

Dear District Attorney Boston,

We are Janelle Babington and Penny Eims, animal welfare petitioners with AnimalVictory.org. We recently created a petition asking for social media influencer Brittany Johnson, aka Lovely Peaches, to receive the maximum punishment for the charges she faces for abusing her puppy, Max. Johnson was arrested and charged after the authorities viewed video footage uploaded to TikTok which showed her harming her Jack Russell terrier. The disturbing footage included Johnson forcefully kicking the pup, hanging him from the coat hanger, and spraying him in the face with perfume.

This behavior is appalling and cruel. We, and **over 15,800** of our supporters, hope to see Johnson receive the maximum punishment for the charge of cruelty to animals. We also hope to see Brittany Johnson prohibited from owning a pet in the future.

We look forward to hearing back from your office with an update about this case. We will be in touch again soon if we do not receive the courtesy of a response.

This photo speaks for itself. This is torture! Max was abused and now his abuser must be punished. Brittany Johnson is accused of harming her Jack Russell Terrier in a multitude of ways, including forcefully kicking him, hanging him from the coat hanger, and spraying him in the face with perfume.
