2. Nothing in this Agreement will be construed to limit or deny any Flight Attendant any rights or privileges to which s/he may be otherwise entitled under the Railway Labor Act, as amended.
3. The Union and the Company hereby adopt this Collective Bargaining Agreement, including all related Letters of Agreement between the Union and the Company. All such Agreements are collectively referred to herein as the "Agreement."

**B. Scope**

1. Except as otherwise provided in this Agreement, all Flight Attendant work performed in the aircraft cabin on Company revenue flights will be performed by Flight Attendants on the System Seniority List in accordance with the terms and conditions of this Agreement.
2. For any scheduled layover which exceeds five (5) hours, the Company will provide suitable single room lodging in a suitable location.

3. Unscheduled Layovers

When weather, mechanical problems, or operational contingencies cause an extended layover, the Company will evaluate crew accommodation needs on a case by case basis.

4. Hotel Committee

The Company and the Union's Hotel Committee will meet to review the suitability of lodging. The Company will furnish a list of the names and addresses of all lodging facilities. From this list, the Union will designate at least two (2) hotels that it finds acceptable from each city. The Company will make every effort to select Union-approved hotels. The Company will

make prompt inquiries into complaints from the Union's Hotel Committee relating to deterioration of service, including safety, at any facilities and will take prompt remedial action where investigation affirms such deterioration. The Company will furnish the Union with copies of all written safety-related reports concerning hotels on a monthly basis.

5. If suitable restaurants are not available at or near the lodging facility or training site, the Company will authorize transportation to suitable restaurants and reimburse crews for reasonable expenses incurred for such transportation.

### **C. Ground Transportation**

1. At points other than the Flight Attendant's domicile where the Company's pre-arranged hotel transportation is not available within thirty (30) minutes from release, the Flight Attendant may, at Company expense, utilize taxi service for the crew to the lodging facility.
2. If a Flight Attendant is required by the Company to use surface transportation to travel by herself/himself from one airport to another, s/he may:
  - a. Drive her/his personal vehicle and be reimbursed for the mileage at the applicable IRS rate; or
  - b. Use Company-arranged transportation (i.e., taxi or limousine); or
  - c. Drive a rental vehicle approved by the Company and be reimbursed for the cost of such rental.

### **D. Other Expenses**

1. The Company will reimburse Flight Attendants for the pre-approved cost of passport renewal, visas, inoculations, and airport and passenger charges or taxes necessary for Company business. After one (1) year of active service, the Company will reimburse a Flight Attendant for the pre-approved cost of a passport renewal due to a name change, limited to one time during her/his employment with the Company. To be eligible for reimbursement, the passport renewal must be no earlier than 120 days prior to its expiration.
2. All reimbursements shall be made within fifteen (15) business days of submitting appropriate documentation.

**SECTION 7**  
**SCHEDULING AND HOURS OF SERVICE**

**A. Schedule Preparation and Scheduling Committee**

1. The Company will prepare monthly Flight Attendant schedules for bid.
2. Scheduling Committee
  - a. The Union's Scheduling Committee (the "Committee") will meet with the Company monthly if requested. The Committee will be given reasonable access to the Crew Resources Manager or designee and scheduling data, including information regarding aircraft flows, market block, scheduled training, check rides, vacations and leaves, in electronic format when feasible.
  - b. The Committee, in conjunction with the pilots' Scheduling Committee, will participate in the construction of sections, trips and monthly schedules. This review and final recommendation will be completed by the 8<sup>th</sup> day of the month and presented to the Crew Resources Manager.
  - c. Once preliminary schedules are constructed, the Company will provide the schedules to the Committee in electronic format no later than the eleventh (11<sup>th</sup>) of each month. The Committee may advise the Company of any potential problems in the preliminary schedules and may recommend solutions. The Company will take action to resolve conflicts with the Federal Aviation Regulations (FARs) or this Agreement. The Committee's recommendations for changes will be limited to changes that do not compromise the Company's operating performance, operating cost, available Flight Attendant staffing or have an impact on open time coverage.
  - d. If the Company denies a written Committee recommendation, it will provide a written explanation for such denial within three (3) days of the denial to the Chair of the Committee or her/his designee.
  - e. The Company and the Committee will meet on other occasions to discuss scheduling concerns and improvements.
  - f. With the mutual agreement of the Company and the Committee, the provisions of Section 7.A. may be waived on a case-by-case basis.

3. Sections (also known as Duty Periods)

All known flying will be placed into sections.

- a. The scheduled time of sections will be based on the scheduled time of their component legs.
  - b. Sections will be construed with no more than fourteen (14) hours of duty.
  - c. A section will contain a maximum of seven (7) landings, unless the Scheduling Committee and Company agree otherwise. A section will not contain more than nine (9) landings in actual operations.
  - d. A section will contain a maximum of eight (8) scheduled block hours. Notwithstanding, a section with no greater than two (2) scheduled segments may contain more than eight (8) scheduled block hours.
  - e. Continuous duty overnights (CDOs) will contain no more than four (4) legs scheduled and in actual operations.
4. Trips
- a. Sections not placed directly into flying schedules will be combined into trips. Trips will then be placed into flying schedules.
  - b. Trips may contain up to four (4) sections, except that trips encompassing holidays may contain up to five (5) sections. This limitation does not apply to reserves on their days of reserve availability.
  - c. A Flight Attendant will not be scheduled for more than five (5) consecutive days of duty except that a Flight Attendant may be scheduled for six (6) consecutive days of duty in schedules involving the blend, holidays or training.
  - d. Trips shall be built to begin and end at the same airport, unless co-domiciles are mutually agreed to in accordance with Section 2.I.
  - e. The Company will attempt to build a variety of trips.

**B. Schedules will contain:**

- 1. Regular lines of time; and, when appropriate,
- 2. Reserve lines; and
  - a. Reserve lines will be constructed as either long-call or short-call. Each reserve schedule will be constructed with only one type of reserve, i.e., either long-call or short-call reserve.

- b. In domiciles with seven (7) or more reserve lines, no less than 15%, rounded up, of the reserve lines will be constructed as long-call reserve. In domiciles with less than seven (7) reserve lines, at least one reserve line will be constructed as long-call reserve.
- c. Short-call reserve lines will have a designated reserve availability period (RAP) for the first day of reserve in a block of reserve days. The RAP for the first day of reserve will start at the same time for each block of reserve days during the bid period.

3. Build-up lines

- a. The Company will publish sufficient build-up schedules to accommodate the open time from sections and trips not previously placed in flying schedules and flying that is anticipated to become open time during the blend process, e.g., vacation, leaves, training, and other known flight attendant absences.
- b. The Company will construct build-up schedules during the blend process from open time and these schedules will contain no more than ninety-five (95) scheduled block hours.
- c. When more build-up schedules have been offered for bid than have been constructed in accordance with b., above, the Company will convert that build-up schedule(s) to a reserve schedule. These schedule(s) will be awarded to the most junior Flight Attendant bidding a reserve schedule.
- d. If sufficient open time remains after construction of build-up schedules in accordance with b. above, the Company will construct additional build-up schedules within the above parameters. These schedules will be offered to Flight Attendants awarded reserve schedules in order of seniority.
- e. Any open time that remains after the construction of build-up schedules will be handled in accordance with J.3. below.

**C. Bidline Construction**

- 1. Schedules at each domicile will normally contain no more than ninety-five (95) hours, block-to-block and at no time will more than twenty-five percent (25%) of the schedules at each domicile contain more than ninety-five (95) hours. The Company will meet and consult with the Union's Scheduling Committee before publishing schedules which exceed ninety-five (95) hours.
- 2. A Flight Attendant may be scheduled for up to thirty-three (33) block hours in seven (7) days.

3. Schedules will be constructed with a minimum of ten (10) scheduled days off. If a flight is scheduled to terminate before 2400 and actually terminates before 0200, it will be considered to have terminated in the prior day. If a Flight Attendant is unavailable for flight duty for part of the month, the scheduled days off will be prorated. If junior assigning causes a Flight Attendant's days off to fall below the minimum, the days off below the minimum will be restored in the same or following month by mutual agreement between the Flight Attendant and the Company.
4. Schedules will be constructed with a minimum of one (1) day free from all duty in every seven (7) consecutive days.
5.
  - a. A regular or buildup lineholder will be scheduled for at least two (2) periods of three (3) days off in each month. Reserve schedules will contain at least one (1) block of three (3) days off. The remaining days off will be scheduled in blocks of two (2) days off. However, the Company may schedule a Flight Attendant for one (1) day off in the blend or on the last day of the month.
  - b. If a day off required under paragraph a., above, is not recognized due to the blend or one day off outside the blend, it will be the Flight Attendant's responsibility to notify a scheduling supervisor prior to the commencement of the next trip. The Flight Attendant may choose any section(s) during the month to have the day restored as required or fly the trip as blended. The Company shall comply with the Flight Attendant's choice. Should the Flight Attendant have the day off restored, the value of the restored day will be subtracted from the total line value.
6. Up to twenty-five percent (25%) of regular lines of time in a domicile may contain carry in days. Carry in days will be converted to either flying assignments or days off during the blend. Carry in days are not days off for the purpose of computing minimum days off.
7. Rest
  - a. Rest at a Flight Attendant's domicile will be scheduled for a minimum of ten (10) hours, release to report, except that rest at domicile in connection with continuous duty overnights will be scheduled for a minimum of nine (9) hours, release to report. In no case will actual rest be less than eight and one-half (8 ½) hours, and in no case will actual rest following a continuous duty overnight be less than eight (8) hours.
  - b. A Flight Attendant will not be required to exceed fifteen (15) hours of duty between rest periods.

- c. Rest when out of domicile will be scheduled for a minimum of nine (9) hours, release to report. In no case will actual rest be less than eight (8) hours, release to report, followed by a compensatory rest of ten (10) hours.
- d. A rest period is that time when a Flight Attendant is free of all restraint or duty and is also free of all responsibility for work or duty.

8. **Continuous Duty Overnights (CDOs)**

No more than three (3) CDOs will be scheduled consecutively. Any group of two or three CDOs will be followed by a day(s) off. A single CDO will not be followed by a section which begins on the same day.

9. All Schedules

- a. Sufficient schedules in each domicile and status will be prepared so that every Flight Attendant eligible for the monthly bid will have a schedule to bid.
- b. For the purpose of determining days off, if a flight is scheduled to terminate before 2400 and actually terminates before 0200, it will be considered to have terminated in the prior day.
- c. Schedules will begin and end at the Flight Attendant's domicile.
- d. Should cancellations or changes in schedules become known after bid distribution, affected Flight Attendants and the Scheduling Committee will be notified as soon as possible.

10. Flying Schedules

Sections and trips will be placed into flying schedules constructed within the parameters in this Section 7. Sections and trips that cannot be placed into flying schedules will be placed into open time.

- 11. If a section is modified from the form in which originally published in the bid package or a new section is created, a discrete identification number will be assigned.

**D. Report and Release Times**

- 1. Flight Attendants will report for duty forty-five (45) minutes prior to scheduled departure. When sections are scheduled to begin with a deadhead leg, report time may be reduced to thirty (30) minutes by the Company.

2. If aircraft taxi is scheduled to occur prior to the first block-out of a section, the report time for such a section will be sixty (60) minutes prior to the scheduled block-out time of the first flight of such section.
3. If aircraft taxi is scheduled to occur after the last block-in of a section, the scheduled release for rest from such section will be twenty-five (25) minutes after the last block-in of such section.
4. Normal release from duty for rest will be fifteen (15) minutes after block-in from a domestic trip or when the Flight Attendant is released by Crew Scheduling, whichever is later. For international flights, release from duty will be thirty (30) minutes after block-in or when the Flight Attendant is released by Crew Scheduling, whichever is later.

#### **E. Monthly Bid Packages**

Monthly bid packages will contain the following information for each domicile:

1. Regular, reserve and build-up schedules.
2. Flight and section numbers, report times, departure and arrival times by station, schedule time of each flight, deadhead times, known scheduled aircraft repositioning, total flight and credit time, the length of RON's, ground transportation arrangements, hotel names and telephone numbers.
3. The date of distribution, bid closing time, and date and time of electronic distribution of the blended award.
4. Telephone numbers for Crew Scheduling, Dispatch, the Director of Inflight and the Manager of Inflight.
5. Vacations scheduled for the month and vacation weeks available for bid.
6. Flight Attendants scheduled for training and training schedules including dates and locations.
7. Pairing locator for each domicile, when available.
8. A list of Flight Attendants eligible to bid.
9. Details of any temporary vacancies.

## **F. Bidding Procedures**

The Company will implement an automated system (e.g. FLICA or similar program) for Flight Attendants to bid on their monthly schedules, pick up open time, and trip trade in accordance with Section J.4., below. During the six-month period following implementation of the automated system, a Flight Attendant may request to continue receiving paper bid packets and bid awards. Following the six-month period, distribution of bid packets and awards will be electronic for all Flight Attendants.

