.

SECTION 12 PROBATION

A. Probationary Period

A Flight Attendant will be on probation for the first nine (9) months of continuous active service with the Company as a Flight Attendant.

The Company may extend a Flight Attendant's probation for cause. In no event shall the extension last for more than three (3) months. The Flight Attendant and the Union must be notified of the extension prior to the end of the Flight Attendant's first probation and the reason for the extension must be given.

B. Probationary Flight Attendants do not have access to the Grievance and System Board sections of this Agreement to contest disciplinary actions. However, they may have access to contest contractual issues.

**SECTION 13
UNION BUSINESS**

- A.** A representative of the Union will be permitted to utilize a training classroom to address interested new hire Flight Attendants either prior to the beginning or after the completion of a training day. The date for such a meeting will be determined by the Training Department and the Union. An instructor or other representative of the Company may attend such a session.
- B.** The Company agrees to a Flight Pay Loss provision. The amount of flight pay loss billed to the Union will be calculated by multiplying the scheduled number of hours missed, times the applicable hourly rate, plus benefit costs of 25%. The Company shall not seek reimbursement for the first thirty (30) hours per month of Flight Pay Loss. The Company shall invoice the Union within sixty (60) days of the dropped trip.
- C.**
1. Operational requirements permitting, the Company shall honor requests of the Union for release of Flight Attendants for Union business. Trips dropped for Union business prior to the Final Bid Award shall be placed into open time or a Build-up line. Upon request, at least one (1) Flight Attendant may drop up to eight (8) work days per bid period for Union business prior to the final award.
 2. A Flight Attendant who misses a trip(s) dropped for Union business shall receive pay and credit for such trip(s) so noted on her/his overtime sheet and approved by the LEC President.
 3. A Flight Attendant whose Union trip drop request was denied who subsequently trades or drops the trip on her/his own shall have those days denoted on her/his line as days off for Union Business.
 4. Trips dropped for Union Business will be dropped in their entirety, unless the Union or Flight Attendant requests otherwise.
- D.** Positive space travel to and from domicile will be provided by the Company for designated Union representatives and grievants traveling to System Board or negotiations. Positive space travel will also be provided for any other meetings initiated by the Company, including discipline meetings. Such travel will, upon request, be arranged from the station nearest the flight attendant's or representative's residence provided such station is served by US Airways or US Airways Express. Other meetings will be handled on a case by case basis, in accordance with US Airways Corporate Travel Policy.
- E.** The LEC President or his/her designee at each domicile shall be allowed use of company Flight Attendant mailboxes and COMAT for distribution of official union material and will ensure that such material is professional, appropriate and not derogatory toward the Company.
- F.** The Company shall provide the following information to the LEC President on a quarterly basis, the name, address, phone number, employee number, date of hire, domicile and status information of each Flight Attendant. This information does not have to be supplied on a single form.
- G.** Notwithstanding any other provisions of this Agreement, with the Company's concurrence, three (3) Flight Attendants designated by the Union may be awarded paid Union business leave on any days specified by the Union for the purpose of negotiations or negotiations preparation. Unless the leave is requested for a meeting scheduled with less than two weeks' notice, Union business leave requests shall be made at least two weeks prior to the first day of leave requested.
- H.** The Company will provide to the Union each quarter, in an excel format that is not password protected, a membership report that shall include, at a minimum, the following:
- o Name, address, date of hire, and phone number, for each flight attendant.
 - o Leaves of Absence, Termination, and Resignation data.

SECTION 14
UNION SECURITY AND DUES CHECK OFF

- A.** Each Flight Attendant of the Company covered by this Agreement who fails to voluntarily acquire or maintain membership in the Union, shall be required, as a condition of continued employment, beginning sixty (60) days after the effective date this Agreement or the completion of her/his probationary period, whichever is later, to pay to the Union each month a service charge as a contribution for the administration of this Agreement and the representation of such employee. The service charge shall be an amount equal to the Union's regular and usual monthly dues and periodic assessments, including MEC assessments.
- B.** The provisions of this Section shall not apply to any employee covered by this Agreement to whom membership in the Union is not available upon the same terms and conditions as are generally applicable to any other Flight Attendant, or to any Flight Attendant to whom membership in the Union was denied or terminated for any reason other than the failure of the Flight Attendant to pay initiation (or reinstatement) fee, dues and assessments uniformly required. Nothing in this section shall require payment of any initiation (or reinstatement) fee, by any Flight Attendant not required to make such a payment pursuant to the Union's Constitution and By Laws.
- C.** If any Flight Attendant of the Company covered by this Agreement becomes delinquent in the payment of her/his service charge or membership dues, the Union shall notify such employee by Certified Mail, Return Receipt Requested, copy to the Director of Personnel of the Company, or her/his designee, that she/he is delinquent in the payment of such service charge or membership dues as specified herein and is subject to discharge as a Flight Attendant from the Company. Such letter shall also notify the Flight Attendant that she/he must remit the required payment within a period of fifteen (15) days or be discharged.
- D.** If, upon the expiration of the fifteen (15) day period, the Flight Attendant remains delinquent, the Union shall certify in writing to the Vice President-Human Resources, copy to the Flight Attendant, that the Flight Attendant has failed to remit payment within the grace period allowed and is therefore to be discharged. The Vice President-Human Resources shall thereupon take proper steps to discharge such Flight Attendant from the service of the Company.
- E.** A grievance by a Flight Attendant who is to be discharged as a result of an interpretation or application of the provisions of this Section shall be subject to the following procedures:
1. A Flight Attendant who believes that the provisions of this Section have not been properly interpreted or applied as they pertain to her/him may submit her/his request for review in writing within five (5) days from the date of her/his notification by the Vice President-Human Resources as provided in Paragraph D above. The request must be submitted to the Director-Inflight Services, or her/his designee, who will review the grievance and render her/his decision in writing not later than five (5) days following receipt of her/his grievance.
 2. The Director-Inflight Services, or her/his designee, shall forward her/his decision to the Flight Attendant, with a copy to the Union. Said decision shall be final and binding on all interested parties unless appealed as hereinafter provided. If the decision is not satisfactory to either the Flight Attendant or the Union, then either may appeal the grievance within ten (10) days from the date of the decision directly to a neutral referee who may be agreed upon by the Company and the Union within ten (10) days thereafter. In the event the parties fail to agree upon a neutral referee within a specified period, either the Company or the Union may request the National Mediation Board to name such neutral referee. The decision of the neutral referee shall be final and binding on all parties to the dispute. The fees and charges of such neutral referee shall be borne equally by the Company and the Union.
- F.** During the period a grievance is being handled under the provisions of this Section, and until final award by the Director-Inflight Services, her/his designee, or the neutral referee, the Flight Attendant shall not be discharged from the Company nor lose any seniority rights because of non-compliance with the terms and provisions of this Section.
1. A Flight Attendant discharged by the Company under the provisions of this paragraph shall be deemed to have been "discharged for cause" within the meaning of the terms of this Section.

2. It is agreed that the Company shall not be liable for any time or wage claims of any Flight Attendant discharged by the company pursuant to a written order by an authorized Union representative under the terms of this Section.
3. The Union agrees to indemnify and hold the Company harmless against any suits, claims, and liabilities which arise out of, or by reason of, any action taken by the Company pursuant to a written order from an authorized Union representative under the terms of this Section.

G.

1. During the life of this Agreement, the Company agrees to deduct from the pay of each Flight Attendant covered by this Agreement and remit to the Association of Flight Attendants-CWA, membership dues uniformly required by the Association of Flight Attendants-CWA, as a condition of acquiring or retaining membership, and in accordance with the provisions of the Railway Labor Act, as amended, or a service charge provided such Flight Attendant voluntarily executes the following agreed upon form. This form, "Voluntary Assignment and Authorization for Payment of Union Service Charge and Dues", also to be known as a Service Charge and Dues Form, shall be prepared and furnished by the Association of Flight Attendants-CWA.
2. When a member of the Association of Flight Attendants-CWA properly executes such Service Charge and Dues Form, the Treasurer to the Association of Flight Attendants-CWA, shall forward an original copy to the Vice President-Human Resources, Piedmont Airlines, Inc. Any Service Charge and Dues Form which is incomplete or improperly executed will be returned to the Treasurer. Any notice of revocation as provided for in the Agreement or Railway Labor Act, as amended, must be in writing, signed by the Flight Attendant and delivered by Certified Mail, addressed to the Vice President-Human Resources, Piedmont Airlines, Inc. with a copy to the Association of Flight Attendants-CWA. Service Charge and Dues Forms and notices received by Piedmont Airlines will be stamp dated on the date received and not when mailed.
3. When a Service Charge and Dues Form, as specified herein, is received by the Vice President-Human Resources, Piedmont Airlines, Inc. on or before the first day of the month, deductions will commence with the second payday of the month following, and will continue thereafter until revoked or canceled as provided in this Section. The Company will remit to the Association of Flight Attendants-CWA, payment of all dues and assessments collected, by the tenth (10th) day of the following month in which they are collected. These remittances will be subject to normal accounting practice with respect to adjustments necessary because of the methods involved in the deduction procedure. The Company remittance of the Association of Flight Attendants-CWA membership dues to the Association of Flight Attendants-CWA shall be done electronically and will be accompanied by an Excel spreadsheet (not password protected), which shall include names, payroll numbers, and amounts deducted for Flight Attendants for whom deductions have been made in that particular period.

