

ABBOTT'S TRADE DEAL WITH CHINA

**WILL KILL OUR
LOCAL JOBS**

WHAT DOES THE CHAFTA DEAL DO?

FACT

Chinese companies who invest into projects of \$150 million will be able to bring their own workforces to Australia, particularly on construction and resources projects.

FACT

Jobs on projects owned by Chinese companies may not have to advertise for local workers at all.

FACT

Chinese companies do not have to meet the same labour and environment standards as Australian companies - undercutting our jobs and conditions.

**TAKE ACTION:
SAY NO TO THE DEAL:**