1. Schedules for bidding purposes will be posted electronically no later than the eleventh (11<sup>th</sup>) of each month and distributed to Flight Attendants at each domicile no later than 1700 on the thirteenth (13<sup>th</sup>) of each month. If the bidlines are altered between their publication in electronic form and their publication in the bid packets on or before the 13<sup>th</sup> day of the month, the Company will notify all Flight Attendants that the bid lines have been changed, by Company e-mail and on the bidding website. The AFA Scheduling Committee Chairperson and MEC President will be notified that the bid lines have changed.
2. Flight Attendants will bid electronically by 1200 at the domicile five (5) days after the schedule is made available to the Flight Attendants.
3. Pre-blend awards will be posted electronically no later than the 20<sup>th</sup> of each month by 1700. If the 20<sup>th</sup> falls on a weekend, such pre-blend awards will be posted no later than 1200 on the next business day.
4. Final bid awards will be posted electronically no later than 1700 four (4) days after bids are returned. A Flight Attendant will be responsible for the schedule on her/his final bid award.
5. Bidding will be accomplished by completing the on-line bid form.
6. In the event of a computer failure, a Flight Attendant may bid by telephone on a recorded line; however, the Company will not be held responsible for Flight Attendant errors.
7. A Flight Attendant scheduled for training will drop trips which conflict with the training period.
8. If a Flight Attendant does not submit a bid, when her/his turn comes to be awarded a schedule in seniority order, s/he will be assigned the lowest numbered schedule that has not been awarded previously.

## **G. Eligibility to Bid**

1. All eligible Flight Attendants may bid for lines within their domicile.

2. a. A Flight Attendant must be on active status in order to bid for the following month. Active status for purposes of eligibility to bid includes a Flight Attendant on a leave of absence with a definite return-to-duty date that is no later than the 15<sup>th</sup> of the following month. For example, a Flight Attendant on a medical leave of absence in June who has a doctor's release declaring her/him fit for duty on or before July 15 will be eligible to bid for a July schedule. A Flight Attendant who is not on active status at the time bids close each month will not be awarded a bid for the ensuing bid period. Scheduling will use its best efforts to accommodate requests for days off and scheduled trips from a Flight Attendant who returns from a medical leave without a bid line.
- b. A Flight Attendant will not bid if s/he will be absent from her/his domicile starting on or before the 15<sup>th</sup> of the month and continuing for the rest of the month due to training, leave of absence, resignation, discipline, or a change of domicile. Such Flight Attendant will work jointly with Crew Scheduling to build a build-up or reserve line, as s/he would have otherwise been awarded. A Flight Attendant whose seniority would have entitled her/him to hold a line in that month will not be assigned to reserve days.
3. A Flight Attendant changing domiciles on or before the 15<sup>th</sup> of the month will bid in her/his new domicile.
4. A Flight Attendant notified of disciplinary action will be allowed to bid.

#### **H. Awarding of Bids**

1. Bids will be awarded based on seniority within the domicile.
2. After awarding the bids, Crew Planning will make adjustments to awarded lines to provide for the month-to-month blend, vacation, training, minimum days free from duty, and other approved absences.
3. Flight Attendants will be scheduled for training in accordance with Section 17.
4. Bid awards will be posted electronically.

#### **I. Month-to-Month Blend**

The blend of schedules for the current month with the month being bid will be accomplished after bid closing but before distribution of the awards in accordance with the following:

1. Trips begun in the previous bid period will be continued into the new bid period to the extent possible. If a trip beginning in the current month and carrying into the following month (a carry-in trip) conflicts with a trip or carry in day in the following month, the Company may modify the carry-in trip and the trip or carry in day in the following month subject to the following:

a. The adjustment may be made only in order to resolve an overlap conflict or a conflict resulting from a FAR or contractual restriction.

Example: A Flight Attendant has a two-day trip on March 31-April 1 with a report time on April 1 of 0600 and a release of 1200. Her next month's schedule contains a two-day trip that begins at 1300 on April 1 and releases her from duty at 1700 on April 2. Scheduling may blend the first trip with the second trip provided it is otherwise legal and Scheduling would not be required to remove the second trip to comply with domicile rest requirements.

b. The portion of the carry-in trip in the current month will not be changed.

c. No days in which a Flight Attendant was originally scheduled to be off will be converted to working days.

Example: A Flight Attendant has a 3-day trip beginning on March 30. Her April schedule has a 2-day trip that begins on April 1. No changes will be made to the original March 30 or 31 flying. The Company may adjust the schedule for April 1 to blend the trips into a 4-day as allowed by other limits.

2. If the carry-in trip is modified in accordance with paragraph 1, above, the Flight Attendant will be paid the greater of the original credit value of the carry-in trip or the value of the blended trip, calculated on a day-by-day basis.

3. Trips may be assigned on days on which trips have been dropped during the blend.

4. Adjustments to a Flight Attendant's bid line will be accomplished in a manner calculated to preserve, as closely as possible, the original value of the bid line.

5. The blend period will be the first three (3) days of the month.

#### **J. Administration of Schedule After Award**

1. All applicable provisions of this Agreement will apply to sections, trips, or schedules that are modified and republished after initial publication.

2. Golden Days

A Reserve Flight Attendant may request that up to two (2) of her/his day(s) off be designated as Golden. Such request will be submitted on the electronic form provided by the Company. The window for submitting the request will open at the time final awards are published and will close at noon two (2) days later. Requests will be considered based on operational needs, and be awarded in seniority order. If a Flight Attendant does not receive her/his requested Golden Days, the Golden Days will be designated by the Company. The Golden Days will be awarded by the 27<sup>th</sup> of the month prior at 1700. If the 27<sup>th</sup> falls on a weekend, the award will be published no later than 1200 on the next business day. Nothing herein prevents a Flight Attendant, at her/his sole option, from picking up open time on her/his Golden Day(s). If a Flight Attendant returns to domicile after 0200 on a Golden Day due to operational reasons, the day which is restored in accordance with Section C.3., above, will also be a Golden Day.

3. Open Time

- a. All open time will be published on the final bid award. Bids for such open time will close at 1700 on the third day after distribution of the awards. Bids will be awarded by seniority to qualified Flight Attendants in domicile and then to qualified Flight Attendants system-wide by 1700 on the day after closing. The Company will notify successful bidders of their awards.
- b. Open time which remains or which subsequently becomes available during the month will be listed by electronic means by 1700 on a daily basis. Bidding for such open time may be accomplished electronically. Such open time will be awarded to qualified Flight Attendants on a first-come, first-served basis.
- c. To be awarded open time a Flight Attendant must be scheduled to be off duty when the open time is scheduled to be flown. The Company may adjust the Flight Attendant's schedule to accommodate open time with the concurrence of the Flight Attendant.
- d. Open time which is not awarded by bidding will be assigned to Reserve Flight Attendants in domicile and then to Reserve Flight Attendants systemwide, in accordance with Section 9.L. The Company may retain reserve coverage by not assigning all available reserves.

4. Trip Trades

- a. Trips may be swapped with open time provided the swap involves the same or greater number of days of flying. Swaps with open time will not be denied solely because the trip to be dropped includes a holiday. Swaps require Crew Scheduling approval. If a swap with open time is denied, Crew Scheduling will provide the reason for the denial.
- b. A lineholder or buildup lineholder may request to trade a trip to another lineholder or buildup lineholder for day(s) off. Such request will be approved unless there are Federal Aviation Regulations or contractual restrictions. A Flight Attendant will not be permitted to trade below 60 hours and her/his minimum monthly guarantee will be adjusted accordingly.
- c. Trip trades for other trips or for days off between Flight Attendants will be allowed subject to the following:
  - (1) If a trip trade request is made forty-eight (48) hours prior to the scheduled departure of the trip, the Company will approve such trip trade, unless it is denied because of FAR or contractual restrictions.
  - (2) If a trip trade request is made less than forty-eight (48) hours prior to the scheduled departure of the trip, the Company will attempt to process the request.
- d. Reserve days will not be traded for trips or portions thereof. A Reserve Flight Attendant may request to trade a reserve day(s) for another reserve day(s). Thus, the originally-scheduled reserve day(s) would be changed to day(s) off and originally-scheduled day(s) off would be changed to reserve day(s). Such requests will be evaluated by the Company and granted or denied based on the needs of the operation (for example, efficient reserve utilization, number of available reserves, etc.) All awarded trades must be legal pursuant to Federal Aviation Regulations (FARs) and the contract. A Flight Attendant who trades her/his first day of reserve in a block of reserve days will forfeit the known RAP.
- e. Partial trip trades are permitted, subject to Crew Scheduling approval.
- f. When trades are granted, the Company will assume no additional liability for costs associated with the trade, e.g., additional duty time, costs of deadheading or accommodation.
- g. The Crew Scheduler will record all denied requests for trip trades and make this documentation available within three (3) days of the request to the LEC President or her/his designee for review.

5. The Company will use its best efforts to avoid changes in Flight Attendants' schedules but when they become unavoidable because of operational necessity, Flight Attendants will be given timely notice. The Company will notify a Flight Attendant of a schedule change, a delay in excess of one hour, or a cancellation as far in advance as practicable. Unless s/he is on reserve availability status, the Company will only contact a Flight Attendant between the hours of 2200 and 0800 because of personal or family emergency or because of a schedule change, a delay in excess of one hour, or a cancellation. The Company will time the contact to minimize the disruption of a Flight Attendant's rest.
6. A lineholder whose scheduled flight(s) are cancelled may be rescheduled/reassigned to other flight duty, be required to remain airport available for a subsequent assignment, be returned to her/his original schedule, or be released from duty. "Airport available" as used in this paragraph means that the Flight Attendant will keep Crew Scheduling advised of her/his location so that Crew Scheduling is able to contact the Flight Attendant, without delay, for the purpose of immediate reassignment.
7. A Flight Attendant will not be rescheduled/reassigned to exceed nine (9) block hours per duty period. Notwithstanding, a Flight Attendant may be rescheduled/reassigned for more than nine (9) block hours per duty period provided the trip contains only (1) duty period and no greater than two (2) scheduled segments.
8. The Company may extend a Flight Attendant in order to maintain schedule integrity.
9. A Flight Attendant will not be required to keep the Company advised of her/his whereabouts on her/his days off or while on leave or vacation.

## **K. Deadheading**

1. The Company will deadhead Flight Attendants only on FAR part 121 or part 135 air carriers except where surface transportation is utilized.
2. Flight Attendants deadheading on line who receive "must ride" authority will be confirmed on a positive space basis. Boarding when deadheading will be accomplished according to the priorities established by the Company and in conformity with the policies of other carriers on which deadheading is scheduled. Off line deadhead travel will be at no cost to the Flight Attendant. Reimbursable expenses will be reimbursed to a Flight Attendant within ten (10) business days after submission of receipts.
3. Pay for Deadhead
  - a. When a Flight Attendant deadheads, s/he will be paid 50% of the

deadhead time based on the greater of scheduled or actual time of the deadhead. Surface deadhead will be paid at 50% of the applicable AAA time.

- b. A Flight Attendant who is authorized by Dispatch or Crew Scheduling may use her/his own car for Company-required surface deadheading. If her/his own car is used, then AAA mileage at the applicable IRS rate will be reimbursed for each mile driven.
  - c. For a day consisting entirely of deadhead, a Flight Attendant will be paid 100% of the deadhead time based on the greater of scheduled or actual time of the deadhead.
  - d. For a day consisting entirely of deadhead which occurs on a scheduled day off, a Flight Attendant will be paid, in addition to guarantee, 100% of the deadhead time based on the greater of scheduled or actual time of the deadhead, but not less than 2.5 hours.
4. A day in which the Company requires a Flight Attendant to deadhead will not be considered a day off. However, a deadhead flight which is scheduled to terminate before 2400 but which is delayed and actually terminates at or before 0200 will not alter a Flight Attendant's day off.
  5. Flight Attendants will be paid under the provisions of this Section when deadheading for purposes of flight or training and the scheduled or modified deadheading is actually utilized by the Flight Attendant. Flight Attendants will not be paid for deadheading which has been canceled or voluntarily dropped except that Flight Attendants will be paid for deadheading to domicile at the end of a trip if they have approval from Crew Scheduling to take an alternate deadhead flight, in accordance with Section 7.K.9.b., below.
  6. When deadheading occurs at the beginning of a duty period, such duty time will commence at the report time for the deadhead segment. When deadheading occurs at the end of the duty period, such duty time will end fifteen (15) minutes after the block-in time of the deadhead for domestic flying and thirty (30) minutes after block-in time for international flying.
  7. Time spent in transportation may not be considered as flight time for purposes of flight time limitations; nor may that time be considered as rest.
  8. Flight Assignments
    - a. Deadhead prior to a flight assignment will be scheduled for the latest flight which, if delayed, would not compromise on-time departure of the Flight Attendant's flight assignment. A return deadhead flight will be the first available on-line flight with which a

Flight Attendant may reasonably be expected to connect after the Flight Attendant's flight assignment ends.

- b. At the Flight Attendant's option in accordance with Section 9.b., below, a flight other than the first flight after a Flight Attendant's flight assignment may be used to return after duty, provided the Company incurs no additional expense and such deadheading does not interfere with the Flight Attendant's subsequent flight assignment. The Flight Attendant will be paid per diem and deadhead pay as if s/he had taken the originally scheduled deadhead flight.

9. Alternate Deadhead Procedures

- a. Alternate Deadhead TO flight duty:

When the first scheduled leg(s) of a trip contains a deadhead leg(s) to flight duty, a flight attendant may request to utilize alternate transportation to the flight duty point.