Additionally, upon receipt of the properly executed Service Charge and Dues Form, the Company will deduct and remit to the Association of Flight Attendants-CWA the initiation fees for new members. Such fees will be payroll deducted in equal installments over a period of three (3) months.

4. a. No deduction of the Association of Flight Attendants-CWA dues will be made from the wages of any Flight Attendant who has executed a Service Charge and Dues Form and who has been transferred to a job not covered by this Agreement, who is on furlough, or who is on leave without pay. Upon return to work as a Flight Attendant covered by this Agreement, whether by transfer, reinstatement or return from leave without pay, or recall from furlough, deductions shall be automatically resumed, provided the Flight Attendant has not revoked the assignment in accordance with the other appropriate provisions of this Section and of the Railway Labor Act, as amended.
- b. A Flight Attendant who has executed a Service Charge and Dues Form and who resigns or is otherwise terminated (other than by furlough) from the employ of the Company, shall be deemed to have automatically revoked her/his assignment and if she/he is re-employed,

must execute and provide to the Company a new Service Charge and Dues Form, whereupon the Company will resume deduction of Union dues.

5. Collections of any back dues owed at the time of starting deductions for any Flight Attendant and collection of dues missed because the Flight Attendant's earnings were not sufficient to cover the payment of dues for a particular pay period, will be the responsibility of the Association of Flight Attendants-CWA and will not be subject to payroll deductions.
6. Deductions of membership dues shall be made monthly provided there is a balance in the paycheck sufficient to cover the amount after all other deductions authorized by the Flight Attendant or required by law have been satisfied. In the event of termination of employment, the obligation of the Company to collect dues shall not extend beyond the monthly period in which her/his last day of work occurs.

H. FlightPAC Contributions

1. The Company shall provide a means for payroll deductions for voluntary Flight Attendant contributions to the Association's political action committee, known as FlightPAC.
2. All payroll deduction authorizations shall be submitted to the Association's MEC President, who will forward the original signed copy to the Payroll Department, Piedmont Airlines, Inc.
3. The forms necessary for the administration of the FlightPAC will be provided by the Association and distributed to all Flight Attendants by the Association. FlightPAC payroll deductions will be made from each paycheck and remitted to the Association via Electronic Money Transfer within ten (10) days after the second payday of the month. The Company will promptly send via electronic medium a separate list of names, domiciles, payroll numbers, pay periods and total amounts deducted for those Flight Attendants for whom such deductions have been made as soon as possible thereafter. Such payroll deductions will automatically cease if the Flight Attendant is terminated, furloughed, or is not in active service with the Company during the pay period. FlightPAC payroll deductions for a Flight Attendant who returns from a furlough, leave of absence, or who is reinstated will automatically be reactivated.
4. Any revocation of FlightPAC deductions shall be submitted in writing, signed by the employee and submitted to the Association's MEC President, who will forward a copy to the Payroll Department, Piedmont Airlines, Inc.

SECTION 15

GRIEVANCES, INVESTIGATION AND DISCIPLINE

- A.** A grievance is a dispute between the parties arising under the terms of the Agreement. Any Flight Attendant or group of Flight Attendants (except as noted in Section 12) who have a grievance concerning any action of the Company affecting them shall be entitled to have such grievance handled in accordance with this procedure. Prior to the filing of a grievance, the Flight Attendant or Flight Attendants will discuss the matter with the Director of Inflight Services, or her/his designee, in an effort to resolve it. If it is mutually agreed, by the Company and the grievant, that such action will not facilitate a resolution of the issue, this step may be waived. When a written grievance is filed, it shall contain a reference to the provisions of the agreement alleged to have been breached and a short, concise statement of the facts involved.
- B.** Written grievances must be submitted to the Vice President of Flight Operations, or her/his designee, within thirty (30) days after the Flight Attendant has knowledge or would be reasonably expected to have knowledge of the event which gave rise to the grievance.

Hearing

1. Within ten (10) days of receipt of the grievance, a hearing will be held by the Vice President of Flight Operations or her/his designee.
 2. Within then (10) days of such hearing the Company shall render its decision in writing and shall furnish the Flight Attendant, a designated Union representative and the AFA-CWA Legal Department a copy thereof.
 3. The grievant shall have the right to be represented at the Grievance Hearing by a Union representative or another Piedmont Airlines Flight Attendant.
- C.** If the decision in paragraph B.2. is not satisfactory to the Flight Attendant, it may be appealed by the Union to the System Board of Adjustment within thirty (30) days after receipt by the aggrieved Flight Attendant(s) of the decision. Decisions appealed to the System Board of Adjustment will be subject to the Grievance Mediation process prior to being heard by the System Board of Adjustment. Witnesses for both parties may be presented at Grievance Mediation. Unless mutually agreed otherwise by the parties, all decisions/awards reached in grievance mediation will be on a non-precedent, non-referral basis.
- D.** Deadlines may be extended by mutual agreement in writing.
- E.** Written filings and decisions as described in this Section may be conveyed electronically via email. If the sending party does not receive confirmation of receipt within three (3) business days of sending the email, they will phone the recipient to verify delivery.
- F.** Disciplinary and Discharge Grievances/Investigations
1. Discipline will only be levied for just cause. Except for a verbal warning, a Flight Attendant shall not be disciplined or dismissed from the Company without notification in writing with a copy to the MEC President / LEC President and the MEC Grievance Chairperson, of the precise charge or charges against him/her.
 2. Discipline Meetings
At any meeting specifically convened to discuss matters that could result in discipline, a Flight Attendant shall be advised of that possibility and shall be entitled to be accompanied by a Union representative or another Flight Attendant. When the Company requires a Flight Attendant's presence for a meeting on her/his day off, the Flight Attendant will be paid two (2.0) hours for that day. Such day will not be considered a day of work for minimum day off purposes.

3. Discipline

A Flight Attendant removed from duty for a hearing or investigation in a disciplinary matter and who is later exonerated shall be paid for all lost flight time, i.e. block time. The Company will make every effort to complete a disciplinary investigation in a timely manner. Should an investigation take longer than 14 days, the Company will provide the Flight Attendant and the Union with a status update at that time. If a Flight Attendant is removed from flying status, the investigation will take no longer than 30 days.

G. Progressive Discipline

1. The Company shall consider any disciplinary action stemming from a major violation that does not result in a discharge (e.g., reporting to work under the influence of alcohol or drugs or the possession of same on Company property; reckless and/or negligent use of Company equipment; willfully misusing, damaging or destroying Company property or the property of others; falsifying Company records; inadvertent slide deployment; theft of Company property or the property of others; willful violation of a safety rule or FAR; etc.) as cleared after a two (2) year period of active service from the date of issuance if no further similar discipline has been issued during that period.
2. In the case of minor violations (e.g., discourteousness to the public or co-workers; failure to turn in liquor money as required; improper and/or incomplete record keeping; inadvertent violation of a safety rule or safety practice; unauthorized trading of flight schedules; violation of uniform policy; contributing to unsanitary conditions and/or poor housekeeping; etc.) or corrective action for attendance-related discrepancies (e.g., sick occurrences; no-shows; late shows; failure to complete; etc.), a step of progressive discipline will not be based on a prior disciplinary event occurring more than 18 months previously.

