

Punish Mother Who Beat Kittens And Drowned Puppies In Front Of Children

In June, Martha Crouch was arrested by deputies with the San Juan County Sheriff's Office on charges of child abuse and extreme animal cruelty. Some of her children have described a true house of horrors - her daughters allege that they saw newborn kittens beaten to death with a rock or hammer. One child claims that she was forced to watch tiny puppies being boiled to death in the family kitchen. Crouch is accused of putting her daughter's beloved dog into a cage and fatally shooting him.

The allegations against Martha Crouch are horrific and unbelievably cruel. In addition to the claims of puppies and kittens being tortured to death are allegations that children were chained up and beaten. Daughter Alexandria told the [Daily Mail](#): 'My parents are monsters. They are evil people. We were abused repeatedly by our mom and our dad is so in love with her he never did anything to stop her.'

The kids' father, Timothy, is facing a charge of obstructing a child abuse investigation - he denies all of the allegations made by the children. More at the [Pet Rescue Report](#).

Please join us in asking Rick Tedrow, DA for the 11th Judicial District Attorney's Office to prosecute Martha Crouch to the maximum extent of the law for her abuse of her children, and their pets, as well as her husband, for obstructing the police investigation.

These worthless humans should be locked away as long as possible. This is why laws regarding animal abuse should be much stronger. Garbage like this think they can take out their misplaced aggression on helpless animals and get away with it. You can execute them as far as I'm concerned. That would be justice.

This woman needs to serve the max allowable prison time. It must be illegal for her to be in the presence of animals or to own any animals. She also needs to have her children removed from her. She is a danger to society, animals and people alike. Someone that can do something like this does not have the right to have any living beings living with her or being "cared" for by her.