1. The alternate deadhead must be scheduled to arrive at least one hour prior to the first scheduled departure time of the flight attendant's scheduled assignment.
2. The Flight Attendant may request the alternate deadhead no more than twenty-four (24) hours prior to the beginning of the trip.
3. Alternate deadhead is not applicable to Flight Attendants on reserve.
4. Requests are subject to Crew Scheduling approval.

- b. Alternate Deadhead FROM flight duty:

When the last scheduled leg(s) of a trip contains a deadhead leg(s) from flight duty, a Flight Attendant may request to be released from duty or to utilize alternate transportation from the flight duty point.

1. The alternate deadhead may only be requested on the last day of the trip at the point of the last deadhead leg(s) to domicile.
2. Alternate deadhead is not applicable to Flight Attendants on reserve.
3. Requests are subject to Crew Scheduling approval.

**L. Meal Breaks**

1. The Company recognizes the need to address the Flight Attendants' nutritional requirements during duty periods.
2. Flight Attendants may carry portable coolers and food bags containing their own food. Flight Attendants will use coolers which are in accordance with Company guidelines. Flight Attendants may eat on the aircraft while passengers are onboard. However, Flight Attendants are expected to do so discretely and out of the direct view of the passengers.

#### **M. Junior Assignment**

1. When necessary to protect the integrity of flight schedules, Flight Attendants on their scheduled day off may be assigned open flying not otherwise covered, by assigning the flying to the most junior available Flight Attendant in the domicile; if none is available, then to the most junior available Flight Attendant systemwide.
2. Junior assignments may not be made more than twenty-four (24) hours before the section is scheduled to be flown.
3. A Flight Attendant will not be junior assigned more than three (3) days in a month and not more than ten (10) days in a year, except that a Flight Attendant scheduled to receive the minimum days off in a month will not be junior assigned more than two (2) days. A Flight Attendant available for flight duty for less than one-half (1/2) of a month who has prorated minimum days off may only be junior assigned one (1) day.
4. A Flight Attendant will not be junior assigned for reserve duty.
5. A Flight Attendant will not be junior assigned on a Golden Day.
6. Compensation for junior assignment is as noted in Section 3.G.

#### **N. Early Reports and Extensions**

A Flight Attendant may be required to report earlier than her/his scheduled report time or her/his duty may be extended beyond her/his originally scheduled release time, subject to the following:

1. A Flight Attendant will not be required to report more than three (3) hours before her/his scheduled report time or to remain on duty more than four (4) hours after her/his originally scheduled release time. However, in order to complete a round trip, a Flight Attendant may be required to remain on duty for up to five (5) hours after her/his originally scheduled release time.
2. A Flight Attendant will not be required to report early on the first day of the trip or be extended on the last day of the trip, or any combination thereof, more than three (3) times in one (1) month or more than ten (10) times in any year. Premium pay under Section 3.E. applies only to early reports on

the first day of the trip and/or to extensions on the last day of the trip. Early reports on other than the first day of the trip and extensions on other than the last day of the trip will not qualify for premium pay under Section 3.E. of the Agreement or count towards the limits set forth in this paragraph.

**O. Records of Junior Assignments, Extensions, Early Reports, and Reserve Assignments.**

1. At the request of the LEC President or her/his designee, the Company will make available for her/his review computer records of junior assignments, extensions and early reports.
2. The Company will maintain records of Flight Attendants assigned to reserve during the month, their schedules and assignments and "first out, last out" preferences. Such records will be made available to the LEC President or her/his designee, upon request.
3. All such records will be retained for ninety (90) days.

**P. Duplicate Assignments**

If two (2) or more Flight Attendants are awarded or assigned to the same section or trip, the most senior will have the option of whether to fly the section or trip. The Flight Attendant(s) not flying may be released from duty or reassigned to other duty pursuant to Section 3.D. If the affected Flight Attendant is working on a scheduled day off, Sections 3.G. (Junior Assignment Pay) and H. (Day Off Pay) shall also apply.

**Q. Equipment Downgrade**

In the event of an equipment downgrade wherein the Flight Attendants are all lineholders, and the Company is going to release one of the Flight Attendants from the trip, the Company will contact the most senior Flight Attendant and offer her/him the choice to remain on the trip or be released from the trip. If Crew Scheduling is not able to make positive contact with the more senior Flight Attendant, and will be releasing one of the Flight Attendants, Crew Scheduling will automatically release the senior Flight Attendant from the trip. If the senior Flight Attendant is released from the trip, s/he will be credited with the time for the trip. The senior Flight Attendant who is not released and chooses to not remain on the trip may be reassigned to other flight duty pursuant to Section 3.D. The junior Flight Attendant who is removed from the trip may be reassigned to other duty pursuant to Section 3.D.

**R. Notification**

1. Whenever Crew Scheduling contacts a Flight Attendant, the caller shall identify herself/himself as a crew scheduler at the beginning of the call.

2. A Flight Attendant who is unable to report for duty shall notify the Company as soon as possible.
3. A Flight Attendant who has not reported by the designated show time but who subsequently reports prior to departure may be allowed to take her/his trip, subject to Crew Scheduling approval.
4. Unless s/he is on reserve availability status, the Company will only contact a Flight Attendant between the hours of 2200 and 0800 because of personal or family emergency or because of a schedule change, a delay in excess of one hour, or a cancellation. The Company will time the contact to minimize the disruption of a Flight Attendant's rest.
5. The Company may not contact a Flight Attendant during any minimum rest period for purposes of advising him or her of a scheduling or rescheduling change or any other assignment except during the first or last hour of the rest. The Company may contact at any time during such rest for a family emergency.
6. Crew Scheduling will not discuss discipline or potential discipline with Flight Attendants.
7. Flight Attendants are not obligated to answer their telephones during periods when the collective bargaining agreement does not require them to be contactable.

**S. General**

1. The Company acknowledges that only a Flight Attendant can report herself or himself sick, unless the Flight Attendant is incapacitated and unable to place a call, or unless a supervisor removes the Flight Attendant because the Flight Attendant is not fit for duty. If a supervisor removes the Flight Attendant, no occurrence will be assessed under the Crew Member Dependability Program or successor policy.
2. The senior Flight Attendant may choose the "Forward" or "Aft" position on the aircraft. The position will be retained for the entire trip, unless the Flight Attendants agree otherwise.

## **SECTION 8** **LEAVES OF ABSENCE**

### **A. Personal Leave of Absence**

Upon written request, a Flight Attendant may be granted a personal leave of absence not to exceed six (6) months. Such leave may be extended by the Company for additional periods not to exceed thirty (30) days each. When a personal leave of absence is granted, the Flight Attendant will continue to accrue seniority but not longevity. A Flight Attendant returning from a personal leave of absence will be returned to her/his former domicile if it still exists. If the domicile no longer exists, the Flight Attendant may exercise her/his seniority to bid for any other domicile. If a Flight Attendant on a personal leave would have been furloughed during the leave, s/he will be placed on furlough status in accordance with Section 18.

### **B. Medical Leave of Absence**

Upon written request and based upon satisfactory medical evidence, a Flight Attendant will be granted a medical leave of absence for a continuous period of up to three (3) years. When a medical leave of absence is granted, a Flight Attendant will continue to accrue seniority. A Flight Attendant will accrue longevity for the first thirty (30) days of such leave. When returning to work a Flight Attendant must present medical documentation from her/his physician to her/his Inflight Manager indicating she/he is eligible to return to work. A Flight Attendant returning from a medical leave of absence may exercise her/his seniority to return to her/his former domicile. If the Flight Attendant has insufficient seniority to hold a position at her/his former domicile, she may exercise her/his seniority to fill a position at another domicile. Pregnancy disability is covered under medical leaves of absence.

### **C. Bereavement Leave**

In the event of a death in the Flight Attendant's immediate family (mother, father, step-parent, mother-in-law, father-in-law, step-parent-in-law, sister, brother, spouse, children, including children for whom a Flight Attendant is a legal guardian, or grandparents), the Flight Attendant will be granted leave from all duties with the Company for up to five (5) consecutive work days, including the date of the funeral, or up to any five (5) work days mutually agreed upon by the Flight Attendant and the Director of Inflight, or designee. The Flight Attendant will be granted 3.5 hours credit for each duty day of leave, up to a maximum of three (3) days. The Flight Attendant may, at her/his option, be paid for 3.5 hours credit for each of up two (2) additional days of bereavement leave from accrued sick leave. The Flight Attendant will accrue seniority and longevity while on bereavement leave. Unusual circumstances concerning other than immediate family members or the amount of time needed will be addressed on a case-by-case basis.

**D. Workers' Compensation Leave**

1. Flight Attendants who are unable to report for duty as a result of an on-the-job injury or illness covered by Workers' Compensation will receive benefits pursuant to applicable state law. Seniority and longevity will continue to accrue while on such leave. The Flight Attendant will retain and accrue vacation for the purpose of determining her/his number of vacation weeks upon return to duty (in accordance with the accrual chart in Section 5.A.1.) For example, a Flight Attendant with 6 years of service goes on Workers' Compensation leave on August 1, 2012. She returns to duty on August 1, 2014. Her/his longevity would qualify for 3 weeks of vacation.
2. A Flight Attendant may use accrued sick leave on any days of duty missed because of a waiting period imposed by State law. Insurance will continue during a worker's compensation leave of absence in accordance with Company policy.

**E. Jury Duty/Court Summons**

1. A Flight Attendant who is summoned to jury duty will notify his or her Inflight Manager as far as possible in advance of the scheduled jury duty. An Inflight Manager is to be notified immediately after release from jury duty in order that the Flight Attendant may return to duty the next scheduled work day. A Flight Attendant will be paid for each jury duty day falling on a scheduled duty day, less jury duty pay. A Flight Attendant must provide the Inflight Manager a written statement from the court showing the jury duty pay received.
2. If a Flight Attendant receives a summons to appear in court, s/he will be removed from the schedule without pay; however, a Flight Attendant will make reasonable efforts to try to trade a conflicting trip or move the court appearance. A Flight Attendant who is summoned to appear in court and wishes to be released from work will provide a copy of the summons to the Director of Inflight immediately upon receipt. A Flight Attendant summoned to appear in court by the Company will be pay protected.

**F. Military Leave**

Military leave will be granted in accordance with applicable law. Notification of such leave is to be submitted via the Company's Military Request Form along with the military orders. A Flight Attendant may elect to be paid any earned vacation at the beginning of such leave and will continue to receive free and reduced rate travel benefits in accordance with the governing travel policy. The Flight Attendant will retain and accrue vacation for the purpose of determining her/his number of vacation weeks upon return to duty (in accordance with the accrual chart in Section 5.A.1.) For example, a Flight Attendant with 6 years of service goes on Military leave on August 1, 2012. She returns to duty on August

1, 2014. Her/his longevity would qualify for 3 weeks of vacation.

**G. Family and Medical Leave (FMLA)**

1. Family and Medical Leave (FMLA) will be granted in accordance with applicable law.
2. Hours spent in training will be counted toward eligibility for FMLA.
3. A Flight Attendant on FMLA will continue to accrue seniority. A Flight Attendant will accrue longevity for the duration of such leave.
4. If any applicable state law grants greater benefits than the federal law or this Agreement, the state law will control.
5. After 12 months of active service, a Flight Attendant will be eligible for FMLA leave if s/he has at least 504 credit hours in the last 12 months.
6. Flight Attendants taking FMLA leave for their own illness will first utilize sick leave to compensate the Flight Attendant for the value of flying time lost by deducting the amount from the Flight Attendant's sick leave account. When a Flight Attendant's sick leave account balance is zero, the Flight Attendant's vacation bank will be deducted in the amount of time lost. If a Flight Attendant has no remaining vacation bank, no deduction will be made to the Flight Attendant's vacation bank and the FMLA leave will be unpaid. The amount of vacation bank available will only be that accrued or expected to be accrued in the calendar year at the time the FMLA leave is taken.

EXAMPLE: A Flight Attendant has a Serious Health Condition and has been certified eligible for FMLA on April 1, 2013. The Flight Attendant has two weeks of vacation remaining in 2013 and will earn 3 weeks in 2014. The Flight Attendant will only be deducted two weeks of vacation throughout the duration of her/his FMLA leave in 2013 ( 42 hours) after her/his sick bank has been exhausted. When the Flight Attendant utilizes FMLA leave in February 2014, he/she will have his/her vacation bank debited, and he/she will be paid for up to three weeks vacation in that year, assuming his/her sick bank has been exhausted.

7. A Flight Attendant certified for FMLA for reasons other than his/her own illness will not be eligible to utilize sick leave, but will have vacation time deducted from the Flight Attendant's vacation bank in the amount of time lost. If a Flight Attendant has no remaining vacation bank, no deduction will be made to the Flight Attendant's vacation bank and the FMLA leave will be unpaid. The amount of vacation bank available will only be that accrued or expected to be accrued in the calendar year at the time the FMLA leave is taken.