H. With mutual consent, a meeting or hearing may be conducted via telephone conference call.

SECTION 16
SYSTEM BOARD OF ADJUSTMENT

- A.** In compliance with Section 204, Title II of the Railway Labor Act, as amended, there is hereby established a System Board of Adjustment for the purpose of adjusting and deciding disputes which may arise under the terms of the Flight Attendants' Agreement and any amendments or additions hereto and which are properly submitted to it, which Board shall be known as "Piedmont Airlines Flight Attendants' System Board of Adjustment," hereinafter referred to as the "Board."
- B.**
1. The Board will consist of two (2) members, one of whom shall be selected and appointed by the Union, and one (1) by the Company, who shall meet as provided herein to hear grievance disputes. The Board will render its decision in writing within fifteen (15) working days of the Board meeting. If the grievance is not resolved by the two member Board, then a third neutral member will be selected to comprise a three (3) member Board. The neutral member shall function as Chairman.
 2. If the Company and the Union agree, the two (2) member Board may be waived and the grievance shall be heard by a three (3) member Board.
- C.** Each party shall advise the other, in writing, of the name of its representative and such designation shall continue into effect until successors are appointed. Either party shall have the right to change its representative periodically, provided that written notification of such representative for any particular dispute must be made prior to the start of the scheduled hearing.
- D.** Whenever a three (3) member Board shall be required, the Company and the Union shall, within thirty (30) days, agree upon the selection of a neutral member to sit with the Board in the consideration and disposition of the case, and if agreement is reached, shall advise the members of the Board of the name and address of the neutral member. The parties will endeavor to agree upon a neutral arbitrator from a list of neutral arbitrators to be agreed upon at the time of signing of this Agreement. In the event the parties are unable to agree upon a neutral arbitrator, either party may request the National Mediation Board for a panel of seven (7) neutrals. The neutral will be selected by alternately striking names until one (1) name remains. The parties will not take longer than fifteen (15) days after a list is sent from the NMB to choose the neutral.
- E.** The Board will have jurisdiction over grievances filed pursuant to the terms of this Agreement. The Board will not have any power to alter or amend the provision of this Agreement, nor to propose changes in hours of employment, rates of compensation or working conditions.
- F.** The Board shall meet with the purpose of hearing and deciding the case to be determined. The Board will render its decision in writing as promptly as possible. A majority vote of (2) Board members shall be sufficient to make a decision which shall be final and binding and conclusive on the Company and the Union.
- G.** The expenses and reasonable compensation of the neutral member will be borne equally by both the parties. Each of the parties will assume the compensation, travel expense and other expenses of the Board members selected by it and the witnesses called by it. Insofar as space is available and to the extent permitted by law, grievants, witnesses and representative who are employees of the Company shall receive space available transportation over the lines of the Company for traveling to and from the location of the hearing.
- H.** All submissions of dispute referred to the Board shall be addressed to the Board with one (1) copy each to the Company and the Union and one (1) copy for each member. One (1) copy of the submission shall be submitted to the neutral third member, if appointed. Each submission shall show:
1. Question or questions at issue;
 2. Statement of facts;
 3. Position of the Union;
 4. Position of the Company.

- I.** The Board shall meet in the city where the general offices of the Company are maintained, or in a mutually agreeable alternate location, during March and September, provided that at such time there are cases filed with the Board for consideration. However, if the Company and the Union mutually agree, a hearing may be called at times other than specified above. A hearing on a discharge case will be conducted as promptly as possible.
- J.** Flight Attendants having a grievance being heard by the Board may be represented at Board hearings by such person or persons as they may choose and designate. The Company and the Union may be represented by such person or persons as they may choose and designate. Evidence may be presented either orally or in writing, or both. All witnesses testifying orally or by deposition shall do so under oath.
- K.** It is understood and agreed that each and every Board member shall be free to discharge her/his duty in an independent manner, without fear that her/his individual relations with the Company, Union or with the employees may be affected in any action taken by her/him in good faith in her/his capacity as a Board member.
- L.** It is understood and agreed that each and every witness summoned by the Board and called by either party shall be free from retaliation or adverse action by either the Union or the Company because of her/his giving testimony in good faith.
- M.** The expense of stenographic service necessary to transcribe Board proceedings shall be borne equally by the parties if the report is requested by both.

SECTION 17 TRAINING

A. Training

1. Flight Attendants in training will be paid and credited 4.0 hours, plus deadhead(s) for each day on which training occurs.
2. Any trips scheduled on specified training dates or "touching trips" shall be dropped from the Flight Attendant's schedule with no pay credit. A touching trip is any trip which must be dropped because it interferes (positioning or crew legality) with the Flight Attendant attending the training. Flight Support may substitute trips or substitute modified trips for touching trips on the Flight Attendant's originally scheduled work days, or the Flight Attendant may elect when submitting her/his initial bid to place reserve days on the originally scheduled work days. In such case, the Flight Attendants minimum monthly guarantee will be protected. Provided, however, the Flight Attendant may elect at the time of the initial bid to drop all touching trips. In such case, the value of his/her line will be adjusted accordingly and the monthly guarantee will not be protected.
Note: Training may only be added before the initials or after the finals.
3. A Flight Attendant who has fallen below her/his originally scheduled line value as a result of touching trips being dropped, may request and will have priority in adding trips during the forty-eight (48) hour period until she/he has accumulated sufficient time to place her/him above her/his original line value, at which time she/he will be placed back into the pool bidding for 48 hour open time pursuant to Section 7.F.3.
4. Training Scheduled After the Final Bid Award
 - a. Any trips scheduled on training dates or "touching trips" (A touching trip is any trip which must be dropped because it interferes, i.e. positioning or crew legality) shall be dropped from the Flight Attendant's schedule. The Company shall assign open flying to those Flight Attendants with conflicting trips in inverse seniority order on the day(s) she/he was originally scheduled to fly. A Flight Attendant not assigned an open trip shall be free from duty on the days that conflicted with the training.
 - b. A Flight Attendant not reassigned to a trip pursuant to a. above shall be paid and credited for the trip(s) missed or dropped because of training.
 - c. A Flight Attendant reassigned to a trip pursuant to a. above shall be paid and credited with the trip(s) dropped or the reassigned trip, whichever is greater, per day.

B. Transportation to Training

Flight Attendants in training out of domicile will be booked on a must ride basis. Crew Scheduling will select flights based upon scheduled starting and ending time of training and will, when practical, book flights in proximity to such times. When, as a result of space limitation, all scheduled Flight Attendants cannot be accommodated on the same flight, the most senior Flight Attendants will be booked on the latest departure to training and the earliest departure from training.

When a Flight Attendant is scheduled to deadhead to/from training, she/he may request to utilize alternate transportation from crew scheduling. Such request shall be granted provided it does not interfere with a previously scheduled assignment. The request must be made within seven (7) days after the publication of the final bid awards for which the training is scheduled. A Flight Attendant who is authorized alternate transportation (released from scheduled deadheads pursuant to the sentence above) shall receive half of the pay and credit for the dropped deadheads for which she/he was originally scheduled. Per diem payments for such assignment will be governed by Section 17.K.3.

If a Flight Attendant is authorized by Inflight services to drive to training, she/he will receive mileage expense at the rate of \$.35 per mile, or more if the Company increases the mileage reimbursement rate for any other

employee group. Such reimbursement will not exceed the amount that would be paid from the Flight Attendant's domicile to the training location as calculated using GoogleMaps. (Pay EX: live in TPA and domiciled in EWN, would pay for mileage from EWN to training site)

C. Training Accommodations

Flight Attendants in training away from domicile will be provided single occupancy rooms.

D. Home Study

1. A Flight Attendant will be paid fifty dollars (\$50.00) for the completion of any required home study packages.
2. A Flight Attendant will be given a minimum of twenty-one (21) days to complete home study.

E. Training days are considered days of work for the one-in-seven, minimum days off, legal rest, and maximum duty period provisions of this Agreement.

F. Recurrent Training

1. The Company shall notify a Flight Attendant of her/his recurrent training date(s), time and location in the bid package.
2. A Flight Attendant who becomes unqualified because of Company convenience (i.e. canceled training, Company removed Flight Attendant from training) or through no fault of her/his own (i.e. deadhead flight cancels and she/he unable to get to training) and cannot be rescheduled into another training class shall receive pay and credit for her/his line until she/he can complete training, provided the Flight Attendant was available for the rescheduling to training. The Company shall drop a Flight Attendant's trip, if necessary, to get her/him into the rescheduled training.
3. No recurrent training will be scheduled on January 1, Thanksgiving day, December 24 or 25. This limitation shall not apply to new equipment type and new hire classes.

G. Initial Operating Experience (IOE)

IOE described herein pertains to incumbent Flight Attendants and not new hire IOE.

1. The Company and the Union shall meet and discuss methods for accomplishing new aircraft IOE, if IOE is required by the FAA.
2. A Flight Attendant who fails IOE shall be given written notice of the failure. This notice shall contain the concise reasons why the Flight Attendant failed. Nothing herein shall preclude a Flight Attendant from filing a grievance pursuant to Section 15. if she/he is disciplined for failing IOE.

