

Six Horses Dead: Shut Down Calgary Stampede Chuckwagon Races

Since 1986, more than 70 horses have died during Calgary Stampede chuckwagon races. In 2019 alone, six horses perished while providing entertainment to stampede festival attendees. On Sunday, three horses had to be euthanized during **one race** after suffering broken bones and life-ending injuries.

Enough is enough. The deadly track has been dubbed the “a half-mile of hell” by the World Professional Chuckwagon Association. Almost every year, horses die during the chuckwagon racing events. We believe it is time for this sad norm to come to an end.

Will you please sign the petition asking for these races to be shut down? The petition will be submitted to officials with the [Calgary Stampede](#), as well as the Canadian Veterinary Medical Association (CVMA).

		What is wrong with people? Horses are beautiful wonderful animals. They are not meant to be worked and raced to death. This happens with alarming frequency. Please stop using and abusing horses with all this forcing of unnatural behaviors for so-called entertainment which is really torture. Please let horses live their lives with their own natural behaviors and with loving care.

I've loved the Stampede since I was a little girl growing up in Calgary. It breaks my heart to hear of animal deaths each year, as though it's a normalized part of the "sport" put on to entertain humans. These horses have no choice, and they are subjected to dangerous conditions and the vagaries of chance during these chuckwagon races. Measures have been taken over the years to improve the safety of the rigs and races, yet still horses die. There is something to be said for abandoning "tradition" for what is RIGHT and humane. Now is that time.

It's astounding how they have no qualms about others seeing the TRUE nature of their being. The main thing they're missing? God sees ALL and God forgets NOTHING, while Karma prepares to repay THEM for their barbaric deeds to INNOCENT animals given to them as a BLESSING, NOT to be ABUSED and EXPLOITED. PERIOD!

Now this must stop in the same way as the Iditarod in Alaska, killing many dogs and cruelty abounds. Why do humans believe they have the right to exploit animals for amusement, competition, entertainment when animals have no choice, often beaten into submission for the 'macho's' of the world and let's not forget one minute of fame, profit and greed.