8. A Flight Attendant whose vacation bank has been depleted or reduced as a result of use for FMLA leave will be permitted to take her/his originally scheduled vacation week(s), regardless of the time remaining in her/his vacation bank. Such Flight Attendant must notify Human Resources at the time of the FMLA certification or, if already certified, within 15 calendar days of subsequent yearly vacation awards, whether s/he wishes to retain some or all of her/his awarded vacation week(s) and, if so, which individual week(s). If a Flight Attendant fails to elect this option at either of these times and her/his vacation bank balance is zero, her/his vacation week(s) will be removed at the time her/his monthly schedule is awarded. If a Flight Attendant's vacation balance has been depleted by a full week(s), the Flight Attendant's vacation week(s) will be removed at the time her/his monthly schedule is awarded. A Flight Attendant whose hourly vacation balance is less than a full vacation week's credit (but not zero) at the time her/his monthly schedule is awarded must take her/his awarded vacation week and will receive the remaining partial credit, if credits are still available for that week. If a Flight Attendant's unpaid but retained vacation week(s) is cancelled under Section 5.D., only Sections 5.D.2.b or 5.D.2.c will apply to such week(s). Unpaid but retained vacation week(s) will also be moveable and tradable per Section 5.B.
9. Payment of sick benefits and vacation benefits for FMLA-qualifying leave will not be paid at the same time a Flight Attendant is receiving either disability or Workers' Compensation benefits. The Flight Attendant will use his/her sick leave then vacation time during the waiting period for short-term disability or Workers' Compensation insurance but will have no additional deductions from either bank once insurance payment begins.

## **H. Other Employment**

Flight Attendants who, without prior consent of the Company, engage in other employment while on leave of absence will be deemed to have resigned and their names will be removed from the System Seniority List. Company consent will not be unreasonably withheld.

## **I. Personal Days**

If a Flight Attendant requires a day off for personal reasons, she or he will be granted up to three (3) days off in a year. Requests for personal days off must be made as far in advance as possible and will be granted provided there is adequate staffing. If there is inadequate staffing to grant these days, the personal days off requested but not granted because of staffing will be rolled over to the next calendar year to be granted, if requested, in accordance with the same adequate staffing requirement. A Flight Attendant granted personal day(s) off may, at her/his option, be paid for such day(s) from accrued sick leave.

**J. Return From Leave of Absence**

When a Flight Attendant returns from a leave of absence and has de-qualified, the Company will have up to thirty (30) days to place the Flight Attendant in requalification training. The Flight Attendant will resume pay status in accordance with this Agreement at the time that s/he commences requalification training.

**SECTION 9**  
**RESERVE FLIGHT ATTENDANTS**

A. Reserve lines will be published in accordance with Section 7. The Company will maintain an adequate number of Flight Attendants on reserve reasonably necessary to fill the needs of the Company, as determined by the Company.

B. A Flight Attendant scheduled for reserve is required to contact Crew Scheduling no later than 2100 on the day before beginning her/his block of reserve days.

**C. Long-Call Reserve**

1. The reserve availability period (RAP) for a long-call reserve is continuous beginning at 0001 local-time (LT) at her/his domicile on the first day of reserve in a block of reserve days and ending at 1200 LT at her/his domicile on the last day of reserve in a block of reserve days. If a long-call reserve has not been given an assignment by 1200 LT at her/his domicile on her/his last day of reserve in a block of reserve days, s/he will be automatically released to her/his day(s) off.

2. A long-call reserve Flight Attendant will not be required to report for duty earlier than 12 hours from the time the Company notifies her/him of her/his first flight assignment in a block of reserve days.

3. A long-call reserve Flight Attendant will not be required to report for an assignment before 0900 LT at her/his domicile following a day off.

4. Once a long-call reserve has commenced a reserve flight assignment, the 12 hour notification requirement will not apply to any modifications to the trip being flown or to subsequent flight assignments during her/his current block of reserve days and will not constitute a conversion, except as provided in paragraph 5. below.

5. Once a long-call reserve has completed a reserve flight assignment and has been released from duty with no subsequent flight assignment, s/he will not be required to report for subsequent duty earlier than 12 hours from her/his subsequent notification of a flight assignment. Any notification of less than 12 hours under this provision will be considered a conversion.

6. Crew Scheduling will not contact a long-call reserve Flight Attendant between 0001 to 0500 LT at her/his domicile unless the 12 hour notification requirement will not be met.

7. Crew Scheduling may convert a long-call reserve Flight Attendant to a short-call reserve Flight Attendant in blocks of reserve days or reserve days remaining in a block provided all the following conditions are met:

a. The Flight Attendant is given 12 hours notification.

- b. The Flight Attendant is not converted more than 2 times during the bid period.
- c. The Flight Attendant is assigned a reserve availability period (RAP) in accordance with Section D.1., below.
- d. The Flight Attendant is placed back on long-call status if operational requirements are met.

**D. Short-Call Reserve**

- 1. The reserve availability period (RAP) for a short-call reserve will be no longer than 14 hours.
- 2. The start time of the RAP for the first day of availability in a block of reserve days will not be changed without the consent of the Flight Attendant.
- 3. A short-call reserve will report no later than one (1) hour after being contacted, except for Dayton (DAY) and Charlotte (CLT) where the report time will be one (1) hour and thirty (30) minutes. Flight Attendants will make every effort to report earlier if needed. If the Company opens a new domicile, the Company and the Union will meet and confer over appropriate report times for reserve in the new domicile.

**E. Ready Reserve**

- 1. A Reserve Flight Attendant may be assigned to be on ready reserve at the airport on any scheduled reserve day. Ready Reserve will not exceed three (3) consecutive days. Ready reserve may be assigned to Flight Attendants for periods of up to eight (8) hours. Ready reserve is duty time. A Flight Attendant on ready reserve may be assigned a trip(s) or portions of a trip(s) and ferry flight(s) commencing within the eight (8) hour period. Upon completion of a ready reserve assignment, a Flight Attendant who has not been assigned will be released for the remainder of the day or for legal rest, whichever is longer.
- 2. A Flight Attendant on ready reserve will receive per diem at the rates set forth in Section 6.
- 3. The Company will provide a room for Ready Reserve separate from the crew lounge at domiciles where the Company uses ready reserve.

- F. Reserve Flight Attendants may indicate a preference for being “first out” or “last out” during any period of reserve duty by contacting Crew Scheduling at least 72 hours prior to the beginning of such block of reserve days. These requests will be honored in seniority order among the Flight Attendants in the applicable long-call or short-call reserve availability period, unless to do so would result in a conflict with another provision of this Agreement or the FARs, or time balancing issue

during the last twelve (12) days of the bid period.

- G.** Once notified of a trip assignment, reserve Flight Attendants need not be available for contact on the day the trip begins until report time.
- H.** A Flight Attendant is required to contact Crew Scheduling at the end of her/his RAP or flight assignment. During this contact, a Flight Attendant on reserve will be advised as follows:

1. Long-Call Reserve

A long-call reserve Flight Attendant who has completed a flight assignment will be given an additional flight assignment, be converted to short-call reserve, or be released from duty.

2. Short-Call Reserve

a. A short-call reserve Flight Attendant who has completed a flight assignment shall be given an additional flight assignment, be required to remain on reserve or ready reserve for the remainder of her/his RAP, or be released into legal rest. A Flight Attendant released into legal rest shall be notified of the start time of either her/his next RAP, ready reserve period, or her/his next flight assignment.

b. A short-call reserve Flight Attendant who has completed her/his RAP shall be notified of the start time of either her/his next RAP, ready reserve period, or her/his next flight assignment.

c. A Flight Attendant's RAP may be shifted up to four (4) hours earlier or later than the start of the Flight Attendant's initial RAP. This restriction does not apply to a RAP adjustment to cover a continuous-duty overnight (CDO), as noted in paragraph d., below.

Example: A short-call reserve has been awarded a RAP on her/his first day of a block of reserve days between 1000 and 2400. Her/his RAP may be shifted on subsequent reserve days to start no earlier than 0600 (ending no later than 2000) or start no later than 1400 (ending no later than 0400).

d. If a Flight Attendant's initial RAP within a block of reserve days is adjusted more than four (4) hours to cover a CDO, the Flight Attendant will remain on the adjusted RAP for the remainder of the short-call reserve days within the block. Such adjustment will take place the day prior to the CDO.

- I.** Reserve Flight Attendants who have not received an assignment by the end of the RAP will not be required to be available for call out until the start of the next RAP.

- J.** Rest in domicile between reserve availability periods will be scheduled for a minimum of ten (10) hours and in no case will actual rest be less than 8.5 hours.
- K.** For purposes of calculating days off, a reserve day will not be considered a day off.
- L.** A Flight Attendant on long-call reserve will not be assigned a trip earlier than forty-eight (48) hours before scheduled departure of the trip, but will be notified as soon as practicable thereafter. A Flight Attendant on short-call reserve will not be assigned a trip earlier than twenty-four (24) hours before scheduled departure of the trip, but will be notified as soon as practicable thereafter.
- M.** When a Flight Attendant on reserve has a scheduled reserve day on the last day of the month and a day off on the first day of the next month, s/he may be assigned an overnight trip, provided that s/he is released from duty before the end of the first day of the month.
- N.** Reserve Flight Attendants may use a paging device or cell phone at their own cost while on reserve duty provided:
  - 1. They inform Crew Scheduling that the device or cell phone will be in use.
  - 2. They advise Crew Scheduling of the calling number and procedure to be employed.
  - 3. They insure that the device or cell phone is operable and within range.
- O.** A Flight Attendant who trades her/his first day of reserve in a block of reserve days in accordance with Section 7.J.4.d. will forfeit the known RAP.
- P.** A Reserve Flight Attendant who is working or junior assigned on a scheduled day off shall be treated the same as a lineholder for purposes of premium pay, early reports, extensions and junior assignment limitations.

**SECTION 10**  
**UNIFORMS**

- A. A Flight Attendant will wear the standard uniform prescribed in Company regulations at all times while on duty or in connection with any event where the Flight Attendant is identified as a Company Flight Attendant.
- B. The Flight Attendant will be responsible for the purchase of her/his initial standard uniform and accessories, which will be purchased at the Company's cost. Optional or additional uniform items may be purchased by a Flight Attendant at the Company's cost. Payment will be on either a cash or payroll deduction basis over a 12-month period. For the initial uniform and accessories, a Flight Attendant may payroll deduct up to a maximum of \$700.00. Thereafter, a Flight Attendant may payroll deduct up to a maximum of \$300.00 per year. For purchases other than the initial uniform, amounts over the uniform allowance will be payroll deducted in equal installments over 10 pay periods, with a minimum payment of \$25 or the remaining balance, whichever is greater, per payroll period.
- C. The Company will provide, at no charge to the Flight Attendant, one set of wings.
- D. A Flight Attendant who has completed twelve (12) months of service with the Company will be credited with \$250.00 every twelve (12) months as a replacement allowance. A Flight Attendant's uniform account may not exceed \$500.00. Flight Attendants will be notified via the Company's website of their uniform replacement allowance credits at least on a quarterly basis. The parties agree that a Flight Attendant who has a uniform bank of more than \$500.00 as of the effective date of this provision will be permitted to use the excess amount to purchase uniform pieces and will be subject to the cap once the banked amount is \$500.00 or less.
- E. A required uniform piece that is damaged as a direct result of a Flight Attendant performing her/his duties on an aircraft (e.g., torn on sheet metal, ruined by aircraft hydraulic fluid, etc.) will be replaced or restored to a wearable condition by the Company, subject to approval by the Director of Inflight, or designee.
- F. If the Company initiates a change in a required uniform piece and the Flight Attendants are no longer permitted to wear the changed piece, Flight Attendants will be provided with a new required uniform piece at Company expense. Any remaining balance on prior uniform pieces will continue to be deducted until fully paid.
- G. Any balance remaining at the time of resignation or termination will be deducted from the Flight Attendant's final pay check. If there are insufficient funds, the balance remaining will become immediately due and payable and the uniform will become the property of the Flight Attendant. The wings will remain the property of the Company.
- H. The Company will consider the recommendations of the Union's Flight Attendant

uniform committee.

- I. Payroll deductions for uniforms will be suspended during any furlough or leave of absence which exceeds thirty-one (31) days.
- J. Flight Attendants may wear the current official Union insignia on their uniforms.
- K. After six (6) months of service, a Flight Attendant will be paid a uniform cleaning allowance of \$18.00 per month.
- L. A Flight Attendant will be permitted to purchase uniform items that conform with the standards prescribed in Company regulations (e.g. luggage, lunch boxes) from a vendor of her/his choice with approval from the Director of Inflight or her/his designee. A Flight Attendant may submit receipts from the purchase of such items for reimbursement, to the extent that she/he has sufficient credit in her/his uniform replacement allowance bank.
- M. The basic uniform items will be as follows subject to requirements of the Company's parent. Should requirements result in a change to the basic uniform, the parties will meet and mutually agree to reasonable alternatives.

**SECTION 11**  
**SENIORITY**

**A. Seniority Accrual**

Flight Attendant system seniority will accrue from the date of commencement of initial Flight Attendant training. Two or more Flight Attendants beginning training on the same day will have relative seniority established on the basis of date of birth, with the older Flight Attendant being more senior. Where there are common birth dates, seniority will be established on the basis of the last four digits of social security numbers, the lowest four numbers being first.

**B. Seniority List Posting**

The Flight Attendant seniority list will be updated monthly and posted on the Company website for review by the Flight Attendants on the date that the bid packets become available. The posting date will be noted on the face of the document. The Company shall provide a copy of the seniority list in electronic format each month to the MEC/LEC President.

**C. Seniority List Discrepancies**

Any alleged error or omission affecting a Flight Attendant's seniority on any seniority list will be protested by the affected Flight Attendant or the Union, in writing, to the Director of In-flight Services with a copy to the Union. Protest must be filed with the Company within thirty (30) days following the posting.

