

October 10, 2019

Dear Sheriff Tom VanVleet,

On August 13, we sent you a letter (see below) regarding our petition against Fair Oaks Farm animal abuse. We commended your team for their superior work and fighting animal abuse. To date we have 21,118 signatures from supporters, (see attached,) to shut Fair Oaks Farm down as a result of the abuse. While we would love to end this petition, we are concerned that the men who were observed abusing the calves have not been punished for their despicable behavior. We really need to have an update about the criminal investigation against the alleged abusers. Is there any information you can provide for us to update our supporters regarding the criminal charges and the case?

Thank you. We look forward to your reply.

August 13, 2019

Dear Sheriff Tom VanVleet,

We are Janelle Babington and Penny Eims, animal welfare petitioners, from AnimalVictory.org. On June 6th we launched a petition against the animal abuse at Fair Oaks Farm and asked people to join us in boycotting Fair Oaks Farm, in addition to asking the Newton County Sheriff's Office to investigate and charge everyone involved in these cruel situations. We received 17,581 signatures that we are presenting to you at this time. We are aware of the outstanding warrants

and a few of the people who have been charged and are in custody as a result We would like to commend your department for your superior work.

We will continue to update our supporters about the arrests and findings from your department pertaining to the case.

Once again we commend your superior work and thank you and your department for fighting animal abuse.

Very Truly,

Janelle Babington and Penny Eims
