Key Takeaways on HR 1 Per The Heritage Foundation.

- Seize the authority of states to regulate voter registration and the voting process by forcing states to implement early voting, automatic voter registration, same-day registration, online voter registration, and no-fault absentee balloting.
- Make it easier to commit fraud and promote chaos at the polls through same-day registration.
- Register large numbers of ineligible voters.
- Require states to count ballots cast by voters outside of their assigned precincts.

Dear Friends,

Since February 16, the men and women who make up the Republican Committee of Allegheny County have been working with our candidates for municipal offices, school boards, county council, and our judicial candidate team. They have been collecting petition signatures to get our candidates on their respective ballots.

We've had a lot of cold weather and a good amount of snow these past two weeks. Neither have slowed the work or resolve of our committee members, your neighbors, to support these great candidates.

I want to take this time to thank each and every one of these men and women knocking on doors and hosting petition signing events and for the incredible work they are doing FOR ALL OF US!

future of the Republic.

Unfortunately, those words mean something else to Nancy Pelosi and the Congressional Democrats who, on January 4th of this year, reintroduced H.R. 1, The For The People Act. The House passed H.R.1 yesterday along Party lines with NO Republicans voting for it.

This Act is the most blatant affront to American Democracy in decades.

I implore you to take a few minutes and learn more about HR 1 and the Nancy Pelosi Congressional Democrats attack on OUR Democracy by reading the information to the left (or above on your phone).

Thank you for everything you do for the Republican Party,

Sam
