Robinson's Complete Response to  
Tom Wolf's Latest Cash Grab

Dear Friends,

Taxing Tommy has another money grabbing scheme for you! This time, Tom Wolf has his sights set on new tolls on nine bridges throughout Pennsylvania. Included in the list of nine bridges is the Bridgeville Bridge and I-79 interchange in the heart of Allegheny County. As one of the busiest bridges and interchanges in the region, it is obviously a prime target of Tom Wolf's planned cash grab.

**But there is something you can do!**

With this new tolling plan, PENNDOT hopes to raise as much as \$2.2 billion from all nine bridges. That's **BILLION** with a capital **B!** You know what they say folks, a billion here, a billion there, and soon we're talking about real money.

According to PENNDOT's own estimates, this toll will amount to \$1 to \$2 per vehicle.

**But there is something you can do!**

Once he was able to get over his surprise at the proposal, Senator Devlin Robinson (37th District) noted that the selection of these bridges will have a negative impact on our local economies: *"I am deeply concerned about the impact these tolls would have on our regional economy, local residents and safety on other highways as drivers take other routes to avoid tolls. Without input from the public and local elected officials, PennDOT*

*unveiled a plan that lacked any information on the criteria that led to deciding which bridges to toll."*
