Dear Prosecutor McGovern,

We are Janelle Babington and Penny Eims, animal welfare petitioners with AnimalVictory.org. We recently created a petition asking for Margaret Allanson to receive the maximum punishment for her charge of Aggravated Animal Cruelty, resulting from deplorable conditions found on her property in Grundy County, Tennessee. To date, **nearly 15,500 people** have signed our petition (please see link for signatures and comments).

A staggering number of dogs, both alive and dead, were found on Allanson's property in January. Tragically, it has been reported that Allanson was responsible for a similar situation on the same property back in 2012. The initial situation did not result in this woman facing prosecution and now she has caused even more suffering and death for the dogs who were in her care.

We, and the supporters of this petition, hope to see Margaret Allanson receive the maximum sentence for her charges, and be prohibited from owning animals in the future. We hope to hear back from you with the status of this cruelty case as it moves forward. If we do not receive a response, we will reach out to your office again. Thank you for your hard work on this important case.

Sincerely,

Janelle Babington and Penny Eims
