Notes:

1. Source: Foreign Worker System (FWS).
2. The table shows the list of employers who received a positive Accelerated Labour Market Opinion (ALMO) by employer province.
3. The decision to issue a work permit rests with Citizenship and Immigration Canada (CIC) and Canada Border Services Agency (CBSA). Not all positions on positive LMOs result in the issuance of a work permit: on average 59.1% of positive LMOs obtain a work permit. In addition, there is an average delay of 105 days between the decision date and the date on which the TFW obtains a work permit and/or enters Canada.
4. Not all TFWs require an LMO to apply for a work permit. A number of exemptions exist, including those provided for in the General Agreement on Trade in Services and the North American Free Trade Agreement.