H. Check Rides

Check rides described herein pertain to incumbent Flight Attendants and not new hire IOE.

1. A Flight Attendant shall be notified, during boarding, of a flight where she/he is to receive a check ride. The Company may, without notification, conduct unannounced observation rides by individuals who are familiar with Piedmont inflight service regulations, policies and procedures. The purpose of these observation rides is to evaluate on board service and will be proactive in nature.
2. A Flight Attendant shall not be extended or drafted so she/he can receive a check ride. A Flight Attendant may be reassigned or rescheduled to do a check ride, as long as the rescheduled trip will not cause a Flight Attendant to return to the domicile later than the originally scheduled trip.
3. A Flight Attendant who fails a check ride shall be given written notice of the failure. This notice shall contain the concise reasons why the Flight Attendant failed. Nothing herein shall preclude a Flight

Attendant from filing a grievance pursuant to Section 15. if she/he is disciplined for failing a check ride.

4. A Flight Attendant shall be given a copy of the completed check ride form at the completion of the checkride. If a copy of the completed check ride form cannot be provided, the Flight Attendant will not be required to sign the checkride form until such time that a copy can be provided.

I. Training Failures

A Flight Attendant who fails a test in training shall be given the opportunity to retake the test.

J. Training Cancellation/Changes

1. A Flight Attendant whose training day was canceled after the Initial Bid Award but prior to the close of the 48 hour period will have the original trip placed back into her/his line. A Flight Attendant shall be immediately notified in this instance and given the opportunity to rebid the 48 hour request. Super seniority does not apply.
2. A Flight Attendant whose training day was canceled after the close of the 48 hour period shall be given the opportunity to pick up an open time trip, in seniority order, or be reassigned to a trip, if available, on the training day(s). The Company may deny the trip request of a Flight Attendant to maintain operational integrity. A Flight Attendant whose trip request is denied shall receive the pay and credit for the trip she/he requested or actually flies, whichever is greater. If no trip is available, a Flight Attendant shall be free from duty on the training day(s).
3. The Company shall notify a Flight Attendant as far in advance as possible that her/his training has been canceled.
4. If the Company needs to remove a Flight Attendant(s) from recurrent training to fly a trip, the most junior Flight Attendant in the affected domicile who is not in her/his grace month will be chosen to fly the trip, as long as that trip does not create a scheduling conflict with the remainder of her/his monthly schedule. Notification of this change shall be given to the Flight Attendant as soon as possible, but no later than 2100 the night before training.
5. Flight Attendants in the same domicile may trade training dates if they were scheduled for training in the same month as long as it is legal pursuant to the F.A.R.s and this Agreement. Trading training dates must be done during the initial bidding process by submitting a request.

K. General

1. A Flight Attendant who is required to work the flight in or out of training shall be paid for the flight in addition to the pay for the training day. A Flight Attendant shall not be required to work a trip on a training day.
2. Flight Attendants will be trained on all aircraft types in their domicile. Once an aircraft reaches twenty-five percent (25%) of the total fleet, all Flight Attendants, regardless of domicile, will be trained in that aircraft.
3. A Flight Attendant who is scheduled for training outside of her/his domicile will be paid per diem commencing with the report time for scheduled travel from her/his domicile and end at block in time upon return to base. In the event the Flight Attendant chooses to travel earlier than scheduled, or to return later than scheduled, per diem will be paid only for the time at the location of the training.
4. A Flight Attendant required to perform hands-on training before, during or after a duty period shall receive one (1) hour of pay and credit for such training.
5. A Flight Attendant cannot be required to attend recurrent training with less than forty-eight (48) hour's notice prior to the training day.

SECTION 18
FURLOUGH, DISPLACEMENT AND RECALL

A. Furlough

1. Prior to furloughing, the Company will meet with the Union to explore alternatives to mitigate the need for furloughs. If a furlough becomes necessary, the Company will post the number of furloughs anticipated and voluntary furlough will be offered in seniority order at the domicile where the overage of personnel occurs.
 - a. The Company will not object to applications for unemployment insurance by flight attendants because they are participants in the voluntary furlough. It is understood that the flight attendants who volunteer are simply replacing a certain number of flight attendants who would otherwise be furloughed by the Company, and that, therefore, the flight attendants who choose voluntary furlough are to be treated the same as flight attendants who are involuntarily furloughed for unemployment insurance purposes.
2. If voluntary furloughs do not achieve sufficient reduction in force, then Flight Attendants will be furloughed in inverse seniority order at the domicile involved.
3. Displaced Flight Attendants may displace, in seniority order, the least senior Flight Attendant(s) on the system at another domicile.
4. Notice of furlough will be given in writing, at least fourteen (14) days in advance (with a copy to the Association), or pay in lieu thereof, except in cases of strikes, Acts of God or other circumstances beyond the control of the Company.
5. The Company shall continue to provide group medical insurance at no additional cost to the Flight Attendant until the end of the calendar month following the calendar month in which the furlough occurs. [Last date of active service is the same as the furlough date], after which time she/he has the option to pay her/his monthly premium under the provisions of applicable Federal and State statutes.

Example 1: If the furlough occurs June 1st, the employee would continue to pay the employee premiums and receive insurance coverage through the end of June and for the month of July.

Example 2: Furlough occurs May 31st, the employee would continue to pay the employee premiums and receive insurance coverage through the end of June.
6. Pass travel for furloughees will be governed by Company policy.
7. At his/her option, at the time of furlough, a Flight Attendant who is furloughed will receive vacation pay for all accrued and unused vacation time. If the option is not exercised, the vacation will be carried until the flight attendant is recalled from furlough.
8. Flight Attendants shall retain and accrue seniority while on furlough, whether voluntary or involuntary.

B. Recall

1. Recalled Flight Attendants retain but do not accrue seniority during furlough.
2. In order to preserve their recall rights, furloughed Flight Attendants must advise the Company of their current address and telephone number.
3. Furloughed Flight Attendants shall retain unlimited recall rights following the date of furlough.

4. Recall from furlough will be in seniority order by certified mail or other method that requires a signature. Flight Attendants will have seven (7) calendar days from receipt of recall notice to respond. The Flight Attendant will have a minimum of two (2) weeks from receipt of the notice to report for duty.
5. A Flight Attendant who declines recall to her/his former domicile will forfeit all seniority and recall rights. A Flight Attendant who is recalled to other than her/his domicile may decline recall without forfeiting seniority or recall rights, provided there is a less senior Flight Attendant on furlough who is eligible for recall. A Flight Attendant who is recalled to his/her domicile may decline recall once without forfeiting seniority or recall rights provided there is a less senior Flight Attendant on furlough who is eligible for recall.
6. If the Flight Attendant is recalled to a domicile other than her/his domicile at the time of furlough, moving expenses, in accordance with Section 21, will be granted providing an actual residence is established at the new domicile. All voluntary moves subsequent to such recall will be subject to the provisions of Section 21.
7. A Flight Attendant recalled from furlough will not be furloughed again for at least 60 days. In the month she/he is recalled, her/his minimum monthly guarantee and all benefits shall be prorated for the portion of the month for which she/he is recalled to active status.
8. A Flight Attendant who has entered into a full time educational program while on furlough and who receives notice of recall before said program is completed, shall be placed on a personal leave of absence commencing with the date of recall until the end of the current quarter/semester. The Flight Attendant must provide proof that she/he was already enrolled in the educational program prior to having received recall notification.

C. Other Employment With The Company

A furloughed flight attendant seeking alternate employment with the Company may file a form provided by the Human Resources Department and be considered for such available employment for which he/she may be qualified. If employed by the parent or a wholly owned carrier, the flight attendant will keep her/his Company travel date in accordance with Company policy.

**SECTION 19
JOB VACANCY BID SYSTEM**

A. Permanent Bid System

The Company will maintain a permanent bid file in which each Flight Attendant lists her/his desired crew base in order of preference. These bids may be updated at any time, except when the bid file is "frozen" as described in "C".

B. Flight Attendants will be responsible for ensuring that their current permanent bids reflect their assignment priorities.

C. Posting of Openings

1. The Company will post anticipated openings system wide for a minimum of seven (7) days prior to freezing the permanent bid file. At the close of the posting period, the Company will post awards, including any awards resulting from vacancies created by the filling of the initial posting. In addition, all Flight Attendants affected by the awards will be notified in writing. Such awards may be for a period up to ninety (90) days in advance of the assignment.

2. Posting shall mean putting the information on a visible spot on the crew room bulletin board at each domicile and in STARS or any successor system.