**D. Seniority Loss**

1. Seniority will be forfeited in the event of resignation, termination, retirement, absent without leave (AWOL), or continuous furlough in excess of seven (7) years, or permanent transfer to a position outside the In-flight Services Department.
2. Transferees to In-flight Services Department management positions who are on the System Seniority List as of the date of signing, as well as future transferees, will continue to retain and accrue seniority for four (4) years and retain seniority indefinitely.
3. Persons who would otherwise lose seniority under this Section may not return to the line for a brief period in order to circumvent the provisions of this Agreement.

**E. Except as otherwise provided in this Agreement, seniority will govern bidding rights, displacement, furlough and recall, vacation selection and the filling of vacancies.**

**F. Management Flying**

Inflight Service Department management personnel will not bid lines. Additionally, they may only fly when necessary to prevent cancellation, delays, junior assignments; to retain currency; and to perform check rides for Check Flight Attendants. Inflight trainers may administer check rides to line Flight Attendants for quality control purposes, but this will not be a regular occurrence and is not intended to supplant the Check Flight Attendants. The Company will notify the MEC/LEC President or designee the name, date and flight number when a member of Inflight Service Department management flies under the provisions of this paragraph.

**SECTION 12**  
**PROBATION**

Such Flight Attendant's system seniority will continue to accrue for up to forty-eight (48 months) and will be retained indefinitely. Her/His longevity will be retained. Travel requests must be submitted as far in advance as reasonably practicable and all travel requests for internal Union Business must be submitted no later than seven (7) days prior to departure.

## **G. Flight Pay Loss**

1. The Union will reimburse the Company for all Union leave paid to Flight Attendants as follows: the number of hours on leave paid by the Company (as directed by the LEC President) times the applicable hourly rate for each Flight Attendant; plus an additional 27% of the total to cover the cost of fringe benefits for Flight Attendants on Union leave.
2. The Company shall prepare an invoice for Union leave pay which, after review by the MEC/LEC President, will be reimbursed by the Union as provided in this Section. Such invoice shall state the Flight Attendant, employee number, date of each Union leave and credit. The invoice will be sent to the MEC/LEC President for her/him to document the section(s) number, then flight(s) numbers and rate of pay. The LEC President will then forward the invoice to the Union and a copy to the Company's payroll department.
3. Request For Time Off
  - a. Requests for Union leave shall be made to the Director, Inflight Services or her/his designee and a copy shall be sent to the Manager, Crew Scheduling. Such requests shall be signed by an officer of the LEC. Each request shall be transmitted to the Company by express delivery, hand delivery, or e-mail as far in advance of the requested leave as practicable and when possible, before the eighteenth (18<sup>th</sup>) day of the preceding month. The request will contain the names, dates and duration of the requested Union leave.
  - b. The Union shall notify the Company promptly when leaves are canceled or terminated before the effective date of Union leave.
  - c. In the event of operational necessity, the Director, Inflight Services or her/his designee, or Manager, Crew Scheduling will inform the Flight Attendant and the LEC that the Company is unable to provide a release. The Flight Attendant may attempt to arrange for another Flight Attendant to fly her/his trip(s). However, the Company must approve such an arrangement in advance to ensure that both Flight Attendants will be legal and otherwise available to fly their remaining assignments during their bid period.
4. Schedule Bidding and Compensation for Flight Attendants on Union Leave
  - a. Full Month Leave

When requested by the MEC/LEC President or her/his designee, a Flight Attendant shall be granted Union leave for a full month, provided at the time of the request the leave is not expected to disrupt flying operations. Such Flight Attendant shall be

compensated by the Company for the number of hours of the highest paying line which her/his seniority would have entitled her/him. AFA shall reimburse such leave as provided in paragraph 1, above. Such Flight Attendant shall be eligible to bid open time on any days that do not conflict with Union leave in accordance with the provisions of the Agreement.

b. Partial Month Leave

- (1) When requested by the MEC/LEC President, or her/his designee, a Flight Attendant shall be granted Union leave during specific day(s) for a period less than one full month in accordance with paragraph 3, above. Such Flight Attendant shall bid a schedule and have trips dropped conflicting with the leave dates.
- (2) The Flight Attendant shall be paid for such trips that are dropped, and AFA shall reimburse the Company for such leave as provided in paragraph 1, above.
- (3) A Flight Attendant may be assigned or bid flying on any of the days dropped which do not conflict with Union leave, and monies earned from such flying shall be paid to the Flight Attendant.

5. The Union agrees to reimburse the Company within thirty (30) days after receipt of the Company's invoice. Such billings shall be submitted to the Union no later than thirty (30) days following the month in which the leave was paid by the Company.

**SECTION 14**  
**AGENCY SHOP AND DUES CHECKOFF**

- A.** Each Flight Attendant covered by this Agreement who fails to voluntarily acquire or maintain membership in the Union will be required, as a condition of continued employment, beginning sixty (60) days after the effective date of this Agreement or the completion of her/his probationary period, whichever is later, to pay to the Union a monthly service charge as a contribution for the administration of this Agreement and the representation of such Flight Attendant. The service charge will be an amount equal to the Union's regular and usual monthly dues and periodic assessments.
- B.** If any Flight Attendant covered by this Agreement becomes more than sixty (60) days delinquent in the payment of her/his service charge or membership dues, the Union will notify such employee by Certified Mail, Return Receipt Requested, copy to the Director of Human Resources, that s/he is delinquent in the payment of such service charge or membership dues and is subject to discharge as a Flight Attendant from the Company. Such letter will also notify the Flight Attendant that s/he must remit the required payment within a period of fifteen (15) days or be discharged.
- C.** If, upon the expiration of the fifteen (15) day period, the Flight Attendant remains delinquent, the Union will certify in writing to the Director of Human Resources, copy to the Flight Attendant, that the Flight Attendant has failed to remit payment within the grace period allowed and is, therefore, to be discharged. The Director of Human Resources will thereupon take proper steps to discharge such Flight Attendant from the service of the Company.
- D.** A grievance by a Flight Attendant who is to be discharged as a result of an interpretation or application of the provisions of this Section will be subject to the following procedures:
1. A Flight Attendant who believes that the provisions of this Section have not been properly interpreted or applied as they pertain to her/him, may submit her/his request for review in writing within five (5) days from the date of her/his notification of discharge by the Director of Human Resources above. The request must be submitted to the Director of Human Resources who will review the grievance and render his decision in writing not later than five (5) days following receipt of the grievance.

2. The Director of Human Resources will forward his decision to the Flight Attendant, with a copy to the Union. Said decision will be final and binding on all interested parties unless appealed. If the decision is not satisfactory to either the Flight Attendant or the Union, then either may appeal the grievance within ten (10) days from the date of the decision directly to a neutral referee who may be agreed upon by the Company and the Union within ten (10) days thereafter. If the parties fail to agree upon a neutral referee within the specified period, either the Company or the Union may request the National Mediation Board (NMB) to name such neutral referee. The decision of the neutral referee will be final and binding on all parties to the dispute. The fees and charges of such neutral referee will be borne by the Union.

**E.** During the period a grievance is being handled under the provisions of this Section, and until final award by the Director of Human Resources or the neutral referee, the Flight Attendant will not be discharged from the Company nor lose any seniority rights solely because of noncompliance with the terms and provisions of this Section:

1. A Flight Attendant discharged by the Company under the provisions of this paragraph will be deemed to have been “discharged for cause.”
2. The Company will not be liable for any time or wage claims of any Flight Attendant discharged by the Company pursuant to a written order by an authorized Union representative under the terms of this Section.
3. The Union agrees to indemnify and hold the Company harmless against any suits, claims, and liabilities which arise out of or by reason of any action taken by the Company pursuant to a written order from an authorized Union representative under the terms of this Section.

**F. Dues and Initiation Fees**

1. During the life of this Agreement, the Company will deduct from the pay of each Flight Attendant covered by this Agreement and remit to the Union membership dues and any initiation fee uniformly required by the Union as a condition of acquiring or retaining membership, and in accordance with the provisions of the Railway Labor Act, as amended, or a service charge, provided such Flight Attendant voluntarily executes an agreed upon form. This form, “Voluntary Assignment and Authorization for Payment of Union Service Charge and Dues,” also to be known as a Service Charge and Dues Form, will be prepared and furnished by the Union. The initiation fee will be deducted in equal payments from the first two (2) pay checks after the Company’s receipt of the Service Charge and Dues Form, in accordance with paragraph 3., below.
2. When a Flight Attendant properly executes such Service Charge and Dues Form, the International Secretary-Treasurer of the Union will forward

an original copy to the Director of Human Resources. Any Service Charge and Dues Form which is incomplete or improperly executed will be returned to the International Secretary-Treasurer. Any notice of revocation as provided for in the Agreement or the Railway Labor Act, as amended, must be in writing, signed by the Flight Attendant and delivered by Certified Mail, addressed to the Director of Human Resources, with a copy to the Union. Such revocation will not relieve a Flight Attendant covered by this Agreement of the obligation to remit the required payments to the Union by alternate means. Service Charge and Dues Forms and notices received by the Company will be dated on the date received.

3. When a Service Charge and Dues Form is received by the Director of Human Resources on or before the first day of the month, deductions will commence with the first payday of the following month and will continue thereafter until revoked or canceled as provided in this Section. The Company will remit to the Union a check in payment of all dues and assessments or service charges collected on a given payday within ten (10) days. These remittances will be subject to normal accounting practice with respect to adjustments necessary because of the methods involved in the deduction procedure. The Company remittance of membership dues or service charges to the Union will be accompanied by a list showing names, payroll numbers and amounts deducted for Flight Attendants for whom deductions have been made in that particular period.
4. If the Company experiences problems with the payroll deduction of union dues, service fees and initiation fees, the Company and the Union will mutually agree on a course of action to resolve the problem. The affected Flight Attendants will be informed of the resolution at least ten (10) days before the first paycheck affected by the resolution.
5. Suspension or Termination of Dues Obligations
  - a. No deduction of dues or service charges will be required of any Flight Attendant who has been transferred to a job not covered by this Agreement, who is on furlough, or who is on leave without pay. Upon return to work as a Flight Attendant, whether by transfer, termination of leave without pay, or recall from furlough, deductions will be automatically resumed, provided the Flight Attendant has not revoked the assignment in accordance with the appropriate provisions of this Section and of the Railway Labor Act, as amended.
  - b. A Flight Attendant who has executed a Service Charge and Dues Form and who resigns or is otherwise terminated (other than by furlough) from the employ of the Company, will be deemed to have automatically revoked her/his assignment. If the Flight Attendant is reemployed by the Company as a Flight Attendant, deductions will

commence upon execution and receipt of a new Service Charge and Dues Form.

6. Collections of any back dues or service charges owed at the time of starting deductions for any Flight Attendant and collection of dues or service charges missed because the Flight Attendant's earnings were not sufficient to cover the payment of dues or service charges for a particular pay period will be the responsibility of the Union and will not be the subject of payroll deductions.
7. Deductions of membership dues or service charges will be made monthly provided there is a balance in the paycheck sufficient to cover the amount after all other deductions authorized by the Flight Attendant or required by law have been satisfied. In the event of termination of the Flight Attendant's employment, the obligation of the Company to collect dues or service charges will not extend beyond the monthly period in which her/his last day of work occurs.

**SECTION 15**  
**GRIEVANCES**

**A.** A grievance is defined as any dispute between the Company and a Flight Attendant or a group of Flight Attendants or the Union arising out of the interpretation or application of a provision of this Agreement or the discipline or discharge of a Flight Attendant. Grievances will not include proposed changes in hours of employment, rates of compensation or working conditions. Grievances must be filed in writing and contain a reference to the provision(s) of the Agreement alleged to have been violated and a statement of the facts involved sufficiently detailed to allow investigation of the incident.

**B. Non-Disciplinary Grievances**

1. Prior to filing a written grievance not involving discipline or discharge, the affected Flight Attendant or group of Flight Attendants will attempt to discuss the dispute with the Director of Inflight Services, or designee, in an effort to resolve the dispute.
2. If the dispute is not resolved under paragraph B.1, a written grievance must be filed with the Director of Inflight Services, or designee, within thirty (30) days of the time the affected Flight Attendant became aware or reasonably should have become aware of the circumstances from which the dispute arises.
3. The Director of Inflight Services, or designee, will render a written decision within ten (10) days after submission of the written grievance. The decision will refer to the alleged facts set forth in the grievance and the provisions of the Agreement alleged to have been violated.

**C. Discipline and Discharge**

1. Investigation
  - a. The Company will not discipline a Flight Attendant with loss of pay, issue a letter of final warning to a Flight Attendant, or discharge a Flight Attendant without first holding an investigatory meeting. The Company will not initiate any discussion with a Flight Attendant regarding waiving of an investigatory meeting.
  - b. The Company will notify a Flight Attendant of the investigatory meeting at least seven (7) days in advance of the meeting. The meeting notice will give the reasons for the meeting (e.g. date, segment, alleged offense).
  - c. The Company will notify the affected Flight Attendant of the investigatory meeting in writing either by certified mail or by hand delivery and will provide copies of the notice to the LEC President

and Grievance Chairperson by e-mail, facsimile, hand delivery, or regular mail. The notice will inform the Flight Attendant of her/his right to have Union representation at the meeting. If following notification but prior to the meeting date, the Company learns of another incident of a similar nature (e.g. another customer complaint), the Company may notify the Flight Attendant, the LEC President and the Grievance Chairperson via e-mail that the additional incident will also be discussed at the scheduled meeting.

