

Another Hunting Dentist Under Fire; This One Accused Of Killing More Than 1,000 Jaguars

The Federal Public Prosecutor's Office ([MPF](#)) has identified Temístocles Barbosa Freire as the dentist behind the slaughter of an estimated 1,000 protected jaguars. Freire is believed to have been poaching protected animals since 1987. MPF has identified the other poachers in the "gang" who are facing criminal action as: Gilson Dória de Lucena Júnior (doctor), Sinézio Adriano de Oliveira Júnior (servant of the Judiciary), Gilvan Souza Nunes (farmer), Gisleno José Oliveira de Araújo Sá (penitentiary), Manoel Alves de Oliveira (electrician) and Sebastião Júnior de Oliveira Costa.

These individuals must be held accountable for their criminal behavior - a lengthy investigation led to the arrest of these men, now they must be punished for the irrevocable harm they have done. Please sign the petition on behalf of the innocent animals who were slaughtered.
