Sign a Petition. Save an Animal.

Dear California Department of Fish and Wildlife,

We are Janelle Babington and Penny Eims, animal welfare petitioners with AnimalVictory.org. We have created a petition asking for exhibitor Steve Martin's Working Wildlife, owner of Tag the Kodiak bear, to be investigated for potential violations of the federal Animal Welfare Act (AWA), and California state regulations. The concerning events appear to have taken place during a John Cox political campaign event in Sacramento, California.

During this event, Tag can be seen in close proximity to members of the public. There is little distance between Tag and people who were present at the campaign event, and if this wild animal chose to charge or swipe at someone, there seems to be little that could have been done to prevent injury to those who were in close proximity.

We hope that your agency will thoroughly investigate Steve Martin's Working Wildlife to determine if violations occurred during this campaign event. We will be in touch again soon if a response is not received from your agency. Thank you for your time.

Sincerely,

Janelle Babington and Penny Eims
