(b) forward a copy of the written charge and, after receipt of any reply thereto from the person charged, a copy of that reply, to the relevant State Secretary.
9. (a) At the next ordinary or special meeting of National Council (including a meeting of National Council by telephone hook-up) the charge and any reply made by the person against whom the charge is made shall be considered and the National Council may resolve that:

(i) the person charged be called upon to show cause to National Conference or National Council why he or she should not be removed from office;

(ii) Deleted.

(iii) the charge should be more properly heard by a State Conference or State Council of the Union and, in such case, direct that the charge and any reply thereto be forwarded to the relevant State Secretary so that it might be considered at the next meeting of the State Council and that State Council shall thereupon decide whether the charge shall be heard by itself or by the State Conference;

(v) no further action be taken; or

(vi) that the alleged circumstances giving rise to the charge are more appropriately dealt with under rule 10D of the rules - Breach of Rules.

(b) Deleted.

(c) If the charge in question relates solely to the affairs of a particular State and to a State Official who only holds office that State or representing that State, then the National Council shall remit the matter to the relevant State Secretary to be dealt with by the State Conference or State Council of that State in accordance with this rule, unless the National Council is of the view that the charge cannot be fairly dealt with by that State. A decision that a State cannot fairly deal with a charge may be made by National Council of its own motion or upon the request of the person laying the charge or the request of the person against whom the charge is laid.

No person, other than a member of the relevant body, shall be present after the hearing of the charge whilst the body is deliberating upon its decision in relation to such a charge. A person who is a member of the body hearing the charge and who also proposes to give evidence at the hearing of the charge shall advise the body hearing the charge before the commencement of the hearing and may remain present for the whole of the hearing and may participate in the deliberation and voting on that charge, unless a majority of persons voting at the hearing of that charge (not including the witness in question) resolves that it would not be just or proper in all the circumstances of the case. If the body hearing the charge determines that it would not be just or proper that a potential witness also sits as a member of the body hearing the charge that person may thereupon elect whether to give the proposed evidence or to sit as a member of the body hearing the charge and advise the body accordingly prior to the commencement of the hearing of the charge.

12. National Council may resolve policies as to procedure and matters that may be observed prior to and during the hearing of charges under this rule.

Any decision of a State Council shall be limited to offices held by a State Official in that State or representing that State.

Any necessary fares and expenses involved by those members shall be met by the relevant body.

Alternatively, the State Administrative Committee may seek from the member complaining and the member against whom charges have been made and the members named as witnesses, answers to questions concerning the complaint. In these circumstances the questions shall be supplied at least 21 days prior to the date of the meeting at which the complaint shall be dealt with. If either member is not satisfied with the decision of the relevant body concerning the complaint he/she may then appeal to the State Council.

3. Appeal to Next Highest Body

Members, or State Councils seeking to appeal against any decision or action by any Officer, State Council or by National Council shall submit an appeal in writing to the next highest body in the appeal procedure of the Union, in all cases the appeal shall be dealt with at the next meeting of that body, provided the appeal is received not less than seven days before the next meeting of that body and within four weeks of the decision being made which is the subject of the appeal.

In any such appeal only the written appeal submitted to the previous lower body and its decision thereon shall be considered.

(a) Divisions and States are resourced in proportion to their membership revenue and expenditure;

Any increase in the proportion that the combined national Divisional and Manufacturing Membership Subsidiary Budgets bear to the National Budget over and above the 2008/9 proportion shall not apply to any Division unless a majority of that Division's delegates in attendance at the National Conference votes in favour of the increase.

(d) Following establishment of the targets in (a) and (b) above target levels of expenditure as a percentage of membership income received within each Region of a Division in a State and within the Manufacturing Membership in each State shall be established (“the [name of State and Region or “Manufacturing Membership”] Budget target”) after National Council has considered submissions relating to those Regional and Manufacturing Membership Budget targets from the relevant States and Divisions.

(f) National Council may approve the adjustment of State Budget targets from what would otherwise apply in circumstances where a national Division Budget target can be achieved by a lower Budget target in one State subsidising a higher budget target in another state.

(g) (i) At the end of each year, budgeted income from membership dues and budgeted expenditure will be reconciled. If, at the end of a budget year, a particular region of a Division within a State or within the Manufacturing Membership in each State is left with a deficit, then that deficit must be repaid by that region over a period to be determined by the National Council.
