

ALDE Party Member Parties Congress and Council delegations, valid for 2018 events

The number of delegates that members of the ALDE Party can send to the Congress and Council are outlined in the ALDE Party internal regulations, an explanation of the delegate allocation system can be found below the delegates table.

Changes induced by elections will be implemented as of year N+1, i.e. in the year after the elections have taken place.

Full Member Parties

Only delegates from full members of the ALDE Party and LYMEC, the delegates of the ALDE Party's individual members and ALDE Party Bureau members, are **permitted to vote** at the Congress and

[1] UD - Cyprus, IL - Portugal and European Party - Ukraine did not run in the last parliamentary elections in their countries / [2] ran as LISTA AMNISTIA GIUSTIZIA LIBERTA

The number of Council delegates for full member parties is calculated as follows:

- every full member party receives 1 base delegate
- parties can gain additional delegates based on their electoral success, which is calculated by dividing the party's vote total in the most recent national election by 500000 and the respective vote share by 10%, if the country has a total population exceeding 250000 inhabitants. The sum of the resulting numbers is rounded, to give the number of additional delegates.

$$1 + \left\lfloor \frac{\text{Vote Total}}{500\,000} + \frac{\text{Vote Share}}{10\%} \right\rfloor = \text{Number of Council Delegates}$$

The number of Congress delegates for full member parties is calculated as follows:

- every member party receives 1 base delegate
- full members receive 1 Congress delegate per Council delegate
- parties can gain additional delegates based on their electoral success, which is calculated by dividing the party's vote total in the most recent national election by a value X, which depends on the total number of votes, and the respective vote share by 3%, if the country has a total population exceeding 250 000 inhabitants. The sum of the resulting numbers is rounded, to give the number of additional delegates.

$$\text{Council Delegates} + 1 + \left\lfloor \frac{\text{Vote Total}}{X} + \frac{\text{Vote Share}}{3\%} \right\rfloor = \text{Number of Congress Delegates}$$

with X =
 100 000 for the first 3 000 000 votes
 250 000 between 3 000 000 and 5 000 000 votes
 500 000 for votes exceeding a total of 5 000 000 votes