3. Vacancies shall be awarded in seniority order.

D. Permanent bid forms must be completed, dated and signed by the Flight Attendant in order for the bid to be considered valid.

E. Openings that remain available after evaluating permanent bids will be offered to new hire Flight Attendants, if any. If there are no available new hires, then the openings may be assigned to the most junior Flight Attendant.

F. Temporary Duty (TDY)

1. For any vacancy lasting 30 days or less, postings shall be done in bases where there exists an overage of Flight Attendants. A Flight Attendant awarded such a position shall receive expenses and hotel accommodations as outlined in Section 6, as if she/he were out of domicile for the duration of the award.

2. If a Flight Attendant is filling a vacancy of 30 days or less and returns to her/his permanent domicile on days off, she/he will not be eligible for per diem or hotel for that period.

3. For the purposes of limitations, a Flight Attendant shall be on duty when she/he deadheads to/from a TDY assignment. Deadhead only days to and from a TDY assignment will be paid at 4.0 hours per day. Deadhead only day(s) are considered a duty day for the purposes of pay and one in seven rest requirements.

4. The Company will adjust the Flight Attendant's schedule as appropriate to allow for the transition to the TDY domicile. Such adjustment will, at a minimum, guarantee the Flight Attendant one (1) day off prior to departing for the TDY assignment. This guaranteed day off may be counted toward the Flight Attendant's minimum monthly days off.

**SECTION 20
OPENING AND CLOSING OF DOMICILES**

- A.** The Company shall advise the Union of anticipated domicile openings as early as practical. Anticipated domicile closings will be made known to the Union as early as practical, but at least sixty (60) days prior to the closing date.
- B.** When a new domicile is opened, openings will be posted and awarded as described in Section 19 of this Agreement.
- C.** When a new domicile is opened that involves a reallocation of flying for existing staff, and insufficient bids are received to fill the openings at the new domicile, the most junior Flight Attendants within the domicile from which flying is being moved will then be assigned to fill remaining vacancies.
- D.** When a domicile is closed or reduced, but no furloughs are to occur, the Company shall open vacancies at each domicile equal to at least ten percent (10%) of the number of active Flight Attendants currently at that base, or the number of vacancies created by the movement of flying to that base, whichever is greater. Flight Attendants being displaced from the affected domicile may exercise their seniority to transfer to a vacancy.
- E.** When the closing, or reduction of a domicile will result in furloughs, the provisions of Section 18 of this Agreement will apply.
- F.** In the event the Company opens a new domicile, the parties will meet and confer to discuss the appropriate report time and crew lounge facilities within thirty (30) days of the announcement of the new domicile.

G. **Severance Packages**

When a net reduction in system-wide flying results in a domicile being closed, the company will offer severance packages to affected flight attendants who opt not to transfer. Such severance packages shall include, at a minimum, the following:

1. non-revenue travel privileges in accordance with Company policy for furlougees at the time.
2. pay out of accrued sick leave at three-quarters of an hour (0.75) for every one (1) hour in the sick bank (provided she/he has Perfect Attendance for the 60 days prior to the closing).
3. pay out of accrued vacation.
4. no contest of unemployment benefits.

SECTION 21 MOVING EXPENSES

A. Moving Expenses - Eligibility

1. Moving expenses for a Flight Attendant will be paid by the Company when a Flight Attendant is assigned by the Company to move from one domicile to another, or when a Flight Attendant is forced to move from one domicile to another as a result of displacement or a reduction in force at the domicile. The covered move need not change the Flight Attendant's permanent residence. Moving expenses for all other Flight Attendant transfers shall be paid by the Flight Attendant.
2. A displaced Flight Attendant shall be required to complete a permanent bid card. Such completion of a permanent bid card shall not negate the Company's obligation to pay moving expenses of a Flight Attendant.
3. For any move involving a change of residence (whether permanent residence or not) from Point A to Point B, to establish entitlement to payment for the actual expenses of moving household effects, packing, unpacking, shipping, drayage and replacement insurance, the Flight Attendant must be able to produce documentation to establish a residential arrangement in both the location from which the Flight Attendant is moving and in the new location to which the Flight Attendant is moving.

B. Moving Expense Coverage

The Company shall reimburse moving expenses as follows:

1. Actual expenses of moving up to twelve thousand (12,000) pounds of household effects, packing, unpacking, shipping, drayage and replacement insurance. The Company shall engage and compensate a reputable, bonded furniture moving company with suitable equipment to move normal personal and household effects in order to accomplish the move. Moves will be scheduled to occur on normal working days.
2. A Flight Attendant will be eligible for expense reimbursement for the relocation of two (2) personal vehicles, provided the vehicles are currently registered in the Flight Attendant's or spouse's/Domestic Partner's name. The expense reimbursement rate shall be thirty-five (35) cents per mile or more if the Company increases the expense reimbursement rate for any other employee group.
3. The Company will provide, upon request, documentation to assist the Flight Attendant in terminating a lease, if necessary. In the event that the efforts of the Company are not successful, the Company will pay a broken lease penalty, not to exceed one (1) month's rent.
4. The Company will pay ~~\$350.00~~ to a Flight Attendant who is entitled to Company paid moving expenses to defray relocation costs. In addition, Flight Attendants required to move will be permitted, upon written request, to draw an advance of not more than \$700.00 of their compensation to be repaid in equal installments by payroll deduction over a 3 month period. Advances will be issued within fourteen (14) days.
5. Meal expense at the per diem rate in Section 6 per day for each Flight Attendant and spouse and children over twelve and 50% of that daily rate per day for each child under twelve. The Company will reimburse reasonable lodging expenses for Flight Attendant and family enroute to the new domicile, based on a formula of 400 land miles per day. Per diem and lodging expenses shall be reimbursed for up to three (3) days following arrival at the new domicile, or until arrival of household effects, whichever comes first.
6. A Flight Attendant who is eligible for a Company paid move, may elect to have the move paid from a location other than the domicile from which she/he is being transferred. However, the Company's financial responsibility will not exceed the cost of moving the Flight Attendant and her/his family from the domicile from which she/he was transferred to the new domicile. If the move is from a location

other than the old domicile, and/or to a location other than the new domicile, the move must be clearly in conjunction with the domicile change.

7. Company will reimburse up to \$300 (receipts required) for the hook-up and termination of gas, electric, telephone and household appliances which result from the move to the new domicile.

C. Moving Days

When the Company requires that a Flight Attendant move, the Flight Attendant will be given, upon written request at the time of the monthly schedule bid, up to five (5) consecutive days off in conjunction with the Flight Attendant's move to the new domicile. If a Flight Attendant requests five (5) days, she/he will be given the five (5) days. Such days shall be in addition to a Reserve or Build Up lineholder's regular days off. The Inflight Department and the Flight Attendant will mutually designate the moving period. In the event that a trip or trips must be dropped, the Flight Attendant and Flight Support will mutually designate which trips are dropped. Any Flight Attendant whose trips are dropped pursuant to this section will receive priority for picking up trips in the 48 hour period (Section 7). This will include any touching trips that interface with the beginning or end of the moving period. Days off created by dropping trips for moving days will be in addition to any previously scheduled days off.

1. If a Flight Attendant is not given moving days when the Flight Attendant has requested them (as reflected on the request submitted with the bid), the Flight Attendant will be considered out of domicile commencing with the date requested and expenses in Section 6 will apply until the beginning of the five day period.
2. The provisions of this paragraph will not change the minimum guarantee of the Flight Attendant with respect to any trips dropped for the purpose of the move.
3. If a Flight Attendant voluntarily transfers to another domicile, she/he shall be granted four (4) consecutive days off in conjunction with the move. Conflicting trips shall be dropped from the Flight Attendant's schedule without pay. However, the Flight Attendant's minimum monthly guarantee will be protected. A Flight Attendant will be entitled to only one such period in any 12 month period.

D. The Company shall be under no obligation to pay moving expenses for a new hire's move to her/his initial domicile assignment. The Company shall designate four consecutive immovable days off for a new hire Flight Attendant within thirty (30) days of completion of initial training to facilitate transition. New hire Flight Attendants will be notified of their immovable days off prior to the commencement of the transition days. The computer code shall be RLC.

E. A Flight Attendant shall be eligible for moving expenses for eighteen (18) months after commencement of line flying at the new domicile.

F. Flight Attendants required to move shall be given two round trip passes space available - company business (Code SA-2), or equivalent passes, for the Flight Attendant and family between the Flight Attendant's former domicile and the new domicile. Such passes must be used within six (6) months of the move.

