Sign a Petition. Save an Animal.

Target: Christopher Almy, Assistant District Attorney for Piscataquis County

Dear Assistant District Attorney Almy,

We are Janelle Babington and Penny Eims, animal welfare petitioners with AnimalVictory.org. We recently created a petition asking for Ryan Carleton to receive the maximum sentence for an animal cruelty charge which resulted from his brutal killing of a cat on Thanksgiving Day. The cat that Carleton killed, with a cast-iron pan, belonged to Ryan's dad. It is our understanding that Ryan was invited into his family's home for the holiday, despite a no-contact order being in place.

Ryan Carleton's behavior was violent and unconscionable. **Nearly 17,000 people** have signed our petition (please see flash drive enclosed with this letter along with the link below for signatures and comments,) asking for this man to receive the maximum sentence for his crimes, as well as a ruling to forbid him from ever owning, or being around, pets in the future. This was a sick, cruel act of violence and we hope to see this man put behind bars.

Thank you for your work on this case and we hope to hear back from your office with an update.

Sincerely,

Janelle Babington and Penny Eims
