

We can dream bigger.

alberta party

The Alberta Party is a different kind of political party. We believe that our province can be the best place in the world to live. We are passionate about Alberta and its people and we know that Alberta can be even better.

True to our roots, we will do things differently.

The Alberta Party was built through a massive citizens engagement project called The Big Listen, which engaged thousands of Albertans across the province in a discussion about their hopes and dreams for the future. We heard loud and clear that although Albertans are grateful for all they have, few believe that our province has reached its potential. Albertans told us that they want to dream bigger.

The Alberta Party's Five Big Ideas

Inspired by this desire to dream bigger, the Alberta Party brings 5 key objectives to the 2012 election campaign:

- 1 RETHINK HEALTHCARE.**
Albertans can be the healthiest people in Canada.
- 2 RESPECT OUR STUDENTS.**
Albertans can be the best-educated people in the world.
- 3 REIMAGINE OUR DEMOCRACY.**
Alberta can have the most open and transparent government.
- 4 REINVIGORATE OUR ECONOMY.**
Alberta can be the best place to earn a living.
- 5 REINVEST IN OUR COMMUNITIES.**
Alberta's communities can be the best places to live and raise a family.

We believe firmly that all of these objectives are achievable through the collective effort of all Albertans. All we need is the courage and the political leadership to get started.
