Sign a Petition. Save an Animal.

Dear Attorney Kennington,

We are Janelle Babington and Penny Eims, animal welfare petitioners with AnimalVictory.org. We recently created a petition asking for Dr. Tim Richard Logan, of Andrews Avenue Animal Hospital, to be held fully accountable for his abuse of an elderly cat who was being treated at his clinic. Video, which was reportedly taken by a veterinary staff member, reveals extraordinarily rough handling of the cat, including flicking the cat in the mouth, hitting her in the head, forcefully pushing her body down into the metal exam table, and then allowing her tumble to the ground.

This is a veterinarian who is entrusted to provide professional, compassionate care to people's pets - something which this video shows did not happen. We, and **over 16,500** of our supporters, see attached, hope to see this situation fully investigated, and if the facts support the charge of animal cruelty, we want to see Dr. Logan receive the maximum punishment for his appalling behavior, and lose his veterinary license. A person who treats animals in this manner should not be allowed to continue practicing veterinary medicine.

We look forward to hearing back from your office with an update about this important investigation and case. We will touch base again soon if we do not hear back from someone with the current status. Thank you for your time.

Sincerely,

Janelle Babington and Penny Eims

[Veterinarian Facing Cruelty Charge For Allegedly Abusing Elderly Cat](#)

Disturbing video of an Ozark, Alabama, veterinarian's alleged abuse of an elderly cat has left people shaken. The video, which was reportedly taken by a veterinary staff member who was said to be weary of the veterinarian's actions, has sparked outrage on social media. It has also resulted in animal cruelty charges against Dr. Tim Richard Logan of Andrews Avenue Animal Hospital.
