Data source and methods

### Incidence

Data source: National

Method: National (or local with coverage greater than 50%) rates projected to 2018

### Mortality

Data source: National (WHO)

Method: National rates projected to 2018

### Prevalence

Computed using sex-, site- and age-specific incidence to 1-,3- and 5-year prevalence ratios from Nordic countries for the period (2000-2009), and scaled using Human Development Index (HDI) ratios.
