Sign a Petition. Save an Animal.

Attn: **Ed Williams, Director of Alachua Animal Control agency.**

We are Janelle Babington and Penny Eims, animal welfare petitioners with AnimalVictory.org. We have created a petition asking for Loren Cava's dogs to be removed from her care.

It is our understanding that complaints against Cava have been made to your agency since 1997. We are also aware that there is an open investigation into the situation at Cava's home.

We, and our supporters, are baffled as to why these dogs have not been removed from Cava's care. An animal control officer with your agency has stated, on video, that he would not allow her to own dogs if it was up to him. And an officer with the Gainesville Police Department stated (on video) that she thinks Cava will eventually kill her dogs. What needs to happen for these dogs to be removed from this cruel situation?

Enough is enough – the dogs in Cava's possession have suffered long enough, and your agency needs to take action to remove them from this troubling situation. We will touch base again soon if we do not hear back from you.

Sincerely,

Janelle Babington and Penny Eims
