

1.34 MILLION

Australian boys and men experience incontinence.

If you have it, there are limited or no places to throw out incontinence pads and pants.

WE WANT TO:

Get Bins4blokes bins in public toilets Australia wide

Get males who are incontinent to seek help and advice

Help Australia find out how common incontinence is

LINKS TO INCONTINENCE

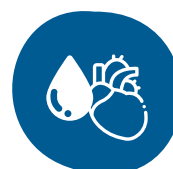

Prostate problems

Cancer

Higher Body Mass Index (BMI)

Diabetes and cardiovascular disease

Intellectual and physical disabilities

Older age

HOW WE'LL GET IT DONE:

537

local governments across Australia

19,000+

public toilets across Australia.

MEN'S HEALTH AND HEALTH PROFESSIONAL ORGANISATIONS INCLUDING:

HOW CAN YOU JOIN US?

Put your hand up by sending us an email to info@bins4blokes.org.au
