

# Sign: Vote NO on proposed facility to breed dogs for medical research

Clinton and Jill Kane want to get approval for a permit which will allow them to breed dogs which will be sold for medical research. The kennel, if approved will hold hundreds of dogs - dogs who will eventually live their life in a cage, never knowing the what it feels like to walk on grass, or to enjoy the comforts that go hand-in-hand with being a beloved pet.

Dogs used for research are often subjected to unimaginable pain and suffering - poked, prodded, confined to small cages, force fed and crippled - all in the name of "research." Individuals who breed dogs for research target those who are the most docile (Beagles are the top breed used in research) because they are the easiest to handle.

Many countries are moving away from using animals for research. It is time for the United States to do the same!

Please sign the petition asking the Town of Spring Green to deny the Kane's request; make your voices heard!

If researchers need to have a subject for research purposes, they need to turn their studies on themselves and see how it feels to be scared, tortured, left to sleep on hard or metal surfaces, no love from any human, no chance to find out what is like to run after a ball or frisbee, and worst of all, just looked at as a subject of research and then left to do as a result of the research!!! I pray all of these facilities are shut down and their employees are left think about the inhumane things they have done to all of these

Wie wäre es, wenn sie ihre Kinder für diese "Arbeit" einsetzen? Unverschämt? Ich finde nicht. Versuche an Tieren für Menschen sind Unsinn..selbst Ärzte haben das erkannt und begründet! Sie müssen Menschen für ihre grausamen Tests verwenden, nur dann haben Sie 1. authentische Ergebnisse am Menschen einsetzbar für z.B. die Forschung der Pharmamafia... und 2. können Sie Menschen erklären warum Sie sie foltern...das wäre fair und ehrlich, dennTiere können sich nicht wehren, sie haben nicht den Hauch einer Chance Ihrer Gewalt und der Qual zu entfliehen, der Sie sie aussetzen!! Menschen können das einordnen und sich entsprechend äußern..Wenn Sie viel Geld bieten, gibt es sicherlich ein Klientel aus der Sodomasozene oder andere gestörte Persönlichkeiten die Ihre sadistische Arbeit gerne unterstützen!!! Kucken Sie sich doch mal im Web um! Aber wehrlosen Mitlebewesen, die nicht verstehen was ihnen an Höllenqualen widerfährt, derart wehzutun ist unterste Schublade und ich wünsche diesen Leuten, daß sie erkennen das man nichts tun sollte, was man selbst nicht erleben möchte, erst recht nicht für Geld, denn die Taten kehren zu ihnen in Form von Lebensereignissen und Krankheiten als Antwort zurück und gegen Bezahlung Mitlebewesen zu quälen ist unterirdisch schlecht, gemein und man verwirkt jedes Recht sich Mensch zu nennen. Wir sind nur 2 beinige Säugetiere, mehr nicht! Was wir daraus machen ist derart daneben und Lebensfeindlich und ist nur auf Profit- und Machtgier, Egozentrik und Eitelkeiten gegründet.. wenn wir nicht zu unserer eigentlichen Bestimmung zurückkehren, die uns die Tierwelt komprimiert auf das Wesentliche immer schon vorlebt, geht unser Untergang unglaublich schnell..wir befinden uns mittendrin!</p>

Pauline Crowell	AL	These monsters that are involved in doing this cruel & torture breeding & testing should be put in a lab to be tortured & suffer horrific unbearable pain both mentally & physically. DO NOT ALLOW THIS with the dogs. These humans are becoming so demon possessed. They are repulsive, evil & sadistist. These people have lost all their sense of compassion & caring for all breathing being, whether it is animals or humans. Animals bleed and feel pain same as people. They just can't tell you how much it hurts. These people need to go to one of these research labs and watch how these poor defenseless souls are tortured . Maybe then they would find that compassion within themselves. God did not put these animals here for us to torture relentlessly. They were put here for us to enjoy and cherish. Money is a good thing , but money can also be a bad thing. Compassion is the key. Dogs do not deserve this kind of fate. A dog loves you more than you will ever love yourself.

It has been proven that animal research does not prove anything; other methods like cells, etc. had been used & proven to be very effective when dealing with illnesses or medical conditions. These animal's labs should all be closed forever!!! NO TO THESE BREEDING OPERATIONS OR THESE LABS!!!!!!!