G. When the Company is required to pay moving expenses, nothing in this section is intended to prevent the Company and the Flight Attendant from agreeing to an amount to be paid to the Flight Attendant in lieu of expenses set forth in this section, however the Flight Attendant must obtain Company approval of the arrangement prior to submission of the claim.

H. Domestic Partner as used in all provisions of this Section references the Domestic Partner on the Flight Attendant's Pass Travel.

**SECTION 22
PHYSICAL EXAMINATION**

- A.**
1. A Flight Attendant may be required to submit to a physical examination if there are reasonable grounds to believe that she/he is unable to perform the essential functions of her/his job due to physical or mental impairment.
 2. A Flight Attendant claiming to be disabled may be required to submit to a physical examination to verify the disability.
 3. The Company shall advise a Flight Attendant, in writing, of the need to submit to a physical examination pursuant to 1. above and the reasons for such examination.
 4. If required by the Company to see a certain doctor, the Flight Attendant will be pay protected until the first available appointment after the company has advised the Flight Attendant where to go. For purposes of this provision, pay protection shall cease as of the first available appointment if the flight attendant fails to attend the appointment or fails to bring any required information/materials to the appointment.
- B.** A Company required physical shall be performed by a physician designated by the Company and paid for by the Company. To the extent that any such physical examination or test is not covered by insurance, the Company shall bear the cost. The Company will pay up to \$25 of the cost, if any, for a Flight Attendant to obtain a copy of a physician's report as a result of a Company directed examination. The Company shall make every reasonable effort to accommodate a Flight Attendant who is unable to cover the cost of the examination.
- C.** All information contained in or related to a Flight Attendant's medical file shall be kept confidential and will not be released to anyone without a "need to know," except with the Flight Attendant's written consent or as required by law. If there is a legal requirement to release medical information, the Flight Attendant shall be notified.
- D.** When a disagreement exists over a Flight Attendant's ability to work, a Flight Attendant may have a review of the case. The request for such review must be made within thirty (30) days of notice of the disputed decision by the Company's physician. Such review will proceed in the following manner.
1. The Flight Attendant may employ a qualified medical examiner of her/his own choosing and at her/his own expense for the purpose of conducting a physical examination.
 2. The employee will arrange for a report and the recommendation of her/his personal physician to be made in writing to the Company. The personal physician will specify whether or not the Flight Attendant is considered medically fit to perform Flight Attendant work. In the event both physicians reach the same conclusion, no further review will be offered.
 3. In the event that the findings of the physician chosen by the Flight Attendant disagree with the findings of the physician designated in Paragraph B., the Flight Attendant is entitled upon request, to be examined by another physician mutually agreeable to the Flight Attendant and the Company. The Company and the Flight Attendant will equally share the cost of this examination, offset by any insurance coverage. Copies of the physician's report shall be furnished to the Company and the Flight Attendant.
 4. The case shall be settled on the basis of the findings of the third examination, if necessary.
- E.** When a Flight Attendant is removed from flight status by the Company as a result of failure to pass the Company's physical examination, and appeals such action under the provisions of this Section, she/he shall, if such action is proven to be unwarranted, be paid for all time lost.

1. Scheduled check-in for duty, including deadhead, shall be at the Company's discretion and shall be denoted in the bid package.
2. A Flight Attendant whose check-in time at a RON is revised, will be transported to the airport at a time consistent with the revised check-in time.
3. Check-out of duty at the domicile and at RON stations will be fifteen minutes (:15) after block-in, or when released by the Company.
4. The Company may alter a Flight Attendant's scheduled check-out time to accommodate a duty or rest problem. However, check-out will not be reduced below ten (10) minutes from block-in.

5. Flight Duties After Check-Out

- a. Prior to signing out, a flight attendant shall must check for messages in the SABRE DECS using the following code: HISW/EN/TRIP/DDMMM (example: HISW/EN/8058/04Jun). A flight attendant shall must respond to posted messages prior to signing out. If there is no message for the flight attendant, she/he shall check out and be free from all further duty.
- b. If, prior to signing out, a flight attendant fails to check for messages in the SABRE DECS in the manner set forth above in paragraph a., and instead checks out by using the HISC code, if there is a message, the flight attendant will respond as appropriate must call the Company and perform all additional duties as directed. If there are no further duties directed or assigned at the time of the call, the flight attendant shall be free from all further duties.
- c. The Company agrees to retrieve the message entry time report when a dispute arises, provided the request is not more than 30 days from the time of the event. In the event that the message entry data is no longer available, there shall be a rebuttable presumption that the material previously contained therein is favorable to the flight attendant and/or the Union. AFA will have the right to request this information in an effort to resolve the dispute.
- d. Should the check in/check out system change for any reason, the AFA and PDT will meet and discuss any amendments that may become necessary under this Letter of Agreement.

C. Rest Provisions

1. In Domicile

- a. Flight Attendants shall be scheduled for a minimum of ten (10) hours of rest between duty periods in domicile.
 - b. A Flight Attendant's actual rest in domicile may not be reduced below nine (9) hours release to report without her/his consent. If the Flight Attendant agrees to reduce her/his rest, a hotel room will be offered.
 - c. In no event will a Flight Attendant's rest be less than eight (8) hours.
2. Out of Domicile
- a. Flight Attendants will be scheduled for eight and a half (8.5) hours of rest between duty periods in the hotel.
 - b. A Flight Attendant on an RON may have her/his rest reduced to eight (8) hours.
3. Short Day Following Reduced Rest

The compensatory rest provisions after a reduced rest will be those as provided for in the pilot F.A.R.'s.

D. Duty Period

- 1. Duty time shall not be scheduled, rescheduled, reassigned or extended to exceed fourteen (14) hours per duty period. Such duty period may actually exceed fourteen (14) hours and such Flight Attendant may be required to fly her/his scheduled trip through her/his last scheduled flight, provided such duty period is not projected to or does not actually exceed fifteen and one half (15.5) hours. A Flight Attendant may, at her/his sole option, volunteer to complete a flight that would cause her/him to exceed fifteen and one half (15.5) duty hours.
- 2. A Flight Attendant may not be scheduled, rescheduled, extended, reassigned or junior assigned for more than nine (9) block hours per duty period. A Flight Attendant may exceed nine (9) block hours because of weather, ATC delays, etc. At her/his sole option a Flight Attendant may voluntarily exceed nine (9) block hours per duty period.
- 3. A Flight Attendant who is contacted after 2200 and told to report prior to 0500 shall not be scheduled to exceed, on her/his next duty period, nine (9) hours on duty and shall not actually exceed ten (10) hours on duty.

E. Other Limitations

- 1. A Flight Attendant shall not actually fly more than eight (8) takeoffs and landings per duty period. Not included in this limitation is one (1) deadhead, ferry or reposition flight. At her/his sole option, a Flight Attendant may opt to exceed this limitation by one (1) deadhead if the deadhead would return her/him to her/his domicile at the end of a trip.
- 2. Flight Attendants shall have at least one (1) calendar day off at her/his domicile in seven (7) calendar days. However, if a trip checks-out no later than 0200 it will be considered to have ended in the same calendar day in which it began.
- 3. If the trip checks-out after 0200 on a scheduled day off, it will be considered a day of work and the Flight Attendant shall be free from duty for the remainder of the day. This provision does not establish the basis for the affected Flight Attendant to receive a compensatory day; however, due to extenuating circumstances, the Company may grant a compensatory day on a case by case basis.

F. Schedule Changes

The Company may utilize the following rescheduling, reassignment, junior assignment (drafting) and extension provisions only when necessary to prevent cancellations, to prevent or reduce delays or otherwise

maintain schedule integrity. The Company shall use available reserve line holders required by this Agreement, before changing the schedule of a regular line holder.

1. Reschedule/Reassignments/Extension

- a. To protect the integrity of the schedule, the Company may reassign or extend a Flight Attendant's trip by adding or deleting flights, or may reschedule a Flight Attendant to a different flight(s). Such Flight Attendant shall be guaranteed the greater of the pay otherwise due for the originally scheduled trip or the pay earned for the changed trip.
- b. In the event a Flight Attendant is rescheduled/reassigned/extended and is now scheduled to return to the domicile more than three (3) duty hours after the originally scheduled trip's check-out time in domicile, she/he shall be paid a stipend of 2.5 hours, above the guarantee, in addition to all other pay and credit for the trip.
- c. A Flight Attendant shall not be rescheduled/reassigned/extended more than six (6) duty hours beyond the originally scheduled trip's check-out time without her/his consent.
- d. In the event a Flight Attendant is rescheduled/reassigned/extended for more than four (4) duty hours beyond the originally scheduled trip's check-out time in domicile, the assignment shall be credited as one instance toward her/his "junior assignment" monthly and yearly cap.
- e. A Flight Attendant may not have her/his schedule changed if the change would cause her/him to complete an overnight, if she/he was not scheduled to do an overnight. This provisions does not apply to a Flight Attendant on reserve.
- f. A Flight Attendant shall be notified of a reschedule/reassignment/extension in a timely manner in order for her/him to make alternate plans, if necessary.

