

Petition Calling for Inner City Alcohol & Drug Services

To the Honourable the Speaker and Members of the Legislative Assembly of New South Wales, this Petition of the people of New South Wales brings to the attention of the House:

The community needs an expanded and wider range of detoxification, treatment and rehabilitation services for people with alcohol and drug problems. People need support when they make the difficult decision to take action. People with serious alcohol and drug problems often drift to the inner city and end up living rough, where practical help is vital.

The undersigned petitioners therefore ask the Legislative Assembly to increase funds and expand the range of inner city alcohol and drug services.
