

Petition Calling for Improved 311 Bus Services

*To the Honourable Speaker and Members of the Legislative Assembly in NSW
This petition of the people of New South Wales brings to the attention of the House:*

The 311 bus service is *inadequate* and *unreliable*. Services have been reduced since 2001, with daytime services every 30 minutes and evening and weekend services cut to 45 minutes. The 311 bus serves precincts with high population densities, low levels of car ownership, high reliance on public transport and a high proportion of elderly and less mobile residents. Traffic congestion causes problems for the 311 bus; but if more people use buses, there will be less traffic. People will use the 311 bus service if it is regular and reliable.

The undersigned petitioners ask that the Government improve 311 bus frequency and reliability.