2. Trip/Flight Cancellation Reassignment

- a. In the event a Flight Attendant is ready and available to fly and her/his scheduled crew is canceled due to weather, mechanical conditions or operational decisions, and she/he is not rescheduled/reassigned the Flight Attendant shall be credited for one hundred percent (100%) of her/his hourly flight pay for the scheduled flight hours lost due to such cancellations, plus the value (greater of scheduled or actual) of the originally scheduled flights flown. When such cancellation occurs, a Flight Attendant will at the Crew Scheduler's option:
 - i. be released from duty, or
 - ii. be reassigned to other flight duty for a period not to be scheduled to exceed fourteen (14) hours from her/his original report time (however, she/he may be reassigned to an earlier trip, in which case the fourteen (14) hours is measured from the earlier report time), or
 - iii. be placed on standby for a period of twelve hours commencing with the Flight Attendant's original report time. When the cancellation of an entire day's flying is known prior to the day, the standby period will be from 0500 to 1700, unless the Crew Scheduler notifies the Flight Attendant on the prior day of a different standby period.

3. Junior Assignment/Drafting

- a. To protect the integrity of the schedule the Company may junior assign (“draft”) a Flight Attendant to fly on her/his scheduled day(s) off. This provision may only be used when the use of a reserve Flight Attendant is not practical to cover the trip (i.e. the Company cannot position such reserve without undue delay of the trip).
- b. The following procedures will be followed in order to secure needed staff after attempting to contact all available Flight Attendants with requests on file:
 - i. Reserves in domicile.
 - ii. Reserves out of domicile, if practical.
 - iii. The most junior Flight Attendant available at the domicile.
 - iv. The most junior Flight Attendant available at another domicile.

The above procedure will be followed except in cases where a Flight Attendant is immediately available who would minimize delays to the system.

- c. A Flight Attendant shall not be junior assigned/drafted if it would project her/him above ninety-five (95) block hours per month, including voluntarily picked up flying, but excluding deadhead. However, this provision is not intended to relieve the Flight Attendant from completing the scheduled flying on her/his bid schedule. A Flight Attendant may be drafted up to thirty-two (32) hours prior to the report time for the open trip. A Flight Attendant will not be drafted more than five (5) days in a calendar year or two (2) calendar days in a month.
- d. A Flight Attendant who is junior assigned and who reports for the assignment shall be paid four (4) hours in addition to all other pay and credit for the junior assignment.
- e. A Flight Attendant who is junior assigned shall, upon request, be provided with written documentation from the Company of the junior assignment.
- f. The Company will maintain a log of all Flight Attendants who are contacted pursuant to this provision. The log will reflect the time the Flight Attendant was contacted and the result. The log sheets will be maintained for at least one year. The log will be made available upon request for review by the Union’s Scheduling Committee.
- g. Flight Attendants whose trips are dropped for Union Business may not be drafted on those days.
- h. A Flight Attendant may not be junior manned/drafted to sit Reserve or Airport Standby.

4. Junior Assignment Cap

- a. The junior assignment cap is five (5) calendar days in a calendar year or two (2) calendar days in a month.
- b. An extension, reassignment or reschedule for more than four (4) hours beyond the originally scheduled trip’s check-out time in domicile counts as one day toward the junior assignment monthly and yearly cap.

- c. Once a Flight Attendant has reached the junior assignment cap(s) she/he may not be junior assigned, or rescheduled, reassigned or extended to remain on duty four (4) or more hours beyond the originally scheduled trip's check-out time without her/his consent.
- 5. When a Flight Attendant is assigned a trip that requires a deadhead or hotel information other than that provided on the crew card, the crew scheduler will provide that information, including the deadhead record locator number, as soon as practical.
- 6. Voluntary Junior Assignment List

A Voluntary JA List will be established for the purposes of covering open flying. Flight Attendants on the list, available for the entire trip, without a trip conflict, will be called in seniority order, at the domicile where the open trip exists. A Flight Attendant accepting a VJA may exceed the monthly/yearly cap. If verbal contact is made between the Flight Attendant and Crew Scheduling, the Flight Attendant must accept the trip. Being unavailable twice may be grounds for removal from the VJA list.

To be placed on the VJA list, a Flight Attendant must notify the company no later than 2100 the night prior. Minimum two hour notice for call out. Once a Flight Attendant has reached either her/his monthly or yearly cap, she/he will not be called for an assignment, unless she/he has placed her/himself on the VJA list.

G. Critical Coverage/Premium Trips

The intent of the premium trip designation procedure is to reduce the potential for drafting by designating premium opportunities on days where the available Flight Attendant reserve resources might not be sufficient to cover the flying. It is not intended to cause a reduction in the number of Flight Attendants or change the method historically used to determine Flight Attendant staffing levels. The Company will use the procedure in good faith and in the manner presented in negotiations.

- 1. In conjunction with the initial bid award, the Company will designate premium trips in accordance with the following formula:

For each day of the bid period, if the number of available Flight Attendant resources (Flight Attendants eligible and available for a build up or reserve line) fails to exceed the number of open trips system wide by eight (8), a sufficient number of premium trips will be designated until the number of Flight Attendant resources plus the number of premium trips equals or exceeds the sum of trips plus eight (8).

Example:

Open Trips	Trigger (+8)	F/A's	Min # of Premium Trips
20	28	24	4

In this example on a given day the Company must designate at least four (4) premium pay trips.

- 2. Premium trips will be bid and awarded during the forty-eight (48) hour bid period and in the same fashion as the non-premium trips.
- 3. Upon publication of the final bid award, and for ninety-six (96) hours thereafter, the Company will place premium trips in open flying in accordance with the following formula: For each day of the bid period, if the number of available flight attendant resources (flight attendants assigned a reserve or standby day) fails to equal or exceed the number of open trips system wide, a sufficient number of premium trips will be designated until the number of flight attendant resources plus premium trips equals or exceeds the number of open trips.

Example:

Open Trips	Trigger (0)	F/A Resources	Minimum Premium Trips Required
16	16	12	4

In this example on a given day, the Company must designate at least four (4) premium pay trips.

4. To be awarded any premium trip, the Flight Attendant must meet all contractual scheduling parameters, such as a minimum of ten (10) hours between trips.
5. Premium trips will be awarded at 1700 by Flight Support on each day of the ninety-six (96) hour period. The awards will be made in the same fashion as non-premium trips. Flight attendants with reserve lines may bid for premium trips during the ninety-six (96) hour period, but awards will be at the discretion of the Company.
6. Premium trips will be placed in open flying on the 15th of the month using the formula in paragraph 3 above. They will remain there for forty-eight (48) hours and be awarded in the same fashion as non-premium trips. Flight attendants with reserve lines may bid for premium trips during the forty-eight (48) hours, but the awards will be at the discretion of the Company.
7. Pay for Critical Coverage/Premium Trips
 - a. At the end of the month, the Company will compare the number of days of work that appeared on an initial bid award for line holders and the final bid award for build-up and reserve line holders with the number of days the Flight Attendant actually worked during the month. In order to be eligible for premium pay, a Flight Attendant must have actually performed work on a greater number of days than appeared on the Flight Attendant's initial or final bid award, whichever is applicable.
 - b. For every additional day worked on a premium trip above the number of scheduled days of work in the applicable bid award, the Flight Attendant will receive a premium of 4.0 hours of pay above guarantee.
 - c. Days of work lost to bereavement or any action of the Company (rescheduling, cancellation, FAR compliance, training, etc.) will count as days of work for purposes of this section.
 - d. No premium will be paid for any trip or day that is assigned by the Company rather than bid by the Flight Attendant pursuant to these provisions. All premium pay is above the monthly guarantee.
 - e. A Flight Attendant who is awarded an out of base premium trip will be eligible for the four (4) hour premium only for the actual trip days. Normal pay will apply on travel days. A hotel will be provided if required and any deadheading will be must ride.
8. During periods of Critical Coverage/Premium Trips, the Company may honor requests of flight attendants to pick up partial trips (e.g., 1 or more days of a multi-day trip sequence) provided that the request includes either the beginning or the end of the original trip sequence. Such partial trip must originate and terminate in the Flight Attendant's domicile. Such trades may not create an illegality within the Flight Attendant's Line and she/he must remain legal and available to fly remaining trips on their bid line. The flight attendant requesting the split shall receive pay for actual hours flown on the day of the split. At the Company's discretion, it may grant a request for a partial trip that does not conform to the above parameters. Requests for Critical Coverage/Premium Trips will be awarded in accordance with seniority in following order or priority:

- a. Flight Attendants in the domicile requesting the full trip;
- b. Flight Attendants in the domicile requesting a partial trip in accordance with the parameters specified above;
- c. Flight Attendants from another domicile requesting the full trip;
- d. Flight Attendants from another domicile requesting a partial trip in accordance with the parameters specified above.