- d. A Flight Attendant subject to an investigatory meeting may choose to be represented at such meeting by either a Union representative or another Flight Attendant employed by the Company. If the Flight Attendant elects representation by the Union and a Union representative is not available on the scheduled hearing date (including denial of Union leave), at the Flight Attendant's or Union's request, the meeting will be rescheduled to a mutually-agreeable date. However, such meeting will be held no later than two (2) business days after the originally-scheduled meeting date unless both the Company and the Union agree otherwise.
- e. A Flight Attendant may request to hold the meeting earlier. If the Company agrees to accommodate the Flight Attendant's request, the Company will contact the LEC President and/or Grievance Chairperson. If the Flight Attendant requests union representation at the meeting, the Company and LEC President or Grievance Chairperson will coordinate scheduling of the hearing. However, no meeting will be held on the same day that the meeting notification was provided to the Flight Attendant unless the Company has made positive contact (through e-mail, telephone, or cellular phone) with either the LEC President or the Grievance Chairperson prior to the meeting time and explained the Flight Attendant's request to hold a same-day meeting and attempting to make arrangements for Union representation, if requested.
- f. If a meeting with a Flight Attendant is scheduled on the Flight Attendant's scheduled day off and the Flight Attendant objects to the meeting on his/her scheduled day off, the Company will work with the Union and the Flight Attendant to reschedule the meeting to be held within the Flight Attendant's scheduled duty period, as follows.
  - i. If the Flight Attendant has a work day scheduled prior to the date of the scheduled meeting and the Company is available to meet on that day, the Flight Attendant may elect to come in on that scheduled work day. If the Flight Attendant elects not to come in on such scheduled work day, the meeting will take place as originally scheduled.

- ii. If the Flight Attendant does not have a work day scheduled prior to the date of the scheduled meeting, he or she may elect to meet with the Company on his/her next scheduled work day on which the Company is available to meet.
  - iii. In extremely extenuating circumstances (i.e., when the Flight Attendant has no scheduled work days within the next 7 days), the Company, the Flight Attendant and the Union will mutually agree to the scheduling of the meeting.
2. The Company may hold a Flight Attendant out of service pending investigation. If the Flight Attendant is ultimately exonerated, the Flight Attendant will be reinstated without loss of seniority or longevity, be paid for such time lost in an amount which would have ordinarily been earned had the Flight Attendant been continued in service during such period and any reference to the investigation or discipline will be removed from the Flight Attendant's record. If discipline involving loss of pay is administered after investigation, the Flight Attendant will be credited for time served and for pay withheld, as appropriate.
3.
  - a. The Company shall notify Flight Attendants of any disciplinary action in writing by certified mail or by hand delivery. The Company will not fax discipline to Flight Attendants. The charges will be outlined in the disciplinary letter. When the discipline involves a verbal warning, written warning, suspension, final warning or discharge, the Company shall provide copies of such notices to the LEC President and the LEC Grievance Chairperson by e-mail, facsimile, hand delivery or regular mail.
  - b. If the Company issues a verbal warning without having held a prior meeting with the Flight Attendant, the disciplinary letter will contain the following language:

“If you have any questions or concerns regarding this verbal warning, you may request a telephone conference or in-person meeting regarding this warning. Such request must be made within seven (7) days of receipt of this letter. Such meeting will be scheduled verbally and you will not receive written confirmation of the meeting. You have the right to union representation at such meeting.”
4. A written grievance involving discipline or discharge must be filed with the Director of Inflight Services or designee within fifteen (15) days after the Flight Attendant receives notice of the discipline or discharge. The Director of Inflight Services or designee will conduct a hearing within fifteen (15) days after the receipt of the grievance and render a written decision within ten (10) days after the close of the hearing. The hearing may be waived with mutual agreement. If the hearing is not waived, the Company will confer with the LEC President or designee to agree on a hearing date.

The Company will notify the LEC President and Grievance Chairperson of the mutually agreed hearing date by e-mail, facsimile, or hand-delivery.

5. Travel to Investigatory Meetings and Grievance Hearings
  - a. The Company will provide the affected Flight Attendant/grievant with positive space travel over the lines of the Company to the investigatory meeting or hearing, in accordance with the governing travel policy.
  - b. The Company will provide a Union representative who is a Flight Attendant employed by the Company with Company business space-available (SA1) transportation over the lines of the Company to or from the investigatory meeting or hearing, in accordance with the governing travel policy.

#### **D. Appeal to System Board of Adjustment**

If the decision of the Director of Inflight Services or designee is not satisfactory to the Union, the grievance may be appealed by the Union to the System Board of Adjustment. The submission to the System Board of Adjustment must be mailed within thirty (30) days after the Director of Inflight Services or designee issues her/his decision.

#### **E. General**

1. Time limits in this Section may be extended by written mutual agreement of the parties.
2. Representation will be provided, at the Flight Attendant's option, by either a Union representative or another Flight Attendant employed by the Company.
3. Grievances may be submitted and replied to by e-mail, unless otherwise mutually agreed.
4. Copies of the Company's responses to grievances will be sent to the LEC President, the LEC Grievance Chairperson, and the AFA legal department. The Union will be responsible for ensuring that the Company has the appropriate street and e-mail addresses.
5. If the Company fails to respond to a grievance within the time limits in this section, the Union may appeal the grievance automatically to the next level.
6. The Company will not leave a message regarding a verbal counseling on the Flight Attendant's answering machine or voice mail.

**SECTION 16**  
**SYSTEM BOARD OF ADJUSTMENT**

- A. In compliance with Section 204, Title II, of the Railway Labor Act, as amended, the parties hereby established a System Board of Adjustment for the purpose of adjusting disputes or grievances arising under this Agreement. Such Board will be known as the PSA Airlines, Inc. Flight Attendant's System Board of Adjustment.
- B. The Board will consist of two (2) members, one (1) selected by the Union, one (1) selected by the Company, and such appointees will be known as "Board Members." With the exception of neutrals, all Board Members will be employees of the Company.
- C. Each party will inform the other, in writing, of the name of its Board Member and such designations will continue in effect until successors are appointed. Either party has the right to change its representative periodically, provided that written notification of a change of representative for any particular dispute must be made prior to the start of the scheduled hearing.
- D. The Board will have jurisdiction over disputes which arise out of grievances, or out of the interpretation or application of this Agreement. The jurisdiction of the Board will not extend to proposed changes in hours of employment, rates of compensation, or working conditions. Nor will jurisdiction of the Board extend to cases involving the discipline or discharge of probationary Flight Attendants.
- E. The Board will consider any grievance or appeal properly submitted to it by the Union or the Company when such matter has not been previously settled in accordance with the terms provided for in this Agreement.
- F. **Makeup of the Board**
  - 1. Appointments of members of the Board will be made by the parties within thirty (30) days from the date of the signing of this Agreement, and the appointees will meet at a mutually agreed location within sixty (60) days from the date of the signing of this Agreement, and will organize and select a Chairman and Vice Chairman. The terms of the office of Chairman and Vice Chairman will be one (1) year or until a successor has been duly selected. Prior to the expiration of each term, the Board will select officers for the following year.
  - 2. The office of Chairman will be filled and held alternately by the Union member and by the Company member. When the Union member is Chairman, the Company member will be Vice Chairman and vice versa. The Chairman, or in her/his absence, the Vice Chairman, will preside at meetings of the Board and at hearings, and will have a vote in connection with all actions taken by the Board; provided, however, that when a neutral member is appointed to resolve a deadlock under paragraph L. below,

such neutral will serve as Chairman and will preside at meetings of and hearings before the Board.

**G. Board Submissions**

1. All submissions of a dispute referred to the Board will be addressed to the Board with one (1) copy each to the Company and the Union and one (1) copy for each Board Member. One (1) copy will be submitted to the neutral member, if applicable. Each such submission will state:
  - a. Question or questions at issues;
  - b. Statement of facts;
  - c. Position of the Union; and
  - d. Position of the Company.
2. When possible, joint submissions should be made, but if the parties are unable to agree upon a joint submission, then either party may submit the dispute and its position to the Board.

**H.** Upon submission of a dispute to the Board, the parties will discuss the possibility of attempting to resolve the dispute through grievance mediation under the auspices of the National Mediation Board. If the parties mutually agree to grievance mediation, the two (2) member Board step will be waived. If the parties do not mutually agree to grievance mediation, the parties will attempt to agree upon a date for hearing and advise the Board thereof. If the parties are unable to reach agreement, either party may request the Chairman to set a date for hearing.

**I.** Flight Attendants having a grievance being heard by the Board may have Union representation. In the event the Flight Attendant chooses to be represented by some other representative, the Flight Attendant will be responsible for the fee, if any, of such representative and for the expenses incurred by such representative, including expenses or fees attributable to witnesses called to testify. Neither the Union nor the Company will be liable for such fees and expenses. The Company and Union may be represented by such person or persons as they may choose and designate.

**J.** Upon the request of a member of the Board, or any party to the dispute, the Board will summon witnesses employed by the Company who may be deemed necessary by a party to the dispute or a member of the Board.

**K.** A majority of all the members of the Board will be competent to make a decision. Decisions of the Board on all cases properly referable to it will be final and binding on the parties.

**L. Neutral Member of the Board**

1. In the event of a deadlock in the case of any dispute properly referable to it, including an unsuccessful grievance mediation, it will be the duty of the Board to endeavor to agree within thirty (30) days from the date of such deadlock upon a procedure for breaking such deadlock. The procedure will include, if necessary, appointment of a neutral member to sit with the Board, conduct a hearing, and make a proposed opinion and award. The neutral member will be appointed by mutual agreement of the Company and the Union from a standing panel of neutrals within fifteen (15) days after either party notifies the other of a request that a neutral be appointed. (Appendix "A"). If the panel members are unavailable and the parties are unable to agree on the selection of a neutral, the Company and Union will, within fifteen (15) days from the date of the deadlock, request that the National Mediation Board submit a panel of seven (7) proposed neutrals selected by the National Mediation Board without geographic limitation and all of whom will be members of the National Academy of Arbitrators and have experience as a neutral in the airline industry. Each party will alternately strike a name from the panel until only one (1) name remains, who will serve as the neutral member for the dispute in issue. The order in which the parties alternately strike names from the panel will be determined by a coin toss.
2. The neutral member will preside at meetings of and hearings before the Board pertaining to the dispute for which the neutral was appointed. The proposed opinion and award of the neutral on a dispute properly referable to the Board will be final and binding on the parties when it receives the concurrence of one (1) other Board Member. The proposed opinion and award will be issued within sixty (60) days of the submission of briefs to the neutral member.

**M.** The expenses and compensation of the neutral member will be borne equally by the parties. Each of the parties will assume the compensation, travel expenses and other expenses of the Board members selected by it and the witnesses called by it. The parties will attempt to schedule hearings in order that Board Members and witnesses who are employees of the Company may attend hearings on their days off.

**N.** The expense of transcriptions of Board proceedings and costs associated with hearing facilities will be shared equally by the parties. **[Moved up from below.]**

**O. Board Member/Witness Rights**

1. Each Board Member will be free to discharge her/his duty in an independent manner without fear that her/his individual relations with the Company, the Union or other Flight Attendants may be affected in any manner by any action taken by her/him in good faith in her/his capacity as a Board member.

2. Every witness and representative who appears before the Board will be free from retaliation or adverse action by either the Union or the Company because of her/his giving testimony or participating in a hearing in good faith.

## SECTION 17 TRAINING

### **A. Training Requirements**

1. The Company will, consistent with the applicable 14 CFR, establish and uniformly apply training requirements for Flight Attendants for initial, recurrent and requalification training as covered in the training program approved by the FAA.
2. The Company will make its best efforts to provide recurrent training materials at least one (1) month in advance of the training date.

### **B. Training Schedules**

1. Training will be scheduled for no more than six (6) consecutive days followed by one (1) day off at the training site.
2. Flight Attendants will not be required to attend training (other than initial training) for more than ten (10) hours a day, inclusive of any breaks.
3. A Flight Attendant will not be assigned to training or a checkride Thanksgiving Day, December 24, 25 and 31, or January 1.

**C.** The names of Flight Attendants scheduled for recurrent, transition, and differences training during a bid period and the dates on which training is scheduled will be made available in the bid package. The scheduled training will then be published in the final bid award and trips will be dropped as necessary to avoid conflicts with training days.

**D.** Flight Attendants in training out of domicile will travel on a “space positive” basis over the lines of the Company and coordinate travel to and from the training location with Crew Scheduling.

**E.** A Flight Attendant scheduled for training out of domicile will be paid per diem expenses commencing at report time for scheduled travel from her/his domicile and ending at block-in upon return to domicile. If the Flight Attendant initiates travel earlier than scheduled or completes travel later than scheduled, per diem will be paid only for the time at the training location.

**F.** Flight Attendants undergoing recurrent, transition, or differences training out of domicile will be provided with single occupancy accommodations.

**G.** A Flight Attendant assigned to FAA-approved home study training will be paid one (1) hour of flight pay for each two (2) hours of FAA-approved training credit. The recurrent-training materials will state the value of the home-study.

