Dear Jacob,

I hope this letter, in regard to the upcoming Bureau elections to be held at the ALDE Congress in Athens, finds you well.

For the Bureau election, Momentum Movement wishes to formally nominate and endorse Daniel Berg for the position of Vice-President. I strongly believe that Daniel's vast international network, as well as his familiarity with European policy issues, and first-hand knowledge of grassroots campaigning and party building, would be a great benefit to the ALDE Bureau and to our work together.

Daniel is a key member of Momentum, both as a fellow Executive Board Member, and previously as Director for International Affairs. During the 2019 European Parliament campaign, he contributed to our breakout success as the Campaign Manager for Katalin Cseh, our lead candidate and member of ALDE Team Europe. Daniel was the driving force behind establishing relations with ALDE and its member parties, and oversaw the accession process.

With a background in human rights, Daniel was one of the organisers and orators at the protests in support of Central European University, when tens of thousands of Hungarians took to the streets to stand for academic freedom. He also represented the university as a member of its delegation to the United States Congress, drawing attention to the abuses of the Orbán regime. Currently, he is standing for election in Budapest's II. District as a candidate for district councillor, affording a unique perspective on the highly topical question of regional and local subsidiarity in the governance of the European Union. If elected, he would naturally prioritise his work in the ALDE Bureau over any other duties.

If you have any further questions regarding the nomination, please do not hesitate to contact me. I look forward to seeing you in Athens.

Sincerely yours,
András Fekete-Győr
