Sign a Petition. Save an Animal.

May 6, 2021

Dear Attorney's John Creuzot, Kathleen Childs, and Felicia Kerney,

We are Janelle Babington and Penny Eims, animal welfare petitioners with AnimalVictory.org. We recently created a petition asking for Sebastian Acosta to be held fully accountable for his cruel killing of two innocent puppies near 2400 Dowdy Ferry Road. On April 9, game cameras captured the moments just before Acosta fatally bludgeoned the two puppies with a log. This is an appalling case of animal cruelty, and **over 21,500 people** have signed our petition asking for Acosta to receive the maximum sentence for the charges stemming from the incident.

We are presenting our petition to you now (please see link for signatures and comments) with the hope that this man will not receive a plea deal for his despicable actions.

We have also included a link from another petition regarding this case with **45,144 signatures**, that I am sure you are aware of, who are also seeking the maximum sentence for the charges. The signatures for supporters as of today collectively stand **at 66,644** and will continue to grow on both petitions.

We hope to hear back from your office with an update about this important case. If we do not receive the courtesy of a response, we will be in touch again soon to see where it stands in the court system. Thank you for your time and hard work on this case.

Very Sincerely,

Janelle Babington and Penny Eims

On April 9, police in Dallas, Texas, arrested a 20-year-old man who is accused of fatally bludgeoning two puppies with a log. The police were able to arrest Sebastian Acosta on a 3rd-degree felony charge thanks to tips from the public.
