*Sign a Petition. Save an Animal.*

September 21, 2020

Dear Prosecutor Nina Seiler,

We are Janelle Babington and Penny Eims, animal welfare petitioners with AnimalVictory.org. We created a petition asking for the operators of a suspected breeding operation on property in Madison County, Tennessee, to be punished. Dr. Sarah Beaty, a veterinarian who assisted in the rescue effort at 179 Sanderson Road, stated that she observed a shed full of dead dogs on the property, and noted that the smell was so overwhelming that rescuers had to wear gas masks.

It is our understanding that Sandra Webb, who runs the breeding operation with her daughter, Tabitha, has been charged with animal cruelty before. Though animal cruelty charges were apparently not issued at the time of the raid on this property, we are hopeful that Sandra and Tabitha are now facing charges for running an illegal dog breeding business, and for neglect of the dogs who were in their care.

**Nearly 6800 people have signed our petition** (please see link below) asking for the operators of this cruel operation to be charged and punished.

We look forward to hearing back from you with an update about this case. Thank you for your time and consideration.

Very Truly,

Janelle Babington and Penny Eims
