

WHY LOCAL?

ALBERTA FLAVOUR FACT SHEET

Alberta Flavour is a place for community and advocacy, where local food supporters come together to share exciting news and innovations in local food production and culture in Alberta. Our network is comprised of farmers, processors, distributors, large institutional organizations and companies, food writers, restaurant owners and chefs, government and grassroots agencies, and other local food stakeholders. The Alberta Flavour community is meant to be accessible, promote community, build connections, and raise awareness of the benefits of local food. There are lots of ways you can get involved with the Alberta Flavour!