H. **General**

1. A Flight Attendant who has checked-out from her/his trip, including checking and acknowledging messages in the computer, shall not be required to perform any duties.
2. The Company shall have no telephone contact with Flight Attendants between the hours of 2200 and 0700, except in regard to an immediate scheduling issue such as an assignment for that day.
3. A Flight Attendant shall not be required to keep the Company informed of her/his whereabouts while on days off, vacations, or leaves of absence. This provision does not absolve a Flight Attendant from her/his responsibility to communicate with the Company regarding her/his status during certain types of leave of absence.
4. A Flight Attendant who is prevented from returning to her/his domicile on the last leg of her/his trip as a result of weather or a mechanical may, at the Company's option, be returned to the domicile on the next or later Company flights, be required to remain with the aircraft, be deadheaded home on another carrier or be ground deadheaded home.
 - a. If the Flight Attendant does not return to domicile on the last day of the trip and was scheduled for duty on the following day, she/he shall be given at least three (3) hours to return home and prepare for that day's assignment. The Company will return her/him to the original trip, if feasible to do so.
 - b. If the Flight Attendant was not scheduled for duty on that day, she/he shall receive credit for a day of work.
5. The Company may adjust a Flight Attendant's trip to accommodate a change in the flight schedule, i.e., when US Airways alters the marketing schedule or when the Company changes the schedule due to aircraft delivery. This paragraph does not apply to problems with weather, maintenance or crew availability. Affected shall be notified as soon as practical. Flight Attendants may not be required to fly on her/his originally scheduled days off in this circumstance. Nothing herein shall preclude a Flight Attendant from volunteering to work on her/his scheduled days off.
6. Flight Attendants shall not be required to attend a mandatory meeting with Inflight Management if doing so would interfere with the 1 in 7 rest requirement.
7. The Company reserves the right to apply flight crewmember flight time and duty limitation and rest requirements to all Flight Attendants with sixty (60) days notice to the MEC President. If requested, the Company shall meet with the Union to discuss the ramifications of the change.

I. **Commuter Policy**

1. This commuter policy applies only to travel on US Airways and US Airways Express flights.
2. Flight Attendants are responsible for reporting to assignments in a timely manner. These provisions are not intend to relieve Flight Attendants of that responsibility.
3. A commuting Flight Attendant must identify her/himself to the Company as a commuter and designate a city, acceptable to the Company, as her/his origination airport on a form to be provided

by the Company. As an alternate, any city within 100 miles of the designated city may be used in lieu of the origination city. A Flight Attendant must submit an additional form for any requested changes in the origination airport.

4. Any Flight Attendant commuting to an assignment under the terms of this policy must be listed in SABRE as a non-revenue passenger on a primary and back-up flight, both of which must have available seats. The Flight Attendant must list at least two (2) on-line flights not more than forty-eight (48) , but not less than twenty-four (24) hours, in advance of the scheduled departure time for the flight that she/he expects to use to commute to work.
5. If jumpseat provisions become available to Flight Attendants and a mutually agreeable procedure has been established, Flight Attendants may elect to use jumpseat privileges for primary and back-up flights on which they are listed and when doing so will be considered to have complied with the provisions of this section.
6. The primary flight on which the Flight Attendants elects to list must be scheduled to arrive at the airport where she/he is assigned to commence a trip in advance of the show time. There must be at least one (1) back-up flight scheduled to depart from the same airport later than the primary flight on which she/he is listed. This back-up flight shall also be scheduled to arrive prior to her/his show time.
7. Flight Attendants commuting to an assignment must arrive at the designated gate for the primary flight on which they are listed at least thirty (30) minutes prior to the scheduled departure time for that flight.
8. After arriving at the departure gate, if the Flight Attendant becomes aware of a delay/cancellation of the unavailability of a non-revenue passenger seat on her/his primary flight, she/he will immediately notify Crew Scheduling. The Flight Attendant will provide the flight number and departure time for that flight.
9. Following the delay or cancellation of the primary flight the Flight Attendant will report to the departure gate of her/his back-up flight as soon as practicable.
10. As soon as the Flight Attendant becomes aware that she/he will not be able to report for duty at or before her/his show time because of further delays or cancellations or non-revenue passenger seat availability she/he will immediately call Crew Scheduling.
11. The Flight Attendant will make every effort to report to the location at which she/he was scheduled to begin her/his trip as soon as possible following the flight cancellation. The Flight Attendant and Crew Scheduling may mutually agree to an alternative location to which the Flight Attendant will report.
12. Crew Scheduling may reassign a Flight Attendant to other flight or reserve duty if it is available.
13. Flight Attendants who are unavailable for duty under this policy will not be paid or credited for any flights missed and the Flight Attendant's minimum monthly guarantee will be reduced by the amount of scheduled flight time for all flights missed.
14. If a Flight Attendant complies with the requirements above, and through no fault of the Flight Attendant, does not arrive in time for her/his trip the Company will take no disciplinary action against the Flight Attendant provided the Company is notified immediately.
15. If the Company is unable to verify that the Flight Attendant complied with these requirements, she/he will be considered a "no-show" for her/his trip and may be subject to disciplinary action.
16. A Flight Attendant may use the commuter policy protection no more than three (3) times in any consecutive twelve (12) month.

THE ASSOCIATION OF FLIGHT ATTENDANTS—CWA, AFL-CIO

THIS LETTER OF AGREEMENT is made and entered into in accordance with the provisions of the Railway Labor Act, as amended, by and between PIEDMONT AIRLINES, INC. (hereinafter referred to as the "Company") and the Flight Attendants in the service of the Company, as represented by the ASSOCIATION OF FLIGHT ATTENDANTS-CWA, AFL-CIO (hereinafter referred to as the "Association" or "AFA").

During the negotiations to reach the Collective Bargaining Agreement signed April 9, 2014, the Company agreed to provide "make whole" payments to 4 flight attendants currently enrolled in the Family Indemnity Insurance Plan.

The Company will provide each of the 4 flight attendants who are currently enrolled in the Family Indemnity Insurance Plan a lump sum payment for each year through the end of the agreement in which they continue their enrollment in the plan. Such lump sum payment would include a make whole amount based on the current estimation and be equivalent to the estimated gain for a flight attendant with equivalent years of service who is enrolled in the family PPO Insurance Plan.

The first payment shall be made within 30 days of closing of the 2014 Open enrollment following ratification of the Agreement. All subsequent payments shall be made by January 31st of the plan year for which enrolled. Should an employee choose to enroll in any plan other than Family Indemnity Insurance, the payments will cease.

Contingent upon each flight attendant's annual enrollment for Family Indemnity Insurance, payments shall be made as follows:

<u>Employee #</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017*</u>	<u>2018*</u>

*-Amounts for 2017 and 2018 are estimates based on current cost plus assumptions about estimated cost changes. Actual amount may be more or less depending on actual costs for those years.

(hereinafter the "Company") and the Flight Attendants in the service of Piedmont Airlines, as Represented by the Association of Flight Attendants-CWA, AFL-CIO (herein after the "Union").

The Company agrees that if the Union requests and is granted a trip/work day drop prior to the initial bid award, any subsequent premium designated trip picked up by the Union Representative will be paid at the appropriate premium rate as provided in the collective bargaining agreement. It is understood that this rate is currently four (4) hours per day paid above guarantee. This pay is in addition to the regular rate of pay due for the premium-designated trip.
2. If the Union requests and is granted a trip/work day drop after the initial bid award and subsequently a premium designated trip flying is picked up by the Union Representative, only those premium-designated days of flying picked up in excess of the amount of days dropped for Union Business will trigger the payment of premium pay.
3. In both the circumstances above, premium pay will only be paid if all provisions are still met in accordance with the collective bargaining agreement Section 31.G.7.
