The Alliance Plan for 2020

American politics are stuck in a downward spiral of tribalism and gridlock. This downward spiral will not stop, and it presents an urgent need to step up. The Alliance Party's new strategic campaign will focus our efforts on "**Taking the Legislatures by Storm**" and break the gridlock.

Our republic was designed to have **ordinary citizens serve as legislators** to prevent an elitist group from ruling over citizens of the United States of America. However, that elitist group now controls our state and federal legislatures for their benefit and not for the good of the American people. Yet despite gerrymandering and questionable voter ID laws, this elitist group has not yet taken away our voice. **The power of the ballot.**

Like a storm engulfing the land, the Alliance will **empower the American people to use their ballots** to take back our legislatures. Our campaign is threefold.

First, do you have even the slightest leaning to [run for office](#) or know someone who does? The Alliance is **seeking individuals who want to serve as a new breed of politician**. One who will **serve with honor and integrity**, rather than rule; one who **believes in term limits** enough to limit their own terms; and **those who believe in transparency** in politics enough to be transparent themselves.

Alliance candidates sign a candidate agreement, which is a promise to the American people that the Alliance Party proudly enforces.

Second, if running for office isn't an option for you, please [make a contribution](#) to our Candidate Fund to help candidates who do run. **Money is needed to get on the ballot and to run a competitive campaign.** Financial supporters are the backbone of any good campaign and play a critical role. No amount is too small or too large.

Third, **pledge to "Become an Ally"** and join other concerned and engaged citizens committed to healing America! It is time for the people in a starkly divided nation to unite in an alliance of people who believe **our nation stands strong on liberty and justice for all.**

Allies are a different sort of citizen. **Allies take responsibility for their part in our republic.** Become an ally with Americans across this great land.