- H.** Time spent in training will be considered duty time. Time spent traveling to training at locations out of domicile will be considered deadhead.
- I.** A Flight Attendant who fails to pass her/his first checkride will be provided additional training as determined by the Director of Inflight followed by a second checkride.

**J. Training Review Committee**

The Company will recognize the Union's Training Review Committee, which will consist of no more than three (3) members selected by the Union, and will meet with the Committee on an as-requested basis, but no more than monthly, to discuss training programs and procedures. The Company will review with the Committee any new procedures or changes in procedures prior to publication, and the Committee's recommendations will be given appropriate consideration. The Company will notify the MEC President in advance of the train-the-trainer class dates. The Training Review Committee may attend the classes and make recommendations regarding new procedures.

**K. General**

1. As long as it does not interfere with the operational needs of the Company, a representative of the Flight Attendant's choice (a Flight Attendant in the employ of the Company) may, if requested by the Flight Attendant, observe any checkride without compensation.
2. No essay tests will be given unless required by the FAA. A Flight Attendant will not be tested on information not contained in written materials provided by the Company or specifically covered in ground school instruction. A non-probationary Flight Attendant who fails a written test will not be sent home or back on line from ground school without first receiving tutoring in the areas of weakness, including a practice test if requested, followed by a second test.
3. If feasible, recurrent training and proficiency checks will be scheduled in the Flight Attendant's base month or the month earlier.

**SECTION 18**  
**FURLOUGH, DISPLACEMENT, AND RECALL**

**A. Furlough and Displacement**

1. When a furlough becomes necessary, the Company will simultaneously offer Flight Attendants the opportunity for a voluntary furlough in order of Flight Attendant System Seniority at the same time the regular furlough is offered. The Company will give a minimum of seven (7) days notice of the opportunity for voluntary furlough.
2. If voluntary furloughs do not achieve sufficient reduction in force, Flight Attendants will be furloughed in inverse order of Flight Attendant System Seniority.
3. A Flight Attendant will be given at least fourteen (14) days written notice of involuntary furlough, or pay in lieu thereof, except in cases of emergency, strikes, Acts of God, or other causes beyond the control of the Company. The Union will be provided a copy of such furlough notice.
4. A furloughed Flight Attendant may elect to be paid for earned and unused vacation time in accordance with this Agreement.
5. A Flight Attendant will continue to accrue seniority while on furlough. A Flight Attendant will not accrue longevity while on furlough unless s/he is recalled less than thirty (30) days from the date of furlough, except that a furloughed Flight Attendant will continue to accrue longevity for the period in which s/he has received compensation in lieu of notice under Paragraph A.3., above.
6. The Company will continue a Flight Attendant's health insurance benefits for the remainder of the month in which s/he is furloughed, after which the Flight Attendant will be eligible to continue coverage under COBRA.

**B. Recall**

1. In order to retain recall rights, furloughed Flight Attendants must keep the Company advised of their current address and telephone number.
2. Furloughed Flight Attendants will retain recall rights for seven (7) years following the date of the furlough.

3. Furloughed Flight Attendants will be notified of recall by certified mail, return receipt requested to the address on record. Each Flight Attendant will answer her/his recall notice within five (5) days of receipt of such notice and shall advise the Company of her/his intent to accept or reject recall in person, by e-mail or mail, with confirmation of receipt of notice. A furloughed Flight Attendant will be allowed up to 14 days after notifying the Company of acceptance of recall to report for duty from furlough. The Company may at its discretion extend the time for return to active duty.
4. A Flight Attendant who declines recall will forfeit seniority and recall rights, except that a Flight Attendant may defer recall from furlough once provided there are less senior Flight Attendants who accept such recall. A Flight Attendant who defers recall under this paragraph will be placed at the bottom of the recall list unless s/he notifies the Company in writing that s/he wishes to be recalled at the next available opportunity.
5. A Flight Attendant recalled from furlough will not be involuntarily furloughed again for at least sixty (60) days. In the month a Flight Attendant is recalled, the minimum monthly guarantee and all benefits will be prorated for the portion of the month for which s/he is recalled, except that if s/he is recalled in fewer than thirty (30) days from the date of furlough, a Flight Attendant will receive associated benefits retroactive to the date of furlough.

**SECTION 19**  
**JOB VACANCY BID SYSTEM / FILLING OF VACANCIES**

**A. Permanent Bid System**

1. The Company will maintain a permanent bid file in which each Flight Attendant lists all domiciles in order of her/his desired domicile preference. These bids may be updated at any time.
2. Flight Attendants are responsible for ensuring that their current permanent bids reflect their domicile priorities.
3. Permanent bids will be submitted via Crew Web or as otherwise designated by the Company. A permanent bid will remain in effect until the Flight Attendant revokes or changes it.

**B. Filling of Permanent Vacancies**

1. A permanent domicile vacancy is one where the Company determines there is an opening of more than ninety (90) days which it wishes to fill.
2. Domicile vacancies will be announced via the Company employee email to all Flight Attendants system wide and posted on the DRS. Flight Attendants will be reminded to review their permanent bids in this announcement. Such announcement will include a date and time upon which the vacancy bids will close, which will be at least 48 hours from the time the vacancy is posted.
3. Domicile vacancies will be awarded in accordance with seniority using the permanent bids on file. Domicile vacancies that remain available after awarding permanent bids will be assigned to the junior Flight Attendant system wide, or, at the Company's discretion, by hiring a new Flight Attendant.
4. The Permanent Bid file is used in the filling of all permanent vacancies.
5. A Flight Attendant whose domicile bid is awarded will be notified via the Company's email system and a message will be placed on the DRS notifying Flight Attendants of the award and to check their Company email.
6. If permanent domicile vacancies are awarded after the 15<sup>th</sup> of the month, the Flight Attendant may, at her/his option, defer the effective date of the award to the new domicile until the beginning of the bid month following the month after the bid was awarded. For example, a Flight Attendant awarded a permanent bid on November 20 may defer her/his transfer until January 1.
7. Prior to recalling furloughed Flight Attendants, a Flight Attendant who had

been involuntarily transferred from the domicile where a vacancy exists will have her/his bid honored to return to the domicile, provided s/he is senior enough to hold it.

8. A Flight Attendant who has been involuntarily transferred to another domicile will have domicile rights over more senior Flight Attendants who have not been involuntarily transferred.
  - a. If in the future a permanent vacancy is open at the domicile from where the Flight Attendant was involuntarily transferred, the Flight Attendant will be awarded the vacancy, provided s/he has a permanent bid for the former domicile on file.
  - b. If more than one Flight Attendant has a permanent bid on file for the vacancy, the vacancy will be awarded according to seniority among the affected Flight Attendants.

### **C. Relocation Days and Expenses**

1. Flight Attendants awarded permanent bids, including new hire Flight Attendants, will be granted four (4) consecutive days off in which to relocate to the new domicile. Such days will be without pay and will be included in the Flight Attendant's contractual minimum days off. Relocation days are not applicable to new hire Flight Attendants awarded a domicile within 50 miles of their permanent address.
2. The Flight Attendant shall receive per-diem and hotel accommodations from the effective date of the award until the beginning of the Flight Attendant's relocation days.
3. The provisions of C.1 and C.2 in this Section may be utilized by a Flight Attendant one time in a six (6) month period for voluntary moves, calculated from the effective date of the award. The Flight Attendant may bid for and be awarded other transfers within the six-month period, but s/he will not be eligible for moving days for the subsequent transfer(s).

### **D. Temporary Vacancies**

1. A temporary vacancy is one where the Company determines there is an opening with an expected duration of ninety (90) days or less which it wishes to fill.
2. Temporary vacancies may be extended to a maximum of one hundred eighty (180) days (the original ninety (90) and up to an additional ninety (90), if necessary) when requirements necessitate.
3. When the temporary vacancy is expected to last more than seven days, the Company shall designate the domicile(s) from which Flight Attendants may bid for and be awarded the temporary vacancy. The Company shall

post temporary vacancies for no fewer than 72 hours. Such bids will be awarded according to seniority. Temporary vacancies lasting seven or fewer days will be filled by Company assignment and are not subject to the posting requirement.

4. A Flight Attendant holding a temporary vacancy shall be entitled to bid monthly schedules at the domicile to which s/he is temporarily assigned, in accordance with her/his seniority.
5. A Flight Attendant awarded a temporary vacancy will be eligible for hotel accommodations and per-diem for the duration of the temporary vacancy.
6. If the temporary vacancy is expected to last more than seven days, the Company will reimburse AAA mileage at the applicable IRS rate for one round trip between the permanent and temporary domiciles.

**SECTION 20**  
**OPENING AND CLOSING OF DOMICILES**

- A.** The Company will advise the Union of anticipated domicile openings and closings as soon as it finalizes the decision to open or close the domicile(s).
- B.** When a new domicile is opening, vacancies will be posted and awarded as described in Section 19.
- C.** When a new domicile is opened which involves a reallocation of flying among the existing work force, and there are insufficient bids to fill the new positions, the most junior Flight Attendants within the domicile(s) at which the reduction in flying occurred will be assigned the unbid vacancies.
- D.** When a domicile is closed or reduced and no furloughs result, a Flight Attendant may exercise her/his seniority to bid a vacancy under the provisions of Section 19, but may not displace another Flight Attendant.
- E.** When the closing or reduction of a domicile results in a furlough, the provisions of Section 18 will govern.

**SECTION 21**  
**MOVING EXPENSES**

- A.** The Company will pay moving expenses when:
1. A Flight Attendant is involuntarily assigned, other than incident to initial employment or recall from furlough, to another domicile from her/his present domicile and s/he relocates.
  2. A Flight Attendant is displaced to another domicile from her/his present domicile as a result of a reduction in flying time at a domicile or as a result of the closing of a domicile.
  3. Moving expenses for all other Flight Attendant transfers not listed in paragraphs A.1 or A.2 above will be paid by the Flight Attendant.
- B.** A Flight Attendant who is eligible for Company-paid expenses may elect to have her/his move paid from a location other than the domicile from which s/he is being transferred to any location within sixty (60) miles of the new domicile city. However, the Company's responsibility will not exceed the cost of moving the Flight Attendant from the domicile from which s/he is transferred to her/his new domicile.
- C.** The Flight Attendant will have up to 18 months to move and claim the expenses provided for herein and appropriate receipts will be required. A Flight Attendant who voluntarily terminates her/his employment within 30 days of a paid move will reimburse the Company for such expenses.
- D. Expenses Related to Finding a New Residence, Moving Household Goods, and Personal Property**
1. The Company will pay 24 hours of per diem, at the rates specified in Section 6, per day per person for the Flight Attendant's and spouse's meals, and reimburse reasonable costs of lodging and transportation (including auto rental, insurance, and collision damage waiver, from a major rental chain) to find a new residence, not to exceed three (3) days and two (2) nights. The Company will attempt to arrange hotel and auto rental. If the Company should be unable to make such arrangements, the Flight Attendant shall use her/his best efforts to arrange discounts and reasonable rates. Original receipts for hotel and rental car will be required to be submitted within thirty (30) days of each event. If personal automobile is used, then the AAA mileage at the applicable IRS rate plus tolls will be reimbursed.
  2. The Company will arrange to move the Flight Attendant's household goods utilizing a bonded carrier, with packing and pick up to be arranged on the date(s) requested by the Flight Attendant, if possible. The covered expenses include moving up to 12,000 pounds of personal goods, packing, unpacking, drayage, shipping, and insurance.

3. The Flight Attendant will request the desired moving days in writing when s/he submits her/his monthly bid. The Company will grant three (3) consecutive days off plus one (1) day off for each 350 miles or portion thereof in conjunction with the move. The Flight Attendant's line of flying may be adjusted to allow lost duty days in the moving period to be recovered; however, the total duty days will not be increased. During these days off the Company will reimburse the reasonable cost of lodging and pay for 24 hours of per diem at the rates specified in Section 6 for the Flight Attendant and each family member over 12, and 50% of that amount (adjustable with increases for per diem) for each child 12 and under. Lodging expenses must be supported by original receipts submitted to the Company within thirty (30) days.
4. The Company will pay mileage at the applicable IRS rate for the driving of no more than two (2) automobiles via the most direct route from the old to the new location. Official AAA mileage charges will be used as approved mileage.
5. Should a Flight Attendant eligible for Company-paid moving expenses elect to move herself/himself, s/he will use a Company approved vendor of self-moving equipment, e.g., Ryder, Penske, or U-Haul. The Company will pay the cost of such move not to exceed costs otherwise covered by this Section. The Company will pay the Flight Attendant \$300.00 for electing to self-move after the move has been completed.
6. The Company will pay \$250.00 to each Flight Attendant who makes a Company-paid move to defray relocation expenses. In addition to the above, a Flight Attendant making a Company-paid move will be permitted, upon request on the bid form, to draw an advance of not more than \$500.00 of her/his compensation, to be repaid in equal installments by payroll deduction over a three-month (3-month) period with no interest to be charged. The advance will be made prior to the move.
7. If a Flight Attendant is forced to break a lease as a result of a move for which moving expenses are payable and if a broken lease penalty is incurred, the Company will reimburse the Flight Attendant for costs associated with breaking the lease, up to two (2) months of rent, not to exceed \$1800.00. In order to be eligible for said reimbursement, the Flight Attendant must make all reasonable efforts consistent with her/his lease terms and applicable law to avoid incurring the penalty, and must provide the Company with documentation of the penalty incurred. Such documentation shall be a copy of the lease agreement and/or cancelled checks for rent. Upon request, the Company will provide the Flight Attendant with documentation, and assistance to help the Flight Attendant in terminating a lease.

