**The Alliance Party**

Political Corruption is a major problem. We need Electoral and Campaign Finance reform.

We need a new kind of politician, a citizen legislator; one who serves us with honor and integrity.

**The Alliance Party**

The Alliance Party is the political arm of a nationwide movement to elect public servants who will end corruption, stagnation and partisan politics.

**WHY THE ALLIANCE PARTY?**

America is being threatened by a political process that is failing us and our children. It is not just “fixed”, not just “rigged”, not just dysfunctional – it is dividing us so severely as a people that many of our enemies believe we will rot from within.

We need a new approach to politics:

A new kind of politician – a term limited, transparent public servant who puts Country before Party and solutions before ideology.

We also need a new kind of informed, tolerant, discerning citizen – one who is an “ally” to his or her fellow Americans. A citizen who doesn’t: vote straight party tickets; blindly adopt positions that are mandated by a political tribe; villify other Americans because of differences; seek information from a single source and accept it as fact or truth.

This new needed approach to politics will require changes in behavior from all of us – from elected officials as well as from those of us who elect them.

There is one political party in America dedicated to bringing about these needed changes – the Alliance Party, a political party within a movement.

We are urgently serious about changing America’s political dysfunction. Please consider joining our effort.

**TOGETHER, LET’S STORM THE  
LEGISLATURES WITH ALLIES**

Our republic was designed to have citizen legislators representing us. Since then money, corruption and power in politics has created the professional politician. These do not have our best interest at heart, but rather themselves, the lobbyist and corporate influence that provides their money.

The Alliance Party aims to embark on a campaign to reverse this trend, sending citizen legislators to the state houses and to Congress, as well as local municipalities..

There are three ways you can help do this:

**RUN FOR OFFICE**

**SUPPORT THOSE WHO WILL**

**BECOME AN ALLY**

**We are organizing state affiliates  
across the nation**
