Sign a Petition. Save an Animal.

City Hall, Office 215
Philadelphia, PA 19107

Dear Mayor James Kenney,

We are Janelle Babington and Penny Eims, animal welfare petitioners from AnimalVictory.org. Attached you will find a petition which we created on behalf of the Animal Care and Control Team of Philadelphia (ACCT Philly). Conditions at this open-intake animal shelter are dismal and we are asking that enough funds be made available to keep this facility adequately staffed, clean, and in good repair.

ACCT Philly is a huge animal care facility which cares for thousands of homeless pets each year - appropriate funding must be made available to ensure that these animals receive the care that they need, in a clean and safe environment.

Our petition collected 3579 signatures, which we are presenting to you now.

We would love to update our supporters with your feedback about the funding issues for ACCT Philly. Thank you for your time and consideration.

Sincerely,

Janelle Babington and Penny Eims