**SECTION 22**  
**HEALTH AND SAFETY**

**A. Physical Examinations**

1. If the Company questions the physical fitness of a Flight Attendant, the Company may require the Flight Attendant to submit to a physical examination by a Company-designated physician. The Flight Attendant will be furnished a copy of the physician's report either by certified mail or hand-delivery. The Company will pay the cost of such physical examination.
2. A Flight Attendant who fails to pass a physical examination may have a review in the following manner:
  - a. The Flight Attendant will provide written notice to the Company that she/he intends to undergo such review within seven (7) days of receiving the Company-physician's report. The Flight Attendant will secure an appointment with a qualified physician of her/his own choosing, as soon as possible but generally no later than fifteen (15) days from the date s/he receives a copy of the Company-physician's report for the purpose of conducting a physical examination for the same purpose as the physical examination made by the physician on behalf of the Company. The Flight Attendant will pay the cost of the exam by the physician of her/his choosing.
  - b. A copy of the findings of the physician employed by the Flight Attendant will be furnished to the Company within seven (7) days after receipt of the report by the Flight Attendant. If such findings verify the findings of the physician employed by the Company or if the Flight Attendant fails to furnish such report to the Company, no further review of the case will be afforded.
  - c. If the findings of the physician chosen by the Flight Attendant are timely filed with the Company and they disagree with the findings of the physician employed by the Company, the Company will, at the written request of the Flight Attendant made at the time of the filing of such findings with the Company, ask that the two physicians agree upon the appointment as promptly as possible, but no later than seven (7) days, of a third qualified and disinterested physician, preferably a specialist, for the purpose of making a further examination.
  - d. The disinterested physician will then, within fifteen (15) days, make a further examination of the Flight Attendant in question and the case will be settled on the basis of the neutral examiner's findings.

- e. The expense of employing the disinterested physician will be split equally between the Flight Attendant and the Company. Copies of such physician's reports will be furnished to the Company and to the Flight Attendant.
3. A Flight Attendant may be removed from flying status by the Company as a result of her/his failure to pass a Company physical pending a review. If the review determines that such action was medically unwarranted, the Flight Attendant will be paid retroactively for the time lost in an amount equal to what s/he ordinarily would have earned if her/his flight status had not been interrupted.
- B.** The Company will consider the recommendations of the LEC Health and Safety Committee in all matters affecting the safety of Flight Attendants. Health and Safety Committee meetings may be scheduled by the LEC President or the Director of Safety when either becomes aware of safety issues affecting the Flight Attendants.
  - C.** The LEC Health and Safety Committee Chairperson or her/his designee may attend Company aircraft certification demonstrations, including new emergency evacuation procedures, provided her/his attendance is permitted by the FAA.
  - D.** The MEC President and/or her/his designees who are Company Flight Attendants, up to a total of three (3) individuals, will be allowed to inspect any new aircraft in which the Company requires a Flight Attendant to work, or any aircraft accident crash site provided access to the site is permitted by the FAA or the NTSB. Such Union Representative(s) will be furnished on line, positive space transportation to and from the aircraft inspection site or aircraft accident site, in accordance with the governing travel policy.
  - E.** The LEC Health and Safety Committee will be allowed to review reports regarding Flight Attendant on-the-job-injuries.
  - F.** The Company will notify the MEC President or a designee as soon as practical of any accident resulting in serious injury, any hijacking incident, any actual evacuation of an aircraft, physical assault of a Flight Attendant, or aircraft decompression during flight, medical emergencies involving passengers or crew, preparation for emergency landing, emergency landings, and serious incidents not requiring evacuation, in which a Flight Attendant is involved. The Company will also provide the LEC President or her/his designee with the FAIR reports for these events.
    1. The Flight Attendant will be provided with immediate medical attention and, to the extent possible, isolated from the media.
    2. The Company will notify the designated emergency contact of each Flight

Attendant involved if the Flight Attendant is incapacitated or requests the Company to do so.

3. The Company will release a Flight Attendant from further duty if the Flight Attendant is unable to continue to perform her/his duties.
  - a. A Flight Attendant released from further duty may, but is not required to, use sick leave to cover the time missed from duty. If the Flight Attendant elects to take unpaid leave, and such leave causes her/him to fall below the minimum monthly guarantee, the guarantee will be prorated.
  - b. If a Flight Attendant has insufficient sick leave, s/he may borrow up to twenty (20) hours of sick leave from her/his sick leave bank. Her/His sick leave bank will be restored by the Flight Attendant's subsequent sick leave accruals. A Flight Attendant may borrow sick leave as many times as necessary; however, at no time may the negative balance in her/his bank exceed twenty (20) hours. If the Flight Attendant leaves the employment of the Company with a negative balance in her/his sick leave bank, that amount will be deducted from the Flight Attendant's final paycheck. If there are insufficient funds, the balance remaining will become immediately due and payable. **[Consistent with Section 10.G.]**
  - c. If the incident/accident/illness is determined to be a workers' compensation event, the Flight Attendant will be eligible for workers' compensation benefits in accordance with applicable law and this Agreement, rather than using the sick leave as provided in H.3.a. and b. above.

- G.** The Company will notify Flight Attendants upon receipt of information of any potential environmental hazards which they may be exposed to while on duty.

**[Moved to 23.L., Flight Attendant Duties]**

- H.** A Flight Attendant requested by the Company, a government agency or the MEC President to participate in an accident or incident investigation involving a Company aircraft will be released from schedule to do so and will be furnished free, on line, positive space transportation by the Company, in accordance with the governing travel policy. If such request is made by the Company or a government agency, the Flight Attendant will be pay protected.
- I.** The Company will provide non-latex gloves on each aircraft for Flight Attendant use. Antiseptic hand cleanser and antiseptic towelettes may be ordered from the caterers as needed.
- J.** The Company will continue its practice of permitting Flight Attendants to wear earplugs while on duty.

- K.** If a Flight Attendant becomes ill or injured while away from her/his domicile in the service of the company, the Flight Attendant will contact Crew Scheduling to report the illness or injury and may request to be returned to her/his domicile. The Company will use its best efforts to return the Flight Attendant to her/his domicile as soon as practicable and will make the necessary travel arrangements for the Flight Attendant. When travel cannot be arranged over the lines of the Company, the Company will pre-pay the cost of the transportation.

**SECTION 27**  
**NO STRIKE / NO LOCKOUT**

- A.** During the term of this Agreement there will be no strikes, work stoppages, slow downs, picketing, honoring of picket lines, sympathy strikes, or other concerted interference with the operation of the Company by the Union, its agents or representatives, or by the Flight Attendants of the Company.
  
- B.** The Company agrees there will be no lock-outs during the term of this Agreement.

## SECTION 28

### EMPLOYEE ASSISTANCE/PROFESSIONAL STANDARDS/DRUG AND ALCOHOL TESTING

#### A. Employee Assistance Program (EAP)

The Company will meet quarterly with the MEC EAP Chairperson to discuss cooperative activities and efforts related to the well being of Flight Attendants.

#### B. EAP Referrals

The Company and the Union agree to work jointly in coordinating the services of either the AFA EAP or the Company EAP to provide assistance to a Flight Attendant who may have substance abuse or dependency problems but has not been selected for random, reasonable suspicion, or incident/accident drug or alcohol testing, encouraging such Flight Attendant to voluntarily seek assistance in accordance with Paragraph E. (Chemical Dependency Disclosure Policy).

#### C. Professional Standards

1. Should a professional standards problem come to the attention of the Company, the Company may, at its sole discretion, refer such dispute to the Union's Professional Standards/EAP Committee ("the Committee").
2. Whenever the Company elects to refer a dispute to the Committee, the Committee will have a designated period of time, normally 30 days or such other period as may be set by the Company, in which to attempt to resolve the problem. During the designated period, the Company will hold in abeyance any action it may have commenced or may contemplate taking unless further information becomes known that would alter the facts or the Company's legal obligations as understood by the Company at the time it made its initial referral.
3. The Committee will encourage the individual or individuals involved to discuss the matter privately in a forthright and reasoned manner in an attempt to resolve the dispute. Failing this, the Committee will elicit all sides of the story and counsel all parties. Generally, such discussions will be held by telephone with no records or notes being kept to ensure confidentiality. The proceedings of the Committee will be confidential and the Company will not cite a Flight Attendant's involvement with the Committee in a disciplinary proceeding. The Company may refer to the facts and the dispute that resulted in a referral to the Committee in subsequent disciplinary and System Board proceedings.
4. Should the conflict fail to be resolved through the methods set forth above, the Flight Attendant involved will be invited to a Committee meeting. After each such Flight Attendant has had the opportunity to present his or her position, the Committee will seek a commitment from the parties involved to end the conflict and, in the future, to work together constructively and

without dissension or consternation. Should any Flight Attendant refuse to participate in such a meeting, the Chairperson of the Committee will advise the Company and the Company will encourage all involved parties to work with the Committee to attempt to attain a satisfactory resolution to the problem.

5. At or before the end of the designated period, the Committee will make a verbal report to the Director Inflight Services, or her/his designee, that “the problem is resolved” or that “the Committee is unable to resolve the matter and cannot be of any further assistance.” If the Committee reports that the problem has been resolved, the Company may, at its discretion, confirm with the participant in the dispute that such participant is satisfied with the resolution achieved by the Committee.
6. If successful resolution of the problem is not obtained by the Committee within the designated period, the Company will then be free to take whatever action that is not inconsistent with this Agreement. In cases where the Company elects to commence or continue disciplinary proceedings, the delay caused by the designated period during which the matter was under referral to the Committee will not be raised by the Union as a defense, nor will the Company assert any failure of the Committee to arrive at a successful resolution as supporting the Company’s position. No Committee member will be asked or required by the Company to bear witness regarding the proceedings before the Committee in any disciplinary case that previously had been referred to the Committee.
7. The existence of this Paragraph C. and the procedures delineated herein will in no way alter or diminish the Company’s authority to ensure proficiency and air safety, nor will this Paragraph C. or the proceedings herein abridge or infringe on a Flight Attendant’s rights under this Agreement.

#### **D. Drug and Alcohol Testing**

1. Flight Attendants experiencing difficulty with drugs or alcohol are encouraged to undertake immediate and effective measures to address such problems voluntarily. While the emphasis is on voluntary treatment, the parties recognize the need for enforcement of reasonable rules for regulating Flight Attendant conduct in the workplace. Recognizing that a Flight Attendant’s misuse of drugs or alcohol not only endangers the Flight Attendant, but also threatens the safety of fellow employees, the traveling public and emergency personnel, it is the policy of the Company and the Union to protect the health and safety of all employees and passengers of the Company.
2. When a Flight Attendant is subjected to testing for drugs or alcohol:

- a. The Company will be responsible for all expenses associated with the testing of the primary sample. If the split sample is tested and tests positive, the Company may seek reimbursement from the Flight Attendant of the actual cost of testing the split sample.
- b. For purposes of worker's compensation coverage only, a Flight Attendant is considered on duty during all time spent performing a required drug or alcohol test and for the time spent traveling to and from the testing facility.
- c. A Flight Attendant will not be required to submit to drug or alcohol testing when the Flight Attendant has been released from duty or during the Flight Attendant's day off. In the event of an accident/incident, or where there is a reasonable suspicion, the Company will notify the Flight Attendant s/he is not released until testing is completed.
- d. Upon request of a Flight Attendant on a form designated by the Company, a Flight Attendant notified of a random drug or alcohol test scheduled at the end of a trip will be paid an additional \$10.00 for such test.
- e. When drug or alcohol testing is conducted at the Flight Attendant's domicile, the Company will either arrange travel to and from the testing facility or will pay AAA mileage at the applicable IRS rate to and from the testing facility.
- f. Out of Domicile Drug/Alcohol Testing

1. When drug or alcohol testing is conducted out of domicile, the Company will arrange travel to and from the testing facility. Transportation vouchers will be given to Flight Attendants. If a voucher is not available, the Company will pre-pay the transportation.

2. When drug or alcohol testing is conducted out of domicile while on an overnight, the Flight Attendant will be provided at least 10 hours of rest, calculated from 15 minutes (30 minutes for International flights) after her/his last flight to 45 minutes before her/his next flight.

g. A Flight Attendant is subject to the Company and DOT/FAA drug and alcohol policy.

## **E. Chemical Dependency Disclosure Policy**

1. Flight Attendants with chemical dependency issues are encouraged to

voluntarily self-disclose and seek assistance. If such Flight Attendant self-discloses prior to being selected for random, reasonable suspicion, or incident/accident alcohol or drug testing, and in accordance with the provisions of this Paragraph E., s/he will be provided the opportunity to seek treatment and rehabilitation. The Company and the Union agree to work jointly in coordinating the services of either the AFA EAP or Company EAP to provide assistance to such Flight Attendants.

2. When self-identifying, the Flight Attendant must agree, in writing, to seek evaluation for chemical dependency, complete any necessary rehabilitation treatment, and comply with all other conditions for return to service established by the Company.
3. A Flight Attendant may self-identify for chemical dependency up to a maximum of two (2) times in his/her employment at the Company.

**SECTION 29**
