*Sign a Petition. Save an Animal.*

February 22, 2021

Dear District Attorney Daniel Fields,

We are Janelle Babington and Penny Eims, animal welfare petitioners with AnimalVictory.org. We recently created a petition asking for 44-year-old Michael Mule to face the maximum sentence for his charge of felony animal cruelty, resulting from his killing of a cat. It is our understanding the Mule twisted the neck of his girlfriend's cat, causing the feline to die.

This was a sadistic act of cruelty which deserves a strong punishment. Attached you will find our petition (see link for signatures and comments) with **over 17,000 signatures** from people who want to see this man put behind bars. This was a heartless act of cruelty which cannot go unpunished. It is a well-established fact that violence towards animals is predictive of violence towards humans. Who will Michael Mule harm next?

We look forward to hearing back from your office with an update about this important case. We will be in touch again soon if we do not receive the courtesy of a response. Thank you for your time and consideration.
