TRANSPORT WORKERS' UNION

POLITICAL PLEDGE

I pledge to stand up for transport workers and transport families in the NSW parliament by:

- Supporting and protecting a system of Safe Rates for all transport workers, specifically NSW owner driver laws known as Chapter VI;
.....
- Supporting job security and decent jobs for bus drivers by making continuity of employment and improved pay and conditions a legal requirement in any successful bus tender;
.....
- Fighting for improved safety for bus and taxi drivers by providing education and training that provides for conflict resolution, self-defence training and support services to assist drivers in the aftermath of a traumatic incident; and
.....
- Supporting a charter of guaranteed safety standards, worker protections and best practice industrial agreements that all tenderers for Government procurement contracts must adhere to.
